

UNIVERSITY OPENS LARGEST ENROLLMENT IN HISTORY

COUNTRY FAIR TO BE HELD IN MENS GYMNASIUM TONIGHT

Y. M. and Y. W. C. A. Will Give "Get Acquainted" Party for Benefit of Freshman Class

MANY FEATURES PLANNED

Tonight is Country Fair. Everybody is cordially invited and urged to come. Regardless of where or expense the Y.M. and Y.W.C.A. have spent the entire summer in careful preparation for the Country Fair in order that this annual "get acquainted" party may be the most successful one ever held at the University of Kentucky...

The other requirement is that there must be plenty to see when you get there. The Y.W. and Y.M.C.A. have looked after this part of the Fair. Among other attractions will be a fortune teller, Mrs. Minnie Doyle, who

U. K. BAND HAS NEW DIRECTOR

Elmer G. Sulzer, Graduate of DePaul University, Chosen to Succeed Dr. Frank S. McVey, Last Year's Leader

NEW MEMBERS NEEDED

Kentucky's klaxki-band, horn tooters deluxe, and the pace-setters for other musically inclined collegiate groups in the southeast last year, try to "blossom out" this year with a full-time director, Elmer G. Sulzer, a new faculty member of the department of music. Mr. Sulzer comes to Kentucky from DePaul University. The band, following the plan begun last year, met Friday September 17, for pre-school rehearsal in order that the organization may be ready for the opening game a week from tomorrow. All students who play a band instrument are urged to see Mr. Sulzer and arrange for try-out. Freshmen and sophomores receive military science credit for band work and upper classmen will receive credit in music each semester.

It is expected that the band will follow Dr. McVey on some of their trips away from the home gridiron this year. Last year the other users "strutted their stuff" in Chicago, Birmingham, Danville and Danville. Praise galore was heaped on the ones on these foreign fields.

In addition to the football trips which have been planned for the band, an extensive program of radio broadcasting has been mapped out for

To Discuss Question Of House Mothers

Fraternity Representatives Will Attend Conference In Cooperation Among Groups Urged

Representatives from all of the men's social fraternities having chapters at the University of Kentucky will be asked to attend a conference to be called shortly by the dean of men and at which time plans will be made by which fraternities will secure house mothers. At the last meeting of the university the time limit was extended to September 1, 1927 for carrying out the board's decree that all fraternities must have house mothers.

The purpose of this conference, which will be attended by Dr. McVey, Dean Melcher, and fraternity representatives, is to discuss the situation and consider means by which the board's ruling may be best carried out. Especially are the university authorities anxious to have the fraternities cooperate with one another so that

Make Good

Journalism Graduates of Last Year Hold Responsible Jobs

Following the tradition made by many predecessors, the 1926 graduates of the journalism department of the university are already "making good" in their chosen profession. Among those who left the university last June and who are engaged in newspaper work are: Arthur H. Morris, managing editor of The Kernel last year, and now editor of the Corbin Times-Tribune; Jack Warren, business manager of last year's Kernel, now advertising manager of the Coal Field, Progress and Len Tracy, who at athletic celebrity, whose stories in the Lexington Herald are causing considerable favorable comment.

PHOTOGRAPHERS FOR KENTUCKIAN TO BEGIN WORK

Appointments must be Made at Once; No Names To Appear in Book Without Pictures

ASHLAND IS PICTURED

Civil War Epoch Is Depicted and Dedication Is to Henry Clay

The Kentuckian, annual student publication of the University of Kentucky, has just announced that Bill Wolfe, representative of the Northland Studio, will arrive on the campus this week-end, and will begin work on Monday, September 27 for the 1927 annual. The pictures will be taken in the Strother rooms of the new gymnasium, and as the photographer will be here for only three weeks, Dorothy Hiebs, editor of 1927 annual, has made a definite schedule for the students. The first week will be devoted entirely to seniors. Beginning October 4, freshmen and sophomore pictures will be taken. It is advised that each group arrange with the Kentuckian editor a time when all its members may report together to be photographed. Such an arrangement will save a great deal of time and will lessen the danger of some members of each group being left off their page or others, not members, appearing. The seniors are urged to have their pictures made sometime during the coming week, as no senior's name or record will appear in the 1927 Kentuckian unless accompanied by his

CHI SIGMA ALPHA MADE NATIONAL

Formal Petition Granted by August Convention of Phi Sigma Kappa - Local Organized in 1922

INSTALLATION THIS FALL

Chi Sigma Alpha, local fraternity at the University of Kentucky, has been notified of the acceptance of their petition to Phi Sigma Kappa, national social fraternity, of the third of the local chapter will take place early this fall.

The local fraternity of Chi Sigma Alpha was organized in 1922 and the remainder of the year was spent in perfecting the organization. Chi Sigma Alpha's information petition, drawn up last year, was presented and acted upon at the Southern Conclave of Phi Sigma Kappa. Upon receipt of the National Convention, a permit was granted to Alabama, permission was granted to submit a formal petition for action in August, 1926.

As a result, Charles Milliken of the local chapter was sent as representative to the National Convention held at Philadelphia August 26-29. At this convention Chi Sigma Alpha was voted to be installed as a chapter of Phi Sigma Kappa.

Phi Sigma Kappa was founded at

CONVOCATION HELD

Dr. Frank L. McVey was the principal speaker yesterday morning at the first of a series of general monthly convocations to be held at the university this year. The purpose of the meeting was to "get together" and to present, especially to new students, something of the plans and purposes of the university.

Chemistry Building Remodeled For Needs of College of Law

Steadily Increasing Enrollment of Law School Makes Former Quarters in Science Building Inadequate; New Library Will Be One of Most Complete in South

The students and faculty of the College of Law assembled September 22, in the new law college, formerly the Old Chemistry building, to begin the nineteenth session of work. This building has been remodeled to meet the demands of a steadily increasing enrollment and is being devoted entirely to the activities of the law students. The College of Law, like most great things, has passed through a process of growth. It had a humble beginning in a small room on the university campus, but it has grown steadily until now it is one of the leading colleges at the university. Last session its activities in the law students were confined to fire rooms on the third floor of the science building. Now it requires an entire building to adequately accommodate the law students. The enrollment has increased from a very small number to more than 150 students. The Old Chemistry building has been repaired and remodeled during the summer and has been specially equipped to accommodate the law school. It contains classrooms, lecture rooms, administrative offices, a large library, storage rooms and other conveniences. The lecture rooms are furnished with modern equipment and systematic facilities to meet the necessities of class room work in a law school. The library of the College of Law, located on the second floor of the new building, contains over 10,000 volumes. It is one of the best and most complete in the South. The books are

On! On! U. of K. Musical score with lyrics: On On U. of K. We are right for the fight to-day. Hold that ball and hit that line Every Blue and White and well roll to that goal Varsity and well kick pass 'n' run till the battle is won and well bring home the Victory.

"On! On! U. of K." to Be Printed in Band Form; Will Help to Advertise University, Director Hopes

Mystery Solved

Freshman Co-Eds Rejoice As Popular Girls Fail to Appear

Learning that certain freshman girls were annoying the other inmates of Patterson hall constantly by chanting psalms of joy at all times of the day and night, The Kernel assigned its star reporter to the case. Having wandered through the labyrinth of mystery surrounding the matter, the enigma was solved to wit, these ambitious and aspiring young females see now before them vast opportunities for achievements and popularity.

This highway of opportunity was opened to them, "it said by the failure of three of the most popular girls in the university to return to school this year. These are Katherine Brown, of London, who was selected last year as the most popular girl in the university; Dorothy Chapman, of Uniontown, 1926 May Queen, and Mary Leard, of Cynthiana, winner of the R. O. T. C. regiment last year and heroine of the Strother annual play.

Miss Chapman is teaching now and will not return this year but it is said that Miss Brown will return for the second semester. The lecture rooms are furnished with modern equipment and systematic facilities to meet the necessities of class room work in a law school. The library of the College of Law, located on the second floor of the new building, contains over 10,000 volumes. It is one of the best and most complete in the South. The books are

New Strain is Added and Piece Lengthened in Effort to Popularize School Song as March

APPEAR IN PRINT SOON

Kentucky's one and only pep song, "On! On! U. of K.," which is printed above, is soon to be published as a complete band march. The work is being handled by Elmer G. Sulzer, band director, and Prof. Carl Lampert, head of the department of music.

Two new strains have been added to the old arrangement of the pep song in order that the selection will be of sufficient length for band music. The third strain, or trio, of the march will be written to follow the old arrangement of the pep song.

Mr. Sulzer is the author of the new strains to the song. While Professor Lampert wrote the music to the third strain. It is probable that one of the new strains in the march will be taken as a verse for the pep song.

GOODWIN NAMED CADET COLONEL

William Leivensson is Appointed Lieutenant Colonel; Weldon Simpson, Jr., J. H. Felt, Chosen Battalion Heads

CHANGE TENTATIVE LIST

According to an announcement from the military department, Sidney S. Goodwin, of Corbin, a senior in the college of Arts and Sciences, has been named cadet colonel of the university R. O. T. C. regiment during the coming school year. William Leivensson, of Lexington, will be lieutenant-colonel, Weldon Simpson, Jr., of Nicholasville, major of the first battalion, and J. M. Rachel, of Union, major of the second battalion.

Colonel Goodwin is well known on the campus as captain of the 1927 varsity baseball team. Also he is a member of the Chi Sigma Alpha social fraternity and Scabbard and Blade, honorary military fraternity. His appointment is based on his high grade last year and on his exceptional showing.

(CONTINUED ON PAGE NINE)

Religious Department To Be Added to Paper

Each Week Different Clergymen Will Give a Few Religious Comments

The Kernel believing that such a feature would be pleasing to a large proportion of the student body and faculty of the university, has decided to run a short religious discussion department in each issue, inaugurating this plan this week. Under this plan a different minister each week will write a short article pertaining to the Sunday school lesson for the week, or will give a few religious comments.

Bart Peak, secretary of the university Y.M.C.A. is cooperating with this plan in starting this new column and already a number of Lexington clergymen have promised their assistance. Among these are: Rev. J. Bush, Second Presbyterian; Rev. Mark Collins, Broadway; Rev. R. G. Combs, First Methodist; Rev. T. C. Eton, Calvary Baptist; Rev. A. W. Fortune, Central Baptist; Rev. J. Archer Gray, Maxwell Presbyterian; Rev. Roy L. Kleiser, Park Methodist; Rev. W. T. Punch, St. Peter's; Rev. Geo. Reeland, Good Shepherd; Rev. Hayes Parrish, Woodland Christian; Rabbi Theodore Lifset, Jewish Temple; Rev. O. M. Andrews, Centenary Methodist; Dean

Strut Your Stuff

Try-outs for Drum Major To Be Held Tonight

Try-outs for the position of drum major in the University of Kentucky R.O.T.C. Band for the year of 1926-1927 will be held tonight and all students desiring to try out are requested to report to Band Director Elmer G. Sulzer, at his office in the armory, at 7:30 o'clock this evening.

For a number of years Kentucky has had the reputation of having the snappiest and best drilled band in the South, and since a competent drum major lends more to the appearance of a band than any other single factor, the management is especially anxious to secure someone who can uphold the tradition of leading "the best band in the South."

Last year Al Wieman, of Lexington, was drum major of the band which outshone the University of Kentucky organization, and made Centre lead "On! On! U. of K." for the first time in eight years, and it is to be hoped that a drum major may be found to lead this year's band with like success.

(CONTINUED ON PAGE NINE)

Library Gets Books

Bound Volumes of Daily Papers to be "Acre Secured"

Bound volumes of the New York Times and the Louisville Courier-Journal, extending from 1918 to the early months in 1926, have been added to the university library since the closing of school last June. These volumes are open to students for reference work in the reading room on the second floor of the Administration building.

The papers were secured from the library files where they were not accessible to students. They have been placed on special racks near the south entrance to the reading room.

FACULTY ATHLETIC TICKETS

Members of the university faculty may purchase season athletic tickets for the first semester for \$6, according to an announcement made by the athletic department. These tickets will entitle their holder to view all football and basketball games played here during the first semester. Reservations must be made with Mrs. Katherine Lyon, secretary to Professor Boles.

CALL ON THE DEANS

C. R. Melcher and Sarah Blending, deans respectively of men and women at the university, have asked to be notified through this paper that their offices are always anxious to help students in any problems they may encounter. Especially do they invite the new students to come to their offices for advice along the line of any university problems.

