

Registered trademark adopted  
April 1, 1888.

The general tendency of Hood's Sarsaparilla is laxative, but in many cases it is not sufficiently so. And in response to numerous demands for some laxative preparation we have compounded Hood's Vegetable Pills, which are meeting with marked favor wherever introduced.

It is a wise custom for every family to have on hand ready for immediate use, some general family physic, and Hood's Vegetable Pills are perfectly adapted and are being widely used for this purpose.

**Invigorate  
the  
Liver**

Being prepared in the light of modern medical science, Hood's Pills are a purely vegetable combination, and

contain no calomel, mercury or mineral substance of any kind. They may be implicitly relied upon as strictly pure, harmless and beneficial.

Hood's Pills are a mild, efficient cathartic, and do not purge, pain or gripe. They act promptly upon that all-important organ, the liver, rousing it from torpidity, and invigorating it to the performance of its natural functions. Thus they cure all derangements of the liver and bowels, and remove obstructions

**Regulate  
the  
Bowels**

from the alimentary canal. To be more specific, Hood's Pills cure constipation, costiveness, biliousness, sour stomach, head-

ache, jaundice, etc. A cold may be promptly broken up by the prompt use of Hood's Pills, and a fever may be prevented by their timely use.

As a Dinner Pill they will be found all that can be desired. They stimulate the

stomach, and by assisting digestion prevent the nausea and distress which so frequently occurs after eating or drinking too heavily. One or two Pills immediately after dinner are usually sufficient to secure the desired result.

Sold by druggists or sent by mail on receipt of price, 25 cents; five boxes \$1.

**The Best Cathartic.**

"For a long time we have used Hood's Pills in our family, and regard them the best family cathartic we know of. Indeed they are the only medicine of the kind we ever use, and we always find them reliable and efficient, acting without any disagreeable effect whatever." FREDERICK PLUMER, Gardenville P. O., Baltimore Co., Md.

**Saved Me a Headache.**

"When I left my shop late Saturday night, after a busy day's work, my head felt badly and I thought I was in for a headache next day. But I happened to think that Hood's Pills had helped me out before, so I took two when I went to bed. The result was a lively stirring up of my liver and bowels, and a clear head to-day. Hood's Pills seem to hit my case just right, and as they do not gripe they leave my bowels in excellent condition. Saving me this headache to-day is worth many times the cost of the Pills." C. W. SHERWOOD, Central Block, Lowell, Mass.

**Hood's  
Tooth Powder**

Is regarded by those who use it as the very best preparation of the kind before the public. It preserves, cleanses, and beautifies the teeth, and hardens the gums, giving them a bright, healthy color. It leaves a cool, refreshing sensation in the mouth, and gives to the breath a pleasing sweetness. It is put up in large bottles, at a low price, every bottle having a neat, patent metallic cap, which avoids waste, keeps the Powder from losing its fragrance, and makes it very convenient to use while traveling. Price 25 cents; mammoth size 50 cents.