"Little Mascot" of 1910 Enters University Engineering College

Sturdy Little Fellow Whose Picture Adorns Pages of Time-Aged Annual Returns to Park and Mater; Father Was Outstanding Member of Graduating Class

Rosy-cheeked, chubby-faced, dressed in blue corduroy trousers, stocking and already a "special K" sweater, and laughingly mischievously as only a healthy three year old youngster can, he posed for the picture. Though he did not guess it, the picture was to appear in the annual of the 1910 graduating class of the university, of which he was official mascot and of which his father was one of the most outstanding members. Today, following in the footsteps of his father, the little sturdy fellow whose laughing face peeps out from the time-aged pages of the "old annual," is enrolled as a freshman in the College of Engineering. The boy is Duane O'Rourke and his father is L. S. O'Rourke, a graduate of the Engineering college in 1910 and who now op-

2,075 STUDENTS REGISTER FIRST TWO DAYS OF WEEK

HIGH RATING IS GIVEN TO U. K. R. O. T. C. UNIT

Names School as Distinguished College Following Review of Cadets and Inspection of Equipment Last Spring

GRADE IS 90.2 PER CENT

Ohio State and Purdue Also Win Honor in 5th Corps Area

The University of Kentucky has been designated a "distinguished college" by the War Department for the first time in its history as a result of the showing made by the cadet corps in the review last May. The inspecting officers, Major Edward A. Stockton, Jr., C. A. C., and Major Thomas J. Johnson, of the General Staff, rated the R.O.T.C. regiment as 90.2 per cent perfect, a much higher percentage than that preceding year, when the rating was 75 per cent.

According to Captain Taylor of the military department, this rating was achieved that distinction because the percentages were not published.

Achieved by Few Colleges

Every year 30 per cent of the colleges in the United States having cadet corps are inspected and a majority of these completed classification. Tuesday brought the number to 2,075. The registration will be possible until October 1, after which time, prospective students will be required to get permission from the head of the departments which they wish to enter before registering.

Upper classmen and freshmen were registered at different periods in connection with the registration. However, it is impossible to compare it with the standing of the other colleges which achieved that distinction because the percentages were not published.

WINS BEAUTY REPORTS STATE

Rumor Spreads That Garland Harris, U. K. Student Last Year, Is Engaged to "Miss America"

COURTSHIP WAS BRIEF

Spreading throughout the city of Tulsa, Oklahoma, and running rampant over the campus of the University of Kentucky is the report that the maid who was elevated from "Miss Tulsa" to "Miss America" of 1926" at the Atlantic City beauty contest is engaged to Garland Harris, a student of the University of Kentucky last year and a member of the S.A.E. fraternity.

Like Helen of Troy, Norma Smallwood has fascinated with her persuasive classical beauty a jury of renowned artists and the beauty-loving east, but in the admiration of a single boy has come her supreme triumph. Harris is Not Returning to U. K. Garland Harris is the son of Dr. and Mrs. Ben Harris of Squella, and although a popular student at U. K. last year he is to enter the University of Oklahoma this fall. Before entering U. K. last fall Harris was a student at the Greenbrier Military School. During the summer he has

Handbooks Are Given To Students by "Y"

Seven Booklets and 164 Pages Are in the Freshman Bible

Seven booklets dealing with various phases of university life as well as furnishing a small diary for daily memoranda, comprise this year's handbook distributed free to students by the university Y. M. and Y. W. C. A. There are 164 pages in this book, the largest ever put out by the campus associations.

The book is dedicated to Doctor McVey, president of the university and attempts to put in concise form general information about the school and matters connected with student life. The handbook is divided into seven books as follows: university; Y.M. and Y.W.C.A.; organizations; publications, scholarships, and prizes; athletics; miscellaneous; and diary.

The staff for the 1926-27 "Freshman Bible" was composed of John R. Bullock, editor, assisted by Wayman Thomason and Lydia Roberts, and Frank Melton, business manager, with James S. Shropshire as assistant.

Rent Practice House

University Secures New Building for Home Economics

An eight room house, located at 162 Bonnie Brae, has been rented at the university for the use of the home economics department. The house management practice work. This house is modern in every respect. Under the guidance of Miss Mary Day the girls in groups of four will live in this house eight weeks, assuming the responsibilities of food preparation, marketing, and all other problems pertaining to the home. Miss Day, the instructor in charge, is a graduate of the State College of Agriculture, Manhattan, Kansas.

ALUMNI EDITORIALS

THE PRESIDENT'S MESSAGE

To the Alumni and former students of the University of Kentucky.

As President of the Alumni Association I extend to you cordial greetings at the beginning of the school year.

I invite you to keep up your interest in the University and no better medium for this can be suggested than through the Alumni Association.

Both the Secretary and I will be glad at all times to hear from you and your activities.

Let us pull together and make this the biggest year in the history of the University.

JAMES PARK

President Alumni Association

ALUMNI DUES

According to custom this issue of the Kentucky Kernel is being sent to every graduate and former student of the University of Kentucky whose address is known to the Alumni office.

Also according to custom this is the only issue which will be sent to those Alumni who have not paid their dues for 1926-27.

At the bottom of this page is a subscription blank which is intended for all those Alumni who have not come into the association for this year.

This small payment entitles each one to a voting membership in the Alumni Association.

MARRIAGES

Miss Sophia Elizabeth Benson, ex '28, and Adrian Terrell, '25 were married April 4 in Nicholasville.

B. Coleman Collis, '23 was married to Miss Helene D. Foster in New York June 22.

Miss Louise Burks, '24, and Charles Graham, '23, were married September 1 in Cave City, Ky.

Miss Mary Elizabeth Crafton, '24, and Haynes Barr, '02, were married in Henderson September 7.

Miss Josephine Evans, '23, was married to Lewis Bachelor in St. Louis.

Miss Sarah Shelby, '26, was married to Joel Baughman Dunn in Danville, July 3.

Miss Frances Ripps, '24, and Wayne Foust, '25, were married at the home of the bride in Lawrenceburg, in June.

Miss Opal Cox, '23, was married to Elmer C. Avant at Des Moines, Iowa, June 19.

Miss Jane Bell, '21, and Clinton K. Hoffman, '26, were married at Georgetown May 30.

Miss Sarah Wolfenden Morris, '24, and John Harding Collins were married in Lexington, June 30.

Miss Mildred Reese, '25, is married to Horace Foutler and is residing in Cynthia.

Miss Ella Pearl Neal, '25 and Glenn Dorrah, '25, are married and are living in Louisville where Mr. Dorrah is studying medicine in the University of Louisville.

The alumni of the University of Florida have launched a campaign to raise \$150,000.

Enclosed find check for \$30, alumni dues, \$50, life membership.

PLANS ARE MADE FOR HOME COMING

Largest Crowd in History Is Expected To Attend State Centre Football Game Here November 20

Arrangements already are under way for the Home Coming day which will be held this year on November 20.

The day when the Wildcats will again defeat the Centre College Colonels.

Anticipating the great number who will want to see the University triumph over Centre on the home ground for the first time in several years, special plans are being made.

While the plans yet are in the embryo stage knowledge of an outline to let every Alumnus know what is being done for his or her entertainment, can be announced now.

The morning still is vacant but it is possible that some sort of program or meeting will be held for a short time in the forenoon.

This probably will be some meeting place for the Alumni to gather and meet old friends and renew old friendships.

The afternoon is all arranged. Everyone who can get in, will meet on St. Field at about 2 o'clock and the problems of the university truthfully.

In short it is for us to "Tell the World" of the University of Kentucky.

Any university of college is known by its alumni and students. It is through us that the University of Kentucky will achieve success or failure.

Let us put the University of Kentucky far ahead of every school in the South.

CLUB REORGANIZATION

Special efforts already have been started to get all the Alumni Clubs back on a functioning basis.

Each and every letter has been sent to the officers of every club that ever has been organized.

Included in the letter sent was a list of all the Alumni and former students living in the territory adjacent to the city where the club had been organized.

Special attention is called to the short notice from S. A. (Daddy) Boles which will be found on this page.

Alumni will have the first opportunity to get seats and boxes for the game but orders will have to be in early.

Harry Bewlay Visitor

Graduate of 1901 Enters Son in University

Harry Bewlay, '01, and Mrs. Bewlay of Akron, Ohio, were visitors in Lexington during the summer.

They were the guests of Mr. Bewlay's father, Dr. Bewlay, of the Lexington College of Engineering in the class of 1901 and since that time has become one of the foremost engineers of the country.

Mr. Bewlay is chief engineer of the Imperial Electric Company at Akron.

Formerly he was with the Western Electric Company and while with that concern invented the three-wire transmission of electric current.

While in Lexington Mr. Bewlay visited the University of Kentucky and entered his son, Harry Bewlay, Jr., in the university. He came to Lexington Monday to begin his studies.

Graduate Is Honored

Keene Johnson, '22, Named Head of Luncheon Club

Keene Johnson, '22, editor of the Richmond Register, a 4 former president of the Kentucky Press Association, recently was reelected president of the Richmond Exchange Club.

Since his graduation from the university Mr. Johnson has been an editor and publisher of newspapers in Kentucky.

Immediately following his graduation he went with the Lexington Herald and shortly after became editor of the Anderson County News in Lawrenceburg.

His success with this paper was so rapid and marked that he soon guided it to the position of one of the best weeklies in Kentucky.

Some time ago he went with the Richmond Register of which he is editor and publisher. Since embarking on a career of journalism he has become one of the foremost newspaper men of Kentucky and the esteem of his fellow townsmen is shown by his election for the second time to the post of president of the Richmond Exchange Club.

FOOTBALL SCHEDULE

Information Concerning Football Tickets

Marville College—Lexington—October 2.

Reserve seats \$1, box seats \$1.50, Indiana—Bloomington—Oct. 9.

Season tickets for games at Lexington are: Reserve seats \$6; box seats \$8. Reservations for any of these games can be made by writing Manager Football Ticket Sales, University of Kentucky, Lexington.

Tickets for out-of-town games can be secured by writing Manager of Football Ticket Sales at place where game is to be played, or by writing Manager Football Ticket Sales, University of Kentucky, Lexington.

W. C. Wilson Resigns as Association Secretary

Raymond Kirk, '24, Will Head Department of Publicity, Alumni Office

W. C. Wilson, secretary and treasurer of the Alumni Association since 1923 resigned from that office July 5 of this year and Raymond L. Kirk, '24, was appointed to fill the place left vacant by his resignation.

Mr. Wilson took over the office of secretary he took it only to hold it until someone could be obtained who could quote his whole life to the work.

At a meeting of the board of directors of the university, held last spring, it was decided to combine the work of the Alumni Office with that of the University of Kentucky.

The secretary of the Department of Publicity and Alumni Affairs of the University of Kentucky. Since this requires the full time work of the secretary, Mr. Wilson resigned stating that his other work would not permit him to give more time to the Alumni work.

Mr. Wilson has long been one of the most ardent Alumni workers, and during the time that he was in office did much toward putting the Alumni Association on the road to a successful and permanent organization.

ALUMNI ASSOCIATION OFFICERS

President James Park, '15, Security Trust Building, Lexington.

Vice President Mrs. Thomas R. Underwood, '19, 1302 Fontaine Road, Lexington, Ky.

Secretary-Treasurer Raymond L. Kirk, '24, Alumni Office.

Executive Committee W. H. Townsend, '12, City Bank Building, Lexington.

Wayland Rhoads, '15, Experiment Station, Lexington.

Dr. George H. Wilson, '04, 183 N. Upper Street, Lexington.

Nancy Innis, '14, 407 S. Mill Street, Lexington.

Dr. E. C. Elliott, ex-'02, Security Trust Building, Lexington.

Alumni Members of the Board of Trustees of the University H. P. Ingles, '14 Wall Street, New York City.

Louis Hillemeyer, Lexington.

E. B. Webb, 643 S. Lime Street, Lexington.

ANNUAL REUNION WELL ATTENDED

Business Meeting, Alumni Breakfast, Trip to Dix Dam, Dinner at Shakertown on Program

NEW OFFICERS ELECTED

The annual reunion of the Alumni of the University of Kentucky held June 29, 1926 was probably one of the best in the history of the Alumni Association.

The day was filled with interesting events beginning with a breakfast in the morning and ending with a trip to Dix River dam and dinner at Shakertown.

Representatives from almost every graduating class since the '90's were present.

The first event on the day's program was a breakfast which was held in the Art Center of the university.

Following this was the annual business meeting of the association. Those who had not voted for the officers for the year 1926-27 were furnished with ballots and voted at the meeting.

The following officers were elected: President, James Park, '15, Lexington; Vice President, Mrs. Thomas R. Underwood, '19, Lexington; Secretary-Treasurer, W. C. Wilson, '13, Lexington; Miss Nancy Innis, '14, and Dr. E. C. Elliott, '02, were elected members of the executive committee of the association.

Owing to the absence of president Dennis P. Smith, J. W. Carnahan presided at the meeting.

Mr. Carnahan spoke for several minutes. His talk was concerning various graduates and former students that he had come in contact with during the last few years. It was enthusiastically received. J. Irvine Lyle, '08, was also one of the speakers at this meeting.

The afternoon was given over to visiting the campus in groups and in get-togethers between various classes present at the meeting.

In the afternoon those attending the reunion motored to Dix River dam, returning to Shakertown for dinner.

The dinner was informal and was given over to renewing of college friendships.

Q. W. CAIN HEADS COUNTY SCHOOLS

O. W. Cain, '23, of Paintsville, who was graduated from both the College of Law and the Arts and Science College, last summer was elected superintendent of the Johnson County schools.

Mr. Cain began the practice of law in Paintsville and had built up a stable practice before he was offered the superintendency of the Johnson County Schools.

Last summer he also was married to Miss Mariana Keaton of Paintsville and they are making their home there.

Alumni dues and kernel subscription are \$3. Send yours in today.

The Pilot's Letter Present Part, II, June 1926 The Parker Pen Company. At 4:30 P. M. yesterday I took off in a five-engine plane from Checkersburg field. When I reached an altitude of 3000 feet I leaned over the side and dropped a Parker Duofold Pen. A few minutes later I was looking over my starting point, and a crowd was examining the same Parker Duofold pen, which had landed on hard ground. To my great surprise, the pen had not been damaged in the slightest by its 3000 foot drop. Parker Duofold Pen with the Parker that drops 3000 feet.

Start School with a Pen that won't break—Dropped 3000 feet! YES, the Parker Duofold Pen was tossed from an airplane at dizzy altitude to test our new Non-Breakable material "Permanite," and landed 3000 feet below—unharmd. Tests such as this are the best guarantees that a pen will last practically forever. For a year we kept secret the fact that Parker Duofold Pens and Pencils have barrels of this new lustrous, beautiful, light-weight Permanite until a whole series of heroic demonstrations proved that it does not break. This black-tipped lacquer-red beauty is not only the smartest, shapeliest pen, but the greatest writing instrument the world has ever seen. Its yielding, super-smooth point is guaranteed 25 years not only for mechanical perfection but for wear. Choose your point and color at any good pen counter. But look with care for the name "Geo. S. Parker" on the barrel—the mark of highest excellence. Parker Duofold Pens match the Pen: Lady Duofold, \$1.00; Duofold Jr., \$1.50; "Big Brother" Duofold, \$4.00. THE PARKER PEN COMPANY, INCORPORATED, 145 WATER STREET, NEW YORK 10, N. Y. BRANCHES: CHICAGO, ST. LOUIS, ST. PAUL, BOSTON, PHILADELPHIA, PITTSBURGH, CINCINNATI, CLEVELAND, DETROIT, MILWAUKEE, INDIANAPOLIS, KANSAS CITY, MEMPHIS, NASHVILLE, OMAHA, PORTLAND, RICHMOND, WASHINGTON, D. SOCIETY NOTES

CALENDAR

Friday, September 24 — College Night at the gymnasium at 8 o'clock.

Alpha Xi Delta

The Alpha Xi Delta sorority entertained with open house for the new girls of the university, at their chapter house on Sunday afternoon from 3 until 5:30 o'clock.

Alpha Sigma Phi

The Alpha Sigma Phi fraternity entertained with a smoker for the new boys at the university, at their chapter house on East Maxwell, Monday evening.

Delta Camping Party

Members of Delta Tau Delta were hosts for a camping party at Tahs on the Kentucky river, from June 6 to 13.

Members of the chapter who attended were:

Warren Price, James Shropshire,

Dudley Capelle, Sterling Kerns, Louis Wachs, Donald McWain, A. E. Fisher, Arville Hickerson, John Bullock, Robert Bullock, Albert Kittinger.

The guests included Misses Anne Louise Singleton, Joy Pride, Thelma Snyder, Virginia Howard, Susan Howard, Bess Sanford, Louise Jefferson, and Annette Harwick.

Mr. and Mrs. William Hickerson were chaperones.

Sims-Brush

The following announcement has been issued:

Mr. and Mrs. W. H. Sims announce the marriage of their daughter

Madge

to Mr. Harold Brush

Tuesday, September fourteenth

One thousand, nine hundred and twenty-six

Covington, Kentucky

The bride is the attractive daughter of Mr. and Mrs. W. H. Simms, of

Covington, and a graduate of Covington high school in the class of 1923. Mr. Brush was a student at the university last year, where he was a member of the Delta Tau Delta fraternity. He now holds a position with the Cincinnati Bell Telephone Company.

After a short wedding trip they will make their home in Covington.

Announcements Issued

The following announcements have been issued:

Mr. and Mrs. Henry G. Hatterick announce the marriage of their daughter

Anita

to Mr. Beatty Earl Caywood

One thousand, nine hundred and twenty-six

Lawrenceburg, Indiana

At home September fifth

Nicholasville, Ky.

Mr. and Mrs. Caywood were accompanied to Lawrenceburg by Mr. and Mrs. Thomas Hendy, of Covington, and were married by Rev. Ira Matthews. They are making their home with the groom's parents. Mr. and Mrs. Bruce Caywood, in Nicholasville.

The bride is the daughter of Mr. and Mrs. Henry G. Hatterick, of 912

east High street, and a graduate of Margaret Hall, in the class of 1925. Mr. Caywood is a graduate of the University of Kentucky, in the class of 1929. They have many friends to offer good wishes.

Underwood Marries

News has come to Lexington friends of the marriage of Mr. Lovell Thronton Underwood of this city which took place September 2, in Shoshoni, Wyoming.

The bride was a student at Hamilton College last year, and a member of the Eta Psi Gamma sorority and the Chi Delta Phi. She was unusually pretty and charming.

Mr. Underwood was a popular student of the University of Kentucky after graduating from the Lexington Senior High school. He was a member of the champion team of the "Blue Devils," prominent in athletics and music at the university and in the Sigma Alpha Epsilon fraternity.

Hughes-Tinsley

Major Leonard S. Hughes, of Evansville, Ill., announces the engagement of his sister, Miss Josephine Hughes, of Georgetown, to Dr. Randall Herndon Tinsley, of Mrayville, Tenn.

The wedding will take place Oct. 12 at 3 o'clock in the afternoon, at the home of Mr. Ben H. Hughes, Georgetown.

Averill-Stevenson Wedding

The following event which was taken from the Frankfort State Journal is of much interest to the friends of Miss Averill in Lexington:

"The First Presbyterian church was the scene of a beautiful wedding last evening when Miss Carolyn Rose Averill became the bride of Mr. George Bruce Stevenson, of Cincinnati, Ohio. Hydrangeas combined with plumosa and clematis formed an aisle through which the bridal party entered the church, and the pews reserved for the members of the two families and close friends were marked off with streamers of white ribbon. Pews set aside for members of the Delta Delta Delta fraternity, of which the bride is a member, were distinguished by the fraternity colors of silver, gold and blue.

"The bride is the eldest daughter of Mr. and Mrs. Marvin Averill. She is a graduate of the Frankfort High school and attended Western College, Oxford, Ohio, and the University of Kentucky. At the latter institution she was a member of the Delta Delta Delta fraternity and active in the social circles of the college."

Alpha Gam Houseparty

Epsilon chapter of Alpha Gamma Delta sorority entertained a group of girls who are entering the university with a delightful houseparty last week.

A bridge and tea at Misses Virginia and Annette Kelley's home on Saturday afternoon proved very entertaining while Saturday evening the sorority gave a house dance to which all the men's fraternities were invited. Sunday evening a dinner at Shaker-town concluded the week-end's festivities.

Kappa Kappa Gamma Entertains

Kappa Kappa Gamma sorority entertained a group of incoming freshman girls with an enjoyable houseparty last week-end.

"A 'Treasure Hunt' on Friday evening furnished a joyous time for the guests participating. A dinner party at the Phoenix hotel followed on Saturday evening at 6:30 o'clock while Sunday afternoon the sorority entertained with open house to the men's fraternities on the campus, in honor of their guests.

Engagement of Interest

The engagement of Miss Sue Elizabeth Humphreys and Mr. Basil Duke Owens, of Mayaville, Ky., and Logan, W. Va., was announced at a luncheon given by Miss Nell Humphreys, the sister of the bride, at her home on the Newtown pike. The marriage will take place October 14.

Miss Humphreys is well remembered on the campus where she was most popular in all activities. She is a graduate of the university.

ADDITIONAL SOCIETY CONTINUED ON PAGE SIX

GRADUATES ARE ASSIGNED WORK

Sixty-Seven Members of Class of 1926 Have Been Placed as Instructors in Schools and Colleges

TWELVE ARE PRINCIPALS

Sixty-seven members of the class of 1926 of the university have been placed as instructors in schools and colleges of Kentucky and other states for the coming year by the placement bureau of the College of Education.

Twelve of last year's graduates are principals of high schools in Kentucky, one is a school superintendent, seven are instructors in normal schools, two have been appointed to positions as instructors in colleges, 19 are teaching home economics, eight began this month as grade school teachers and 29 are teaching in high schools.

Members of the class of 1926 who have been placed and the schools in which they will teach or act as officials this year are as follows:

In a School Position
Principals of schools—F. W. Wood, of Lexington, Sadieville high school; A. M. Setzer, of Lexington, Sandersburg; William Wright, of Louisville, LaGrange city schools; Alex Anderson, of Lexington, assistant principal Ewing high school; Flavius Fosait, of Lexington, Russell city schools; O. H. Harris, of Winchester, Mt. Vernon city school; Roy Knight, of Pleasantville, Bourbon county high school, Millersburg; Neville Pinell, of Frankfort, Glencoe high school; J. D. Williams, of Alexandria, Crab Orchard high school; W. M. Wesley, of Danville, Burgin high school; Stanley Powell, of Lexington, Bridgeport school, Franklin county, and Gordur Pennybaker, of Cunningham, Providence city schools.

Superintendent of schools—L. H. Lutes, of Lexington, Columbia city schools.

Normal school instructors—Miss Ethel Bots, of Carlisle, critic teacher in Eastern State Normal School; Miss Roberta Lee Beck, of Fredonia, Western State Teachers College and Normal School; A. J. Lawrence, of Owensboro, Eastern State Normal School; Miss Inez Luten, of Flemingsburg, Murray State Normal School; Miss Margaret Hunter, of Schreeb, Murray State Normal School; Miss Ruby Rush, of Shepherdsville, Eastern State Normal School, and Miss Ethel Karick, of Walton, Eastern State Normal School.

Home Economics Instructors—Miss Donna Dever, of Lebanon, Lord Baltimore School, Millville, Del.; Miss Elizabeth Davenport, of Lexington, Mayslick high school; Miss Lena M. Coates, of Richmond, Lancaster high school; Miss Evelyn Bosley, of Bowling Green, Mayfield high school; Miss Mary K. Doyle, of Paris, New Albany, Ind.; Miss Rachel Acree, of Crittenden, Horse Cave high school; Miss Lucille Dobbin, of Lexington, West Liberty high school; Miss Nell Chipman, of Falmouth, Lebanon high school, and

Miss Lola McAlpin, of Mayfield, Gary, W. Va.
Graded School Teachers—Miss Thelma Collier, of Paris, Glencoe; Miss Dorothy Moss, of Stanford, Perryville; Miss Dorothy Chapman, of Uniontown; Miss Catherine Cassell, of Lexington, Dry Ridge; Miss Evelyn Rodgers, of Shelbyville, Wolf Pit; Miss Henrietta Forsee, of Owensboro; Miss Alice Thompson, of La Grange, Crestwood, and Miss Ann Delcler, of Lexington, Willbourn.

High School Teachers—James Cammack, of Owenton, Shelbyville; E. H. Dugger, of Littlefield, Tex. Superior, Ariz.; J. R. Welch, of Milton, Camp-ton; Harold Childress, of Houstonville, Barbourville Baptist Institute; Stanley Cundiff, of Columbia, Boston; Jeff Clark, of Lexington, Shelbyville; Miss Margaret Frederickson, of Paris, Owensboro; John Samuels, of Mt. Sterling, Owensboro; J. L. Gabbard, of Orangeburg, Henderson; Miss Helen Hunter, of Nicholasville, Paris; Miss Marian Mitchell, of Nicholasville, Paris; Miss

Mary Faith Huffaker, of Paducah, Junior high school, Paducah; Miss Josephine Moore, of Danville, Stan-ford; Joseph Morrow, of Somerset, Caney Creek; Miss Pearl Martin, of Edgelyville, Carrollton; Miss Elizabeth Moreland, of Danville, Mayslick; Miss Lelia Postge, of Brooksville, Pineville; Miss Pearl Rush, of Shepherdsville, Hebron; Miss Elan Estill, of Owensville, Orlando, Fla.; Miss Katherine Kinchele, of Hardinsburg, Maysville; Miss Mabel Sadler, of Lexington, Lexington; Miss Elizabeth Helman, of Louisville, Spruce Pines, N. C.; Andrew Arnold, of Lexington, Heller; Miss Lurline Cole, of Lexington, California; Roy Newton, of Wilmore, Ferris Institute, Big Rapids, Mich.

College Instructors—William Gil-ber, of instructor in English, Indiana University, Bloomington, and Franklin Hall, of Georgetown, English, Mus-kingum College, New Concord, Ohio.

"You Can't Resist"
the inviting looks of our delicious—
Chocolate Sodas - Malted Milks--
And after you've tried'em - "Oh Boy"
Taste the difference--

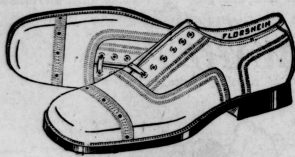

Sodas—
Two scoops of our famous homemade Ice Cream, covered with the new mild bitter sweet chocolate, topped with luscious whipped cream.

Malted Milk—
Two dippers of rich ice cream. Lots of pure, fresh sweet milk, mild bitter sweet chocolate, whipped cream and candy wafers.

STATE WELCOMES YOU

To you who are just entering upon your university career, the University of Kentucky extends its warmest welcome. It rejoices that you have selected this as your college and sincerely hopes your sojourn here may be one filled with pleasure and profit.

To you who are returning to the university to spend another year within its academic walls, "Old State" greets you as a friend gone but now returned. It is its wish that the pleasant associations of last year and before may continue and increase.

To you professors who are new at the university and to you who have taught here before, the university and the whole student body extend their greetings and trust that you may enjoy a year of happiness and service here during the term of 1926-1927.

To one and all the King extends its greetings and expresses its hope that all may be one big family, that there may be a spirit of friendliness and helpfulness between faculty and students and among themselves, and that all connected with the institution may work together to preserve the good name and bring additional honors to the University of Kentucky.

NO ADVICE TO FRESHMEN

Tradition demands, it seems, that in the first issue of our school publication there should be an editorial of advice to the members of the incoming freshman class. The Kernel is not and has no desire to be considered iconoclastic in its principles, but it is unconventional enough to eliminate this feature of the average school paper.

When a student matriculates at the University of Kentucky he does so not as a baby, nor a child, nor yet as a high school boy, but as a man. And as such he is treated. He is old enough to know what is right and what is not, and he is intelligent enough to make up his own mind.

If a student wishes to loaf and dissipate in college he will find here ample opportunities and plenty of comrades. But if he desires to work zealously, to study and utilize to the best advantage his time in college, he will find encouragement both from his instructors and from the majority of the student body. His time is his, no one will hold a club over his head to make him use it wisely. But if he fails in his scholastic work, if he weakens morally, or if he fails to reach the goal of success in college, it is his own fault for every opportunity for succeeding is at his disposal.

The university hopes that every freshman will make good. It is to the members of the class of 1930 that the university will look for much of its support in the next four years. It is on them that will depend much of the university's reputation. What honors them, honors the university but what disgraces them disgraces the university. The institution knows that its confidence in them will not be betrayed by the members of the class of 1930.

ANOTHER GOAL REACHED

For years a group of men on the university faculty have dreamed of a certain ideal they would some day realize. For years and years they have toiled long and hard to reach the goal which seemed like a miraged lake on a desert, ever to recede in the distance of time. Yet they were not disheartened and finally this last term their years' efforts were crowned with brilliant success when the University of Kentucky was designated as a "distinguished college" by the War Department at the close of school.

This honor received by the Military department seems to The Kernel a signal one and one well merited by the department. The Kernel has always admired the spirit of the department in its eagerness to cooperate with the student body and the other departments of the university in all undertakings that it thought would advance the interests of the institution. Again The Kernel congratulates the Military department on this honor so justly deserved and trusts that it will be an incentive to even greater achievements.

KENTUCKY'S ADVANCING ALUMNI

It has been said that an institution is no stronger than its alumni. It is to its graduates that a university looks for much of its support; it is on their achievements that much of its reputation is built.

At the University of Kentucky a forward step has been taken by the alumni association this year in employing for the first time in its history, a full-time secretary and treasurer. The man selected for this position is Raymond Kirk, a member of the class of 1924 and one particularly qualified to hold this position. Mr. Kirk has had considerably journalistic experience and the alumni page in The Kernel this year promises to be most interesting to those who have attended this institution in past years.

The Kernel congratulates the alumni association on this forward step and wishes Mr. Kirk the maximum of success in his new position. It trusts that alumni over the nation will realize the opportunities offered them through the association for helping their alma mater and through it the great commonwealth of Kentucky and the United States of America. The Kernel is confident that loyal alumni will respond heartily to the clarion call of the association.

Girls Beat Boys!

Women Students of University of Kentucky Again Lead Men in Scholarship; Complete Scholastic Record Is Issued by Dean of Men

Women students of the university again proved themselves scholastically superior to men students, according to the second semester scholarship report recently issued by the office of the dean of men. Women students made an average standing of 1.65 as compared to 1.57 for men. The all-student average was 1.66.

Among the sororities Alpha Delta Theta was first with 1.86 with Kappa Delta second. Alpha Gamma Rho and all the men's social organizations with 1.58 while Delta Tau Delta was second. In nosing out Delta Tau Delta for first place the agricultural boys presented that fraternity from winning the Y.M.C.A. scholastic cup for the third consecutive semester.

One of the most noticeable features of the second semester scholarship report was the unusually high standing of the university's 44 letter men. Their standing of 1.54 in being considerably higher than the all-student average seems to prove that at the University of Kentucky at least, the prevailing opinion that athletes are poor students is false.

The complete report issued by the dean's office giving all general averages as well as social, honorary, and professional fraternity standings is as follows:

General		
Name	Standing	
All students	1.66	
All women	1.65	
All men	1.57

pital days I used to see any number of cases of sunstroke, but I am confident that it was the heat rays and not the chemical rays which did the harm.

"It must be borne in mind that the active rays are just about as active in cold weather as in the hot days of summer. If they were to be feared in the hottest season, they would be almost as much to be dreaded all the year around.

"Some folks go without hats because they think the sunlight will stimulate the growth of hair. About all it does to the hair is to fade it.

"Baldness is due, in most instances at least, to poor circulation. The heart does not send the blood in forceful stream to the most distant parts of the body. The hands and feet are cold, and the blood vessels are pressed upon the feeble blood current is cut off, almost entirely.

"You may wear a hat in safety if your dealer will permit you to select a light one of ample size. Having purchased it, don't pull it down on your head as if you were a pickpocket under pursuit."

How to Start the Year Write

"Lou" (or "Lucy"), said the venerable Dean to the very young person beside his desk, "the very best start you can make in college is to get yourself a fine new fountain pen. Nothing like it for lecture notes, required readings, memoranda. Provided it's dependable. Now this one, I myself have used for a college generation!"

The dear old Dean might just as well have said, "Go get yourself a Wahl Pen." For there is no fountain pen that's more of a help in any course—it writes like a charm, it holds more ink, it fills up in a jiffy and refills clean—and it's the most dependable of all.

Romp over to the Wahl Pen and Eversharp counter now, and get

yourself the Wahl you like. All styles there—slim, thick, long, short: every one of 'em holding far more ink than other pens that look much bigger. Nice looking, too: solid gold or sterling silver, gold or silver-filled, red, black, or mottled rubber. Exactly the point that suits your hand: stiff or flexible, fine, medium, stub, oblique or Wahl Standard Signature—all in iridium-tipped solid gold.

From cap to nib, a Wahl Pen's practically indestructible. One bought now will last you all through college and the first six jobs beyond.

33 to 37 for the silver or rubber \$6 and Northward for the gold

Four-mile belt conveyor—the longest in the world—installed in a Pennsylvania mine for transporting coal from mines to river barges. Electric motors operate this conveyor.

90,000 Wheelbarrows in one hand
A button is pressed. An electric motor goes to work, followed by another and still others until twenty sections of a belt conveyor four miles long are in operation!

Through an abandoned mine runs this giant wheelbarrow carrying nine thousand tons of coal per day in a steady stream from the miners to the coal barges on the Monongahela River. One man controls it with no more effort or concern than pressing a switch button. Electricity pushes it.

Not only conveyor belts of all sizes, shapes and kinds, but also hoists, tractors, cranes, elevators, stackers, locomotives, and other material-handling equipment have gained flexibility, dependability, and ease of control through electric motorization.

Moving things in one way or another is the educated man's work in life. And electricity, ever at his command, is moving more and still more of the things which move this new world of ours.

The General Electric Company has devoted years of study to material-handling and transportation problems. In its own vast plants the handling and moving of materials and products have been simplified to the highest degree, thus providing a daily demonstration of the value of electricity.

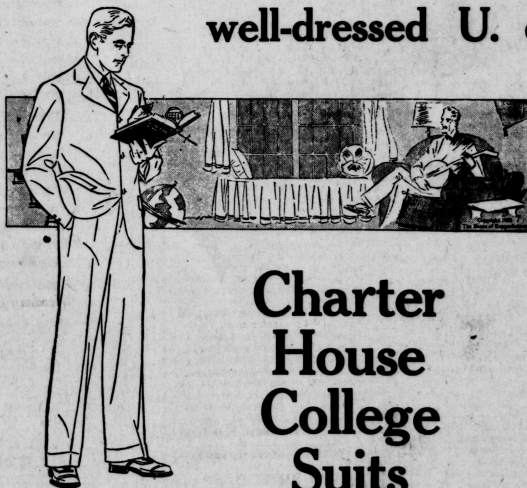

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GE-K-1.

ADDITIONAL SOCIETY NOTES

Alpha Sigma Entertain... Among the pleasant social events of the past week was a smoker given by the Alpha Sigma Phi fraternity Thursday evening, September 16, at their house, followed by a party at Joyland.

Dingus-Allen Wedding... Miss Alva Dingus and Mr. Norman Allen were married July 31 at the home of the bride at Louisa, Ky. Mrs. Allen was formerly a student at Berea, Ky. Mr. Allen, who is a native of Hazard, Ky., was a student at the university last year and was state editor of the Leader. He has accepted the position of editor of the Big Sandy News at Louisa where the young couple will make their home.

Pardon-Bunch... Mr. and Mrs. L. C. Pardon announce the marriage of their daughter Alice to Mr. Marion E. Bunch Saturday, September eighteenth. One thousand, nine hundred and twenty-six.

Delta Tau Delta fraternity... The Delta Tau Delta fraternity is holding a luncheon at the Phoenix hotel Thursday at 1:30 o'clock, a party at Sunset, Friday evening, and a smoker given at the fraternity house on East Maxwell, Saturday evening proved a charming way of making the freshmen welcome.

Delta Epsilon chapter... Delta Epsilon chapter of Delta Tau Delta was hosts at a dinner at Shakerston, on Monday evening, September 13, in honor of a number of boys who are entering the university this fall.

Kappa Sigma... Beta Nu chapter of Kappa Sigma entertained with a series of delightful parties in honor of a number of incoming freshmen.

Phi Kappa Tau... On Thursday evening Phi Kappa Tau entertained several new students of the university with a dancing party at Joyland. On Friday afternoon a luncheon at the Lafayette hotel was given in their honor and Sunday a dinner given at the fraternity house was enjoyed by alumni, active members, and rushers.

Alpha Tau Omega Entertains... On Monday evening at 6:30 o'clock Alpha Tau Omega entertained a number of new students of the university with a banquet in the Palm room of the Phoenix hotel.

Delta Chi... The members of the active chapter of Delta Chi were hosts at a smoker given Monday evening at their chapter house on East Maxwell. The chairman proved to be a delightful way of welcoming the new boys entering the university this fall.

Camping at Cheerie Lodge... The Alpha Xi Delta sorority of the University of Kentucky entertained with a camping party at Camp Cheerie lodge on the Kentucky river.

Camping Party Given... The members of the Delta Delta Delta sorority of the University of Kentucky were hosts for a week's camping at Camp Cheerie lodge on the Kentucky river. The week was a most enjoyable one. The dance given Tuesday evening was a delightful affair and was attended by a number of Lexington young people.

PERSONALS AMONG THE FRATS... Miss Lurline Bronaugh, a graduate of '26 and a member of Alpha Gamma

ELEVEN FRATS CHANGE HOUSES

Moving Epidemic Assails University Greeks Who Swap Homes, Build New Ones and Search City

OTHERS REPAIR DOMICILES

Several fraternities and sororities have changed their locations during the summer. A few have remodelled their homes and others have purchased new houses.

The Alpha Gamma Epsilon fraternity has moved into the former Pi Kappa Alpha house at 273 South Limestone.

The Alpha Sigma has been located since last June in their new home at 433 East Maxwell street.

The T. O.'s have remodelled the same house they occupied last year.

The Delta Tau Deltas have moved from South Limestone street to 266 Lexington avenue.

The Pi Kappa Alpha now occupy the house on the corner of Rose and Maxwell street which they purchased last spring.

The S. A. E.'s painted and remodelled the house at 229 South Limestone which they occupied last year.

The Pi Kappa Taus have moved into the house at 277 South Limestone street, lately vacated by the Delta Taus.

The Sigma Beta Xi fraternity is now located at 239 South Limestone street. They purchased the home last spring.

The Sigma Chi is building a new house. It will be completed in October or November.

The Alpha Xi Deltas have moved from Limestone street to 129 East Maxwell street.

The Chi Omegas have moved into the house next door to the one which they occupied last year.

The Tri Delta house will be located at 355 Winden Walk.

The Delta Zetas will occupy the house at 315 South Limestone street which was formerly occupied by the Alpha Xi.

The Kappas have remodelled and painted their chapter house at 118 East Maxwell street.

Alumni dues and Kernel subscription are \$3. Send yours in today.

A number of English people are agitating for an English motto for the city of London.

The British Museum in London, which includes the British Museum of Natural History is undoubtedly the largest institution of this kind.

Kappa Alpha... Kappa Alpha entertained with a dinner dance Saturday evening at the chapter house on Linden Walk in honor of the new boys entering the university this fall.

Kappa Delta... The house was beautiful with many fall flowers and the decorations were carried out in the fraternity colors.

Kappa Delta... Among a series of parties given for the new students at the university by Kappa Delta sorority were a luncheon, bridge and a house dance.

The luncheon bridge was given on Saturday afternoon at Shakerston Inn and the dance at the chapter house on Saturday evening.

The parties terminated with an afternoon reception at the sorority house on Sunday.

The following articles appeared in Lexington papers during the summer:

Camping at Cheerie Lodge... The Alpha Xi Delta sorority of the University of Kentucky entertained with a camping party at Camp Cheerie lodge on the Kentucky river.

Those who attended were: Misses

Louise Atkins, Dorothy Hubbard Lyda Anderson, Jennie Mahan, Louise Broadus, Alice Blandford, Anna Welsh Hughes, Alice Knoble, Mary Lewis Marvin, Edith Moore, Nancy Wood Chenault, Elizabeth Williams, Dorothy Blatz, Geraldine Cosby, Elizabeth McCall, Mary Paul, Polly Doolin, Elizabeth Love, Dorothy Schenk, Mrs. C. L. Warren, Mr. and Mrs. Richard Crutcher, Messrs. Tom Coons, Rudy Boyd, Buddy Todd, George Kavanaugh, Charles Blatz, James Simpson, D. Wood, Jara, Dave Knobel and Mrs. Bessie Cosby were chaperones.

Camping Party... Members of the Sigma Alpha Epsilon fraternity were hosts for a camping party at Idlewild on the Kentucky river, from Sept. 8 to 15.

Members of the chapter who attended the camp are Messrs. Ralph Coonell, Thomas Armstrong, Henry Lee Woods, Rice Green, Frank Phipps, Gayle Mohney, J. L. Darnay, Newton Neal, Edgar Higgins, Kyle Whitehead, Lon Rogers, Paul Porter, Frank Brown, Henry Lewis and Beverly Waddell.

The guests included Misses Betsy Bennett of Richmond; Henrietta Blackburn, of Frankfort; Susie Mitchell, of Henderson; Bessie Benton, of Winchester; Willy King, of Lexington; Anna Bessie Abbott, of Henderson; Mr. Joseph Denham and Mr. Donald Whitehead, of Harlan; Shelby Sanford, of Richmond; Paul Rice, of Paris, and Stanley Milward, of Lexington.

Camping Party at Cheerie Lodge... The Alpha Delta Theta sorority of the University of Kentucky entertained with a camping party at Cheerie lodge on the Kentucky river, at Clifton from Friday, September 10, to the 17th.

Mrs. Anne Neal and Mrs. Ellie Gooch were the chaperones.

Friday evening the sorority gave a special dance at the camp.

The members who were in the camping party are:

Misses Margaret Gooch, Jane Gooch, Virginia Bocoock, Mary Chiles Lovins, Halle Day Beck, Emma Newbauer, Nell Farmer, Virginia Robinson, May Louise Norman, Frances Stevenson, Irene Cullis, Lela Cullis, Mary Susan Renaker, Bee Worthington, Hazel Hughes, Irene Brummette, Margaret Cole, Sarah Cole, Elizabeth Brutt, Margaret Ellie, George Moore Smith.

Festivities for House Party... The Kappa Kappa Gamma sorority of the University of Kentucky entertained with a week-end house party at the chapter house on East Maxwell street, beginning Friday afternoon, September 10, and closing Monday morning. The rushers of the sorority were the guests of honor.

The order of the event was as follows: Friday evening a dinner was given followed by a treasure hunt. Saturday the guests were entertained with luncheon at the Phoenix hotel. Saturday afternoon Miss Virginia Boyd was hostess for a tea at her home. Saturday evening a progressive dinner party was given.

The first course was served at the home of Miss Elizabeth Wood, on the Bryan Station side. The main course was served at the home of Miss Katherine Best and the salad course at the home of Miss Margaret Thompson and the last course at the home of Miss Emily Coleman, on the Winchester pike.

Sunday afternoon the sorority entertained with an open house for the men of the university. Dinner was served Sunday at the Nixon.

Miss Elliott and Mr. Nixon marry... The following announcement was sent from Pikeville:

A wedding of prominence occurred here Monday when Miss Elizabeth Elliott, daughter of Mr. and Mrs. Robert Elliott, was given in marriage to Mr. Jesse Carlyle Nixon. The nuptials were held at the home of the bride's parents which is across the river from Pikeville.

The wedding was a quiet but attractive affair. The home was decorated in garden flowers carrying out the color scheme of white and gold. The Rev. M. B. Miller officiated at the ceremony.

The bride is from one of eastern Kentucky's leading families. Her father is a successful teacher and farmer, and her mother, Mrs. Jennie Wells Elliott, ranks among the foremost teachers in Kentucky.

Miss Elliott, together with her parents, returned from Lexington last year after making her residence in that city for several years. She is an honor graduate of Transylvania College and took graduate work at the University of Kentucky.

The bridegroom was formerly professor of mathematics at the University of Kentucky and at Purdue University. He is now taking graduate work at the University of Chicago.

The young couple left immediately after the ceremony for a trip following which they will go to Chicago where they will make their home.

Camping Party Given... The members of the Delta Delta Delta sorority of the University of Kentucky were hosts for a week's camping at Camp Cheerie lodge on the Kentucky river. The week was a most enjoyable one. The dance given Tuesday evening was a delightful affair and was attended by a number of Lexington young people.

The members of the party were: Misses Nancy Jones, Helen Bond, Alice Young, Frances Summers, Evelyn Wright, Amelia King, Ruth Kehoe, Frances Malby, Laura Dunn, Hazel Champ, Jean Cobb, Mabel C. Graham, Margaret Jones, Marie Beckner, Dorothy Baker, Virginia Reeves, Betty Worth, Martha Ball Edson, Martha Terhune, Margaret Hill and Frances Calder.

The chaperones were Mrs. Burton Stapp and Mrs. Ellie Guthrie.

BUILD NEW SHOP FOR ENGINEERS

Modern Classroom and Laboratory Is Constructed for the Department of Automotive Engineering

IS READY FOR USE NOW

Among several new buildings constructed on the university campus this summer, one of the most important is a modern classroom and laboratory just completed which will be used by the department of automotive engineering.

This building is being equipped modern and according to David N. Singer, head of the department of automotive engineering, will compare favorably with shops of its kind in the larger eastern universities.

The building is two stories in height and is 30 by 80 feet in dimensions. The upper floor is light and pleasing in appearance. It will be used for lecture and demonstration purposes. Its equipment will include products loaned by different automobile manufacturers such as General Motors, Studebaker, etc. Here sophomore and junior engineers will receive an intensive course of study concerning the latest developments in auto mechanism.

A Liberty aeroplane motor will also furnish an interesting part of the equipment.

The downstairs room will be used for laboratory purposes and is equipped with the newest laboratory machinery. Here the latest developments in the industry will be studied and experimental and research work done. Hereafter no repair work on cars will be done, according to Mr. Singer.

According to Mr. Singer many graduates of this department of the College of Engineering have entered the automotive engineering field and many have already achieved brilliant success.

Alumni dues and Kernel subscription are \$3. Send yours in today.

Delta sorority, has returned from a trip abroad.

Miss Mildred Poole, who was formerly a student of the university and member of Alpha Gamma Delta sor-

ority, will attend the Schuster Martin school in Cincinnati this winter.

Mr. Frank Derrick, a graduate of '26 has been appointed a teacher and assistant coach of Newport high school.

Jasper Reed McClure, James Reed and Thomas Brooks, of Bellevue, Ky., were guests in Lexington during the summer.

Stanley Courtney, of Cynthia, who attended the university several years ago, will return to school this fall.

Frederick McClane and Bruce Fields, of Newport, were guests of the Phi Kap chapter while in Lexington during the summer.

James Ewing, of Louisville, a former student at the university, will attend Virginia Military Institute this fall.

Elmore Voszmejer, who was graduated from the university last June, is engaged in the insurance business in Newport, Ky.

Robert Grooms, another graduate

of last year will be connected with a law firm in Birmingham.

J. D. Kearney, of Morganfield, will return to school after a nine months absence.

Lucian Farra, who is connected with the New York Stock Exchange at the present time, was a visitor in this city for several weeks during the summer.

John C. Riley, a graduate of '25 is still in South America, but expects to return here in time for the Pi Kappa camp next spring.

Jack Warren, former business manager of the Kentucky Kernel, is managing "The Coal Field Progress," of Norton, Va.

Hosie Toler will be connected with a firm at St. Louis during the coming year but expects to return to school in '27.

Messrs. Dick Tyler and Loren Seiferman, of the University of Cincinnati, were visitors at the Pi Kap house recently.

Miss Edith Thomas, a member of

the Zeta Tau Alpha sorority, spent several weeks on an extended tour of Arkansas during the summer.

Miss Nancy Mary Wilson, another member of Zeta Tau Alpha sorority, spent the summer at Olympia Springs.

Miss Elizabeth Wood, a member of the Kappa Kappa Gamma sorority, spent Labor Day with Miss Lucy Hagan, of Covington.

Miss Julia Halley, of Chicago, who was formerly a student at the university and a member of the Kappa Delta sorority, is visiting relatives in Lexington prior to returning to Chicago, where she will attend the Chicago Art Institute.

PERSONAL

Mr. Leonard Tracy, the son of Mr. and Mrs. Stuart Tracy, who graduated in June from the University of Kentucky, has been with the Herald-Post, in Louisville during the summer. He has recently joined the new staff of The Lexington Herald.

Welcome Back To School. WE are just as anxious for you freshmen to drop in to our store and get acquainted as we are for the upperclassmen to re-new old friendships. BAYNHAM SHOE CO. East Main—Near Lime

WELCOME STUDENTS. School Wardrobes For the Junior Miss Who Would Be Smartly Dressed. Entrance exams in academic subjects may loom important on the horizon of the incoming freshman—but her first and most severe exam is her appearance. Mitchell, Baker & Smith. "The Quality Department Store"

HOWDY! COLLEGE MEN!

We're glad to see you back in Lexington

We will have to admit that old Lexington seemed a bit quiet during the summer months when you were away and again we'll say "We're mighty glad to see you back again."

If at any time you wish to use our store conveniences, either "The K Shop" or the main store, just come on in and make yourself at home---you're always welcome.

-- Our Position --

When it comes to style, quality, snap and everything that "hits the mark" with the College Man—we're proud of the position we hold in this community. We always will be known as the store with the newest things.

You'll be sure to like the new Fall Braeburn Styles

They're styled the real "college way"—three button single breasted—six button double breasted— all short coats. They're "plenty hot" and we would like for you to see 'em.

STOCK PAVILION IS CONSTRUCTED

Modern Brick Building Replaces Old Frame Structure Which Was Destroyed by Fire Last Winter

USED FOR MANY PURPOSES

One of the outstanding works of the department of buildings and grounds this year has been the erection of a brick stock pavilion, for the Agriculture College, replacing the wooden structure destroyed by fire early in January of last year. The brickwork on this building was May, and the building was thrown open for occupancy during the American Convention of Veterinarians. The new pavilion measures 124 feet and is 124 feet long by 65 feet wide, with 37 feet to the ridge.

Can Be Used in Bad Weather
The new structure is arranged so that several activities can be carried on at the same time and an unusual feature of the building is that stock can be housed under the eaves in the area if rainy weather prevents the exhibit from being held in the open.

The main purpose of the stock pavilion is for classroom work, recitations, judging, etc. One of the future possessions of the Agriculture College is a stock exhibit known as the "little international," and it is a small duplication of one of the Chicago animal shows. Other activities include reading, poultry shows, and sheep and cattle day, veterinary science meetings, etc. The largest meeting of the year is Farmer's week, and the meeting will be held in this building. A kitchen is furnished in the pavilion which accommodates the guests and is operated by the home economics department.

Has Large Seating Capacity
The judging arena, used for the judging of livestock is 30 by 65 feet and is covered with tan bark. There is room to seat about 500 persons on each side of the arena. One classroom is 30 by 38 feet, with a seating capacity of 150 students, and a smaller classroom is estimated to be 30 by 30 feet. The large assembly room upstairs is estimated to be 50 by 48 feet.

Ample room has been provided for office space, and rest room facilities. An overhead track will soon be purchased for the purpose of hanging

beef carcasses judged by students, and used by meat demonstrators during former week. Animals are judged on the hoof and in carcass.

NATIONAL FRATERNITY ACCEPTS LOCAL GROUP

(CONTINUED FROM PAGE ONE)

Massachusetts Agricultural College, Amherst, in 1923. At present there are 45 active chapters. The members of the Chi Sigma Alpha are: E. E. Abbott, R. M. Atchinson, J. K. Baldwin, E. W. Bush, O. A. Beatty, H. Ekers, R. J. Griffin, S. S. Goodwin, F. N. Hendon, W. J. Jones, L. P. Macdary, C. S. Milliken, E. Puryear, J. W. Ramsey, S. W. Royce, E. Threlkeld, E. Terrill, F. O. Terrill, P. B. Turner, J. D. Williams, J. Betts.

To Hold Dedication

Elaborate Program Planned for Opening of Law Building

The new law building, completed this summer, will be formally dedicated on the 27th of October. This building was the old chemistry headquarters, but has been completely renovated for the occupation of the Law College.

Charles S. Whitman, former governor of New York and now national president of the American Bar Association will conduct the dedication. The building is not to be dedicated to any individual, on account of the outstanding work that many university patrons have done, and especially Dean C. J. Durck, under whose supervision the College of Law has so rapidly advanced, but it is to be dedicated to the "intentions and purposes of law."

EMPLOY NEW DIRECTOR FOR UNIVERSITY BAND

(CONTINUED FROM PAGE ONE)

The winter months. A concert tour through a part of the state has also been planned, this to take place some time in the spring. Many plans have been formulated for the advancement of music at the university since the end of last semester. Every effort is to be made this year to make participation in musical activities worth every musical inclined student's time.

Sergeant Kennedy, who directed the band last year, will be occupied by his duties in the R.O.T.C. office.

Member of the Elite of Classdom Expressing Views on New Arrivals, Explodes Some Time-worn Ideas,

(By DOROTHY STEBBINS)

C'est un droll animal, this freshman! They call him dumb, pestiferous, if you like. We'd all go through it again, if we could. But having attained the crumbling dignity of old age and lacking still the golden apple to turn Time backward in his flight we must fortify our precarious position, envelop it in a misty wrapping of illusion, of dignity, prestige, and power, empty words dear to the heart of the senior.

And so the Nerros of the upper classes tyrannize over the new power in our midst, bully it, belittle it, striving fruitlessly to stem the tidal wave of youth surging against them.

Used Care Man Methods
Time was, when the freshman, if he lived through the ancient test of hazing, returned to the dormitory a coughed gladiator, there to rest his distorted, painted body through a period of convalescent glory. Recovered, he was a veteran; he "belonged."

Time went on. New Nerros, more voracious, succeeded to the throne. Humiliation and misery, as more gallant and deadly to the spirit, became the order of the day. The freshman was given his life in bond.

Crawford At It Graduate of Last Year Enters Journalism Field

J. L. Crawford, member of the 1926 class of the university and last year assistant news editor of The Kernel, is now connected with the Hazard Leader, according to a letter received from him Wednesday by Prof. Emoch Grehan, head of the journalism department of the university.

In his letter Crawford stated that he was enjoying his work thoroughly. Recently he was offered a position with a large Tennessee paper but he declined it as he felt he was getting valuable experience now that he might not get on a larger paper.

Crawford extended his best wishes for a successful year to The Kernel and thanked Professor Grehan for helping him secure his position with the Hazard paper.

MUSIC DEPARTMENT NOTICES

Men's Glee Club
All men interested in glee club work are requested to report for a tryout at 4 o'clock Tuesday afternoon in room 301 White Hall.

Women's Glee Club
Tryouts for the women's glee club will be held at 4 o'clock Monday afternoon in room 301 in White Hall.

University Orchestra
The University Orchestra will organize for its seasons work Tuesday night at 7:30 o'clock in the band room on the third floor of the Alumni building. All students, men or women, who would like to tryout for a position in the orchestra are expected to be present at this practice.

FOR SALE—Leader Route. Terms. Address Care of Kernel Office.

TO DISCUSS HOUSE MOTHER PROPOSITION

(CONTINUED FROM PAGE ONE)

the qualifications, duties, and salaries of the matrons of the various houses may be uniform. It is also the wish of the university authorities that fraternities do not wait until the last moment allowed by the board to select their house mothers. Several fraternities have already made their plans for having matrons and it is hoped that the remaining organizations will secure house mothers at the earliest possible date.

LOST—Kappa Delta pin, slender please return to K. D. house. Reward. Nina Howard.

RELIGIOUS DISCUSSION

(Continued from page one)

In accordance with a story on the front page of this paper, the Kernel prints herewith the first of a series of articles giving religious comments. The article this week was written by Dr. A. W. Fortunes, pastor of the Central Christian Church.

Leadership and Progress

September is the most important month for the nation, for it is the time when the country's youth are turning back to the schools. Progress is dependent upon right leadership, and Kentucky has a right to expect the university to furnish a large quota. Your coming here offers you an opportunity, but it also places upon you a responsibility. You could do no more important thing than to apply to your own lives the central thought of the International Sunday School lessons of the last quarter. These lessons call attention to some of the essential things in the development of a people during an important period.

Instead of each man doing what seemed right in his own eyes the people were directed by laws which were binding upon all. The Ten Commandments affirmed that there are great eternal principles of right which must prevail if society is to make progress. The stability of our nation is threatened by a spirit of lawlessness. Civilization cannot endure if each man does as he likes regardless of the common good. If civilization is to advance there must go out from the universities men and women who respect law and believe in the fundamental principles of right.

Religion held the central place in the life of the Israelites. Their laws were based upon it, and it was the guiding force in the lives of the people.

Walking Squad Goes Corrective Exercises to Be Given Defective Students

A new system of training which will, it is expected, correct physical defects in students is being developed by the department of physical education, according to announcement made recently from that department.

The old plan of excusing from gym work students who have some physical defect has been abandoned. It is planned to give defective students certain corrective exercises in place of the old walking squad practice.

M. E. Potter, graduate of the University of Illinois, who this year has been added to the university physical education department, will be in charge of this work.

College of Music Is Prophesied for School Department Will Be Installed in Own Quarters on Winslow Street

In keeping with the general forward movement of the entire university, it is the advancement being made by the music department of the institution under the direction of Prof. Carl A. Lampert and if the present hopes of the department are realized the university will have a college of music by the time the second semester begins in February.

There is now under construction on Winslow street an addition to the Art building which, when completed, will be occupied by the music department for regular classroom and practice work. Conservative estimates place the time of completion of the building as sometime within the next month.

Professor Lampert announces that the proposed College of Music when installed, will offer to students musical education in all lines of instrumental and vocal work.

Back The Kernel Students Are Urged to Patronize Its Advertisers

University students are urged by the business manager and the other members of the staff of the Kernel to mention this paper when purchasing goods from downtown stores. The Kernel is supported largely by its advertising and has been only thru the splendid support and cooperation of Lexington merchants in advertising their products to students thru its columns that it has been able to achieve the place it now holds among college weeklies of the South.

This year the staff has decided to make the paper seven columns wide and increase the length two inches, thus adding more than 25 per cent to the size of the paper. Now it is more important than ever before that the Kernel get its full quota of advertising. Hence the Kernel, your official newspaper, is making this appeal to you to support it by patronizing its advertisers and by mentioning it when you make your purchases.

COUNTRY FAIR IS GIVEN FOR FRESHMAN CLASS

(CONTINUED FROM PAGE ONE)

is already well known to most of the students, and who will answer three questions for every student. There will also be a minstrel which has "Coburn's" beat a mile. Another feature will be the fishpond, out of which each student may fish for a prize.

No country fair is complete without side shows, and this one is no exception to the rule. In these shows you will be so amazed at what you will see there, that you will be forced to doubt your own eyesight.

These are only a few of the many attractions which await you at the Country Fair, and if you should miss them, don't blame the "Y." However, we are sure that every student will be here when we add that "refreshments will be served."

Freshmen, you are the honored guests at this party. All want to meet you and to show you a good time; if you would like to return the compliment, do so by being present tonight.

people. The Tent of Meeting led them in the progress. When it moved forward, they advanced, and when it was stationary, they stopped. Religion is fundamental in our progress. "Where there is no vision the people perish," and it is in the place of meeting where the vision comes.

The progress of Israel during this period was due to a large extent to a great leader who responded to the call of God. Moses had been trained in the best schools in Egypt, but his knowledge and insight were inspired and directed by the fear of the Lord which is the beginning of wisdom.

Those who are to lead in our age must be trained in intellect and the world naturally looks to the universities to furnish these leaders. Our age needs young people who are trained in heart as well as in mind. The training received in the laboratory and the class room needs to be directed by a vision of God.

A. W. FORTUNE, Ph. D. Pastor of Central Christian Church

Athletic Tickets To Be Distributed Next Week Books This Year Will Bear Photograph of Owner

Student athletic tickets, the fee for which is included in the registration fee, will be distributed early next week in the men's gym, according to S. A. "Daddy" Boles, director of athletics at the university. Posters announcing the exact date will be placed on the campus as soon as possible.

In previous years these tickets were given students at the time of registration. The delay this year is necessitated by the fact that each ticket is to have its owner's picture pasted

Miss Blanding Returns As Dean of Women

Miss Franke Goes to Columbia University To Engage in "Y" Work

Having returned from a year's leave of absence granted her by the university, Miss Sarah Blanding, former acting dean of women, is now back and holds the position of dean of women here. Miss Blanding will also be an instructor in the department of political science.

Miss Blanding is a graduate of the university, having received her A. B. degree in 1923. Following her graduation she served as acting dean of women for two years until she left on her leave of absence last year. During the term of her leave of absence she attended Columbia University and last June she received her M. A. degree from that institution.

Miss Virginia E. Franke, who held the position of acting dean of women during Miss Blanding's absence has also to Columbia University where she will be Y.W.C.A. secretary and be in charge of freshman girls.

on the inside cover. These pictures were taken while each student was passing through the registration line.

The placing of each student's photograph inside his ticket was decided on by university authorities to make it impossible for the student to loan or sell his ticket. Students pay only a small fee for these tickets which can not be purchased by the same price by anyone else. In previous years whenever a student loaned or sold his ticket the university suffered a loss and the new plan has been inaugurated to eliminate this loss.

216 SOUTH LIMESTONE

KERNEL AIDED BY NEW EQUIPMENT

Mechanical Department Improved by Addition of New Machinery Purchased During Past Summer

TO HAVE EXTRA COLUMN

As a result of innovations of the past summer, the Kentucky Kernel will henceforth be a seven column paper.

As far as equipment goes, today's Kernel, the first of this school year, is a more modern paper than ever before.

Needed additions, amounting to \$150, have been made to the supply of type used in advertisements.

Another addition, probably the greatest improvement of the year, is the purchase of eight chases, costing approximately one hundred and twenty-five dollars.

This is the first time that the paper has gone above six columns and the extra column on each of the eight pages is equivalent of two pages.

It can be seen that the eight page Kernel of this year will be two pages larger than that of last year.

A new casting box completes the list. This is extremely valuable to the office as heretofore much trouble has been experienced in handling the large number of cuts used in advertisements.

By the addition of this box, plates can now be furnished by the merchants.

UNIVERSITY OPENS WITH LARGEST ENROLLMENT

Thursday when registration was carried steadily and quickly.

Classification was held in the New Gymnasium, Monday and Tuesday. Students were accommodated the remainder of the week in the office of their dean.

Wednesday and Thursday these offices were crowded with students making various changes in schedules or classifying.

This work is necessarily slow due to the large number of freshmen who are generally unfamiliar with the courses offered in the schedule books and are impracticable in filling out the class cards.

Dean Princes Freshmen C. B. Melcher, dean of men, had charge of all freshmen registration.

In a statement made to the Lexington Herald he declared that the incoming new students look to be of unusually high quality and that the freshman class would reach the 800 mark before registration is definitely closed.

The superiority of the new system of registration is indicated when it is remembered that the greatest number registered on one day last year was 650 and that during two days of advanced registration and one day of regular enrollment the number of students was only 1247.

There were several other changes made in the registration system this year. Of these the most confusing to old students was the elimination of the registrar's book which had to be signed in previous years.

Co-eds and some of the less fortunate male students have submitted to having their "pictures taken." All objections ended, however, in the plaintiff having himself or herself seated before the all-seeing eye of the camera.

Lexington is once more over-run with students and Limestone street has taken on the appearance of Fifth Avenue, so far as traffic is concerned.

Incidentally, the optimists are already expressing the view that next year will be even yet bigger and better.

MARCOF OF 1910 CLASS ENROLLS AS FRESHMAN

(CONTINUED FROM PAGE ONE) Kentuckian.

After graduation he did not stop achieving honors. He rose steadily he was editor-in-chief of the 1910 in his chosen profession until he reached the important position he now holds in the engineering field.

Just recently he was greatly honored by the American Institution of Electrical Engineers when he was made chairman of the membership committee of that association.

There are still on the faculty of the university several professors who taught L. S. O'Roark and who in his undergraduate days prophesied a brilliant future for him.

And as Dulaney O'Roark matriculates at the university he has with him the best wishes of the whole school and especially of the members of old '10 who affectionately remember him as the "little mascot."

RELIGIOUS DEPARTMENT TO BE ADDED TO PAPER

(CONTINUED FROM PAGE ONE) W. E. Freeman, Mrs. Ida Harrison, Mrs. F. L. McVey, Mr. C. N. Manning, Dean W. S. Taylor, Mr. George Taylor, Mr. George Roberts, Dean Chas. Turck, Mr. W. S. Webb, Dean C. R. Melcher.

The first of this series of articles written by Doctor Fortune, will be found on inside page of this issue.

SIDNEY GODWIN IS NEW CADET COLONEL

(CONTINUED FROM PAGE ONE)

ing at Camp Knox during the summer encampment.

Lieutenant-colonel Livenson is a senior in the Law College. Major Simpson is a senior in the Arts and Sciences college and a member of the Sigma Chi social fraternity.

Major Rachel is a senior in the Law College, a member of Tau Beta Pi, honorary engineering fraternity, of Scabbard and Blade, honorary military fraternity, and Sigma Alpha Epsilon, social fraternity.

Tentative List Changed. The tentative list of cadets thought eligible for commissions was published as the result of an officers meeting in which all the cadets were considered and judged by the entire military staff.

After camp consultation was necessary and the list was rearranged. However, this rearrangement did not affect those men who were unable to attend camp. Their ratings remained the same, and if a cadet who attended the camp was promoted to top of list above one who did not attend the summer training, the change was prompted by that cadet's superior efficiency, in the judgment of Captains Schmidt and Taylor, who made the final selections.

Name Other Officers. The rest of the appointments is adaptable to the schedule of military science classes as follows: company commanders, J. L. Darnaby, Frank Brown, R. L. McIntosh, W. L. Heidrick; staff first lieutenants, L. Y. Richards, A. S. Johnson, J. W. O'Grady; staff captains, R. C. Darrie, C. F. McCarty, J. W. Ewing, H. H. Rice, L. J. Clarke; company first lieutenants, W. A. Armstrong, R. W. Bozeman, W. A. Sherwood, R. S. Sauer, A. D. Husk, C. S. Daugherty, J. M. Bush, B. H. Ackerman, F. L. Adams, H. B. Brougham, M. E. Sigel, P. B. Turner; second lieutenants, E. C. McGraw, K. P. Hohmann, K. J. Daubert, C. B. Smith, W. Stockley, W. P. Burke, W. D. DeLaven, S. R. Ktras, W. E. Ramsey, K. A. Akin, W. E. Weems, Scott.

The remaining list consists of the names of senior cadets who are eligible for appointment in the cadet regiments who will be considered in the Reserve Corps after graduation, but who, if there is no vacancy among the cadets, will serve as privates.

Staff: L. R. Jesse, C. Wallace, E. A. McGary, W. J. Sparks, R. M. Cundiff, H. C. Gregory, W. G. Lehman, C. E. Creamer, L. L. Adams, H. Wilhoite, Brents Dickinson, J. D. Vaughn, I. W. Ott, P. H. McGuffey, L. E. Griffith, M. V. Phillips, W. A. Price, M. C. Trotts, L. B. Marshall, J. E. Flanery.

"PHOTOGRAPHERS TO BEGIN WORK ON THE 1927 ANNUAL"

(CONTINUED FROM PAGE ONE) picture. Group pictures of the class, seniors excepted, will be made during the three weeks of the photographer's presence at such a time as will be convenient to the majority of the class.

Individual pictures of class officers will precede the class session.

The Depict Civil War Era. Last year, a new custom was started in the outline of the year book. The book was dedicated to the Kentucky pioneers, and that epoch of Kentucky history was represented in a picturesque manner.

This year, the book will feature that phase of Kentucky history dealing with Henry Clay and the Civil War period, and scenes depicting such events. Ashland, Henry Clay's home in the Richmond road is historically famous, and the barn near there was the first engineering college of the University of Kentucky.

Are Selecting Staff. Miss Dorothy Stebbins is editor of the year book and Fountain Kaymer is business manager. The staff is not complete as yet, but will be composed of students, most of whom gained some experience with Ted McDowell last year.

The editors and staff urge that every student during his short stay here, and everyone cooperate with the photographer's arrangements for their pictures early.

U. K. MAN MAY WED 1926 "MISS AMERICA"

(CONTINUED FROM PAGE ONE) been employed by the Sapulpa Creamery Company.

Although the engagement has not been officially announced when put to the test, neither party denied the statement. Harris has known "Miss America" for only six weeks so it looks as though his courtship bears all the earmarks of the true Kentucky mascot.

Ant Says There's "Understanding" An interview last night with Miss Carrie Robinson, a 22-year-old aunt of Miss Smallwood, denied the existence of any formal engagement but Miss Robinson admitted that Harris had paid attention to the little beauty ever since their first meeting and she believed that there was a sort of "understanding" between them.

Although on the campus who know Garland Harris believe him quite worthy and capable of winning America's most beautiful maiden, there is a national beauty contest for men Harris might well duplicate Norma Smallwood's victory in the feminine class.

FOR SALE.—At a very reasonable price, typewriter, Call 3242-x.—Adv.

The old residence of Professor Miller on Maxwellton Court has been remodelled this summer and is now known as "Maxwellton Inn." It has first-class rooms and board may now be secured preferably by professors and graduate students of the University of Kentucky. For information call 582. J. W. Masters.—Adv.

New Romany Theatre to Be One Of Best Equipped on Any Campus

Building To Be Completed in January Will Be Work of Beauty; To Include Latest Features in Theatrical Construction; Plans Are Laid To Make This Banner Year

The new Romany theatre, one of the buildings the completion of which is planned for this coming school year, will be one of the best equipped theatres on any university campus.

The exterior of the building is to be of simple construction, well proportioned, with white walls and green roof, and will present a most pleasing appearance. It is directly adjoining the Art Center of the university.

It has been designed according to specifications drawn and planned by Professor Carl M. Sax, head of the art department of the university, and promoter of the former successful Romany. The architect is Robert McMeekin, of Lexington, former U. K. man, and a graduate of Boston Tech.

Stage Is Large. The stage is to be 15 feet in length, 35 feet high, and 35 feet deep, making a total performance area slightly larger than the usual New York theatre. There will be a comprehensive and elastic lighting system, and a heating plant based on the most advanced European plans.

The foyer and box and approached by a long corridor. The lobby and corridors are so arranged that coffee may be served during intermissions. Most modern devices are to be installed for the handling of the stage scenery, making it possible for a variety of effects to be produced. The seats are to be arranged on a sloping floor, so that the view from all parts of the floor will be unobstructed.

Other innovations new to America, but practised abroad will be introduced, according to Professor Sax.

Will Be Completed in January. Although the new building will not be completed until some time in January, tryouts for parts in Romany plays to be presented during the coming season will begin next week. An entirely new plan will be used in the matter of tryouts this year, the details and dates of which will appear in the next issue of The Kernel.

There will be five classifications or rankings of those participating in Romany productions. They are: lowest, or super-numeraries, minor and suitable words written for it, in which case the song will be sufficient length for sheet music publication.

It is expected that the new band arrangement will make the pep song of value for advertising to the university since it is not particularly difficult, thereby making it available for use by smaller bands and orchestras. It is not too much to expect that "On! On! U. of K." may yet achieve the popularity of which it is deserving and which has been attained by certain other university songs.

To Revive Band Music. In connection with the publication of the pep song, the department of music is planning to inaugurate a campaign for the reviving of interest in band music throughout the state. This would be of value not only toward the promotion of good music but it would be a means of teaching the university band well supplied with good musicians.

COLLEGE OF LAW MOVES INTO LARGER BUILDING

(CONTINUED FROM PAGE ONE)

conveniently arranged on new shelves and there is ample space for reading and study tables. Miss Clara White who for many years has been librarian of the College of Law, is in charge of the new library.

Many improvements have been made and new books and reports have been added to keep pace with the requirements of a steadily increasing enrollment.

Not only has the law school expanded in buildings and equipment, but the curricula and teaching staff have also been enlarged. In addition to the regular faculty of last year, Roy Moreland, a graduate of the College of Law and of Harvard University, is now a member of the faculty.

UNIVERSITY IS NAMED 'DISTINGUISHED COLLEGE'

(CONTINUED FROM PAGE ONE)

basic and advanced courses, appointments to Reserve Corps, and certificates of eligibility. Ohio State and Purdue were other universities in this area to receive the distinguished honor.

The Kentucky cadet corps was recommended very highly to the 5th Corps Area's commander, General Howe, by the inspecting officers. As a result every cadet will wear a blue star on his right sleeve just above the R.O.T.C. shield. No greater honor could be achieved by the military department.

Will Have More Honor Graduates. In addition, the university may designate as honor graduates five per cent of the students who are enrolled in the second year advanced course on March 1, as compared with 3 per cent when not so designated. This year two students, John Dabney and Albert Harbold, achieved that distinction and received commissions in the regular army. Next year a greater number of cadets will be named honor graduates.

The recognition is already being demonstrated. Sergeant Bryant has been sent here from Columbus, Ohio, to assist in the basic instruction and to coach the rifle team. The military department has expended \$200 for accessories for the rifle team.

Alumni dues and Kernel subscription are \$3. Send yours in today.

Bart Peak Returns As U. K. "Y" Secretary

(CONTINUED FROM PAGE ONE)

Popular Association Head Comes Back to University After One Year's Absence

Bart Peak is back. The popular secretary of the University Y.M.C.A. for five years who last year resigned his office to enter the real estate business in Florida, has returned to his old post on the second floor of the Armory.

Mr. Peak was graduated from the university in the class of 1918 and while a student here was prominent in athletics and student activities. He was member of the Alpha Tau Omega fraternity. In 1920 he accepted the position of secretary of the university "Y" and held that position for five years.

During Mr. Peak's absence last year, George E. Kavanaugh served as "Y" secretary. Mr. Kavanaugh felt, however, that he preferred to go into university administration rather than Y.M.C.A. work so this year he accepted the position as assistant to the dean of men at the university.

STUDENT RECEPTION Maxwell Street Presbyterian Church Corner Maxwell St. and Lexington Ave. Friday Evening, September 24 7:30 to 10:00 PROGRAM: Music Something different in Motion Pictures Refreshments University Students, Both Men and Women, Cordially Invited.

GLIMPSE THE CO-ED'S STYLE BOOK

The College Girl On Dress Parade Under the banner of tailored frocks, march twills, jerseys and Friska cloth, smartly tailored and trimmed by buttons and braiding. In a variety of styles at \$25 to \$50

The College Girl On Coat Parade The sport coat strides forward in a diversity of interesting styles, novel in fabric, and often fur trimmed. Here are very extreme values at these prices. \$29.50 to \$100

Velvet and satin lead the more formal mode, but crepes and moire vie for high honors. They are tiered, flared or straight of line, trimmed by embroideries and delicate laces. Priced very moderately at \$29.50 to \$89.50

Color plays a prominent role in the mode of street and dressy wraps, rich tones of dark green and red being exceedingly good. They are straight of line or bloused out in black, and are lavishly trimmed with fur. \$29.50 to \$100

GLOVES A well-gloved hand identifies a smart costume, and the college girl will find a complete display from chamousette school gloves at \$1.00 to \$2.50 to fancy gloves and tailored chamois and kid from \$3.50 to \$7

HOSIERY Sports hose for the campus reasonably priced at \$1.00 and \$1.50 are on display at our hosiery department, as is a complete showing of silk hose from sheer chiffon to service weight at from \$1.85 to \$3

Smart Jewelry B A G S Stationery Wolf Wile Co. Incorporated. Slave bracelets the accepted fashion in novelty jewelry are accentuated in smartness by Wolf Wile's extensive displays, two, three and six bracelets on the same arm, being quite the vogue in unusual decorative schemes. \$2.95 Colored patent leather hand bags in the snappiest, smartest styles exploited on Fifth Avenue have found their way first through the Doorway of Fashion, and are on display in fascinating profusion at the leather goods department at Wolf Wile's—interestingly priced for young girls. \$3 We are featuring for the college girl and boy a beautiful Wahl fountain pen, in either ring or clip style that is absolutely guaranteed. Priced at \$1.25 a pound U. of K. seal stationery, made on crushed bond, with dekle edge, and dye stamped with the seal of Kentucky in blue—the stationery for Kentucky girls—per pound \$1.25 a pound

SUMMER SESSION SHOWS INCREASE

Enrollment Is 500 Per Cent Above That of First School Held in 1918

FUTURE IS PROMISING

The phenomenal growth of the university summer session should interest every student of the university as well as all others who are interested in the progress of the institution.

In 1918 the University of Kentucky had a summer session enrollment of approximately 150 people. The registration in the first term of the summer session of 1926 was 982 people, or an increase of more than 500 per cent. The increase in numbers, however, is not the most interesting part of this story. The quality of the student in 1926 was greatly superior to the average student of the summer session of 1918. Eight years ago there were almost no graduate students in the University of Kentucky. In 1926 there were almost as many graduate students as there were undergraduates and graduates combined eight years previous.

The University of Kentucky, the capstone of the educational program in the State, believes that it is its primary function to train for leadership in Kentucky. With this end in view the summer session has centered its attention upon three important problems.

The training of normal school and junior college teachers, of school executives for public and private school systems of the State, and of high school teachers for the junior and senior high schools of the Commonwealth. While these are the major aims of the summer session program,

the university cannot forget that it has an obligation to social service agencies and to the elementary school systems of Kentucky. With these things always before us the university has attempted to plan a program of work that will enable those persons who are going to teach in our elementary schools to receive that training that will better equip them for the tasks that are theirs.

Another problem that is rapidly becoming a larger objective in our training program is an instant demand from high schools and colleges of Kentucky for advisors of girls and deans of women. The University of Kentucky has inaugurated a program for the training of such leaders, and the response to it was exceedingly gratifying this year. Approximately 50 people registered for this work and completed it in a highly satisfactory way. Already some of these people are putting into effect the results of their training.

The University of Kentucky believes that the summer session should become an ever more important unit of the college year. Through the summer session any student may shorten his program of work one full year, thus making it possible for him to complete his university training in a period of three years.

More and more the summer session in America is being used by high school graduates to give them a chance to become introduced to the institution of their choice. The university is looking toward the time when graduates of high schools will become acquainted with and oriented to the problems of the institution.

The summer session of the university should have in the future a larger attendance than the regular session. Just as soon as the students of the regular session learn that they can save a year of their life through a summer session attendance we may reasonably expect that the enrollment of the summer school will exceed that of the regular year.

Buildings and Grounds Department Makes Report of Summer Work

Many Improvements Have Been Made, New Equipment Installed and Class Rooms Remodeled; Effort Made To Solve Traffic Problem on Campus by Providing More Parking Space.

While the university students have been enjoying vacations, the Department of Buildings and Grounds has been working with untiring effort to remodel old buildings, erect new ones, and improve the campus which is now more beautiful than it has ever been. Superintendent Morris Frutcher has issued a statement naming the many improvements which have been made during the summer.

Several rooms in the Administration buildings have been remodeled and repainted. A new dishwashing room in the cafeteria has been constructed and made sound proof. The registrar's work room has been replastered and placed in first class order.

The sidewalk space has been increased in front of White Hall thereby providing better light and ventilation for the storeroom space in the basement which has been considerably increased. The drains have also been constructed to carry off surplus rain water. In the Library new shelf space has been added.

The third floor of the Science building, formerly occupied by the Law College, has been remodeled, the space formerly used for the Law Library has been divided into two rooms, one a classroom, and the other a laboratory, both of which will be used by the Geology department. The hallways have been reconstructed and the entire building has been redecorated.

Three large rooms in the sub basement of Kastle Hall are being finished for the Bacteriology department. Locker space, "lab" tables, incubators, gas and electrical connections are being provided also. Pedestal chairs have been installed in this building, replacing the old seats. All private laboratories have been equipped for the use of professors in research work. Extensive improvements are also under way to equip freshman and sophomore "labs" with new sinks and plumbing under tables.

The department of psychology in Neville Hall has been allotted more laboratories and classrooms and the space formerly occupied by the department of bacteriology is to be used by the department of hygiene. Additional space is required by this department because of its growth during the past year. The basement of this building is being used by the department of buildings and grounds as a paint shop.

A new frame building with concrete basement has been added to Mechanical Hall for automotive and experimental engineering work. The old radio building has been remodeled for work in the department of research and mechanics. The north end of

the Mechanical Hall group has been remodeled for a modern heat laboratory and all classrooms and hallways in these buildings have been repaired. In the Men's Dormitory the first and fourth floors have been repainted and repaired. The hallways have been redecorated and soundproof floor coverings provided.

The space used by the department of home economics in the Agricultural building has been repaired and redecorated. The "lab" tables and equipment repainted and the floors cleaned, stained and varnished.

In the Education building, the High School Auditorium on the third floor has been divided by a partition making room for a library and an auditorium, seating 180. New lighting fixtures have been installed and new seating equipment replaces old school desks.

The Men's Gymnasium will have additional storage space for the campus book store, and heating boilers have been remodeled.

The Art Center has two additions, one for the department of music, and the other for dramatics, which in a sense replace the Romany Theatre. The lot formerly occupied by the Romany is to be graded and put in grass.

The second and third floors of Patterson Hall have been equipped with new locks. A central heating for the girls' dorms is also under way. The largest single item of construction

is the Livestock Pavilion which was created by the department of buildings and grounds.

Extensive improvements have also been made on the grounds. Men have been employed all summer building up old roadways, grading, and sodding. New shrubbery has been set out, the tennis courts have been improved, and the lawns have been moved regularly.

A new road is being constructed from the back driveway with entries for service to Kastle Hall, and the Civil and Engineering building. The space outside the road area is to be used for parking. It is expected that this area will accommodate 200 cars, thereby partly solving the traffic problem.

In addition to these improvements drinking fountains have been placed in various buildings and rest rooms improved. Enough new lighting fixtures have been purchased to finish every building with modern lighting facilities.

The department of buildings and grounds is making every effort to bring the university up to a high standard physically and by the end of the fall every building on the grounds will have been improved. It is the aim of this department to render service, and work this summer has been untiring.

Several Departments Moved To New Quarters

Romance Languages Now Taught in Science Building, Bacteriology in Kastle Hall

For those who pride themselves in knowing the location of most everything on the campus we publish the following paragraph taken from the annual news letter issued from the office of the registrar:

"Several departments have changed

quarters. The Romance Languages department has moved to the Science Building, south side, the Bacteriology department has moved to Kastle Hall, and the Music Department has moved to its new building. The rooms formerly occupied by the Romance Languages Department have been added to the Department of Hygiene and Public Health, and the rooms of the Music Department have been added to the Department of Sociology."

❖ BUCK GETS ALL FOOTBALL RESULTS ❖

HAWLEY TELLS SECRETS OF GRID

Noted Dartmouth Coach Reveals How a Light Team Can Win by Employing Rhythm in Play

DARTMOUTH-CHICAGO CITED

Jesse B. Hawley, famous Dartmouth football coach whose team last year smashed time and again through heavier opposing lines, winning every game played, says that the secret of the spectacular Green successes lies in rhythm.

"Rhythm, more than anything else, is the factor responsible for such success as I have had as a football coach," he writes in the October issue of Popular Science Monthly, revealing how he has applied science to football to obtain his spectacular results. "Timed union in thinking and acting gives eleven eager men on a football team an almost irresistible advantage over another eleven that has not learned to co-ordinate the actions of individuals into team rhythm. It is one of the most essential qualities of a successful football team, both as an offensive and as a defensive measure. I have proved this, time and again, during my years of coaching at Iowa and at Dartmouth."

Coordination Counts
It is an engineering fact, he points out, that eleven men, timing their motions, with an exactness that enables the eleven to hit the opposing line as one man, can smash through much heavier opponents with an ease that would be utterly impossible if the

shock of attack were untimed, unsynchronized, without rhythm.

"Possibly the best example of the value of rhythm in football I can cite is a play made by Dartmouth in the Chicago game last year. Dartmouth kicked off to Chicago. Our ends, of course went down with the ball. A Chicago player tried for it, but missed. The ball struck his head-gear and bounded toward Sage, of Dartmouth.

Acted in Timed Union
"Now remember, every Dartmouth player was acting in timed union. Sage saw the break, knew that if he broke rhythm and tried for it, he probably would recover the ball for Dartmouth, but he also knew that the Dartmouth line was three or four strides behind him and that Captain Parker was in union and movement with him. He would throw Parker's playing off if he broke union. By count, Sage continued his play, which was to get his man out of the way for Parker, so the latter could get the ball and get away with it.

"Sage did just that. Rather than break the perfect team rhythm, Sage passed up the opportunity to grandstand. He undoubtedly could have recovered the ball, and just possibly might not have been downed in his tracks. But he knew, with one turning his head to see, that Parker was in rhythm and that Parker would be on the ball at the exact instant Sage was blocking the Chicago player, while the Dartmouth line was getting into action.

"The result was that Parker ran thirty yards for a touchdown."

Analyze Each Player
In the systematic planning of team structure and development, says Hawley, the successful coach should analyze each player for the following inherent qualities, listed in the order of their importance:
Courage, physical skill, and mental capacity. The last item includes abil-

CAT DOIN'S

GAYLE MOHNEY spent the greater part of the summer in the cool spots of Canada, fishing and enjoying a smattering of lumberjacking. And despite his case of tonsillitis he's going to be ready for the opening game.

CAPTAIN FRANK SMITH enjoyed himself during the summer engaging in the thrilling pastime of baseball, and kept down to weight most of the time. He passes the word along that he was never better as far as condition is concerned and that folks hereabouts may expect a banner year as a result of his pile driving plunges through the line.

IKE OTT, from Smith's home town, also played baseball and is ready for the question. He is tan enough and hard as tacks and says if he doesn't make the team he'll know why.

PIEH did the Red Grange act during the summer months and carried ice for the Lexington Ice Company. His shoulder is now in the pink of condition and ready for a bruising season. Luck to the Wisconsin flash!

Alumni dues and kernel subscription are \$3. Send yours in today.

Try to understand theory of plan and its details, fast decisions and initiative, and co-ordination of brain and brawn.

"Courage, the great self-effacing heart of a man, that is vital," declares Hawley. "Without courage, intellectual capacity, brawn, skill—all sink into nothingness."

"Two years ago Larry Leavitt, Dartmouth fullback, gave a striking illustration of what sheer courage will do. We had gone up against a team that displayed unexpected ability. Leavitt was not in the best physical shape, and we were holding him back for what we considered a more important game. Toward the end of the last half, however, the score was a nothing-to-nothing tie, and the ball was in our possession in the middle of the field.

Leavitt Wouldn't Quit
"Leavitt begged to be sent in. He was. With him the team found just one weak spot in the opponent's line—just one. Again and again Leavitt plunged through that spot. Hurt, tired, and battered, he wouldn't quit. Every time he hit he gained from three to four yards; never more; never less. With tears in his eyes, but with joy and tremendous courage in his heart, he fought on until he had smashed his way across the goal line—winning the game for Dartmouth."

Vaults, supposed to be of Egyptian origin, have been found near the site of Fez in Morocco, and are supposed to be vestiges of a town destroyed about the year 100 B. C.

ED DANFORTH SAYS WILDCATS WILL HAVE FIRST DIVISION CLUB

Considers Loss of Kirwan, Tracy, King, Rice, and Cammack Relatively Small Matter In Strength to Team; Good Backfield Returns

Editor's Note.—This is one of a series of articles dealing with football prospects at Southern Conference institutions written by Ed Danforth, sporting editor of the Atlanta Georgian, and which appeared in the Lexington Herald. Mr. Danforth, recognized as one of the leading football authorities of the South, was formerly sporting editor of The Herald.

By ED DANFORTH
At last the Kentucky athletic powers have managed to survive one campaign and enter another without changing coaches, and prospects are that Coach Fred Murphy's sound football will begin to take effect to the dismay of more than one Southern Conference foe.

One might as well take the Kentucky Wildcats right now as a first-division club in the autumn gridiron race. With 16 letter winners and at least 15 sophomores out on Stoll field every day, with a schedule that will demand hard play every week, the Blue is in for the best season in years.

Kentucky lost Kirwan and Tracy from the backfield, and King, Van Meter, Rice and Cammack from the line. That is relatively a very small number.

Besides, these days it is not so much what has been lost as what is left. And the leftovers at Stoll Field are pretty rich in good football men.

A veteran rush line can be formed from Pence, Maloney, Wert, Creech, DeHaven, Edwards, Portwood, Schulte and Fleahman.

POSSESS GOOD BACKFIELD
Behind the line are two real bright quarterbacks, Mohney and Jenkins, Ross and Phipps, two fullbacks with a great deal of drive; Captain Smith, Ellis and Kirkendall, three as clever halfbacks as you'd find in a long tour.

The Kentucky attack can be varied, for the backfield folks know their racket.

A strong reserve squad and possibly a regular or two can be furnished by the freshman graduates. The team as a whole should be capable of putting a lot of pressure on any opposing set of forwards when it really bears down.

Kentucky gets away to a late start, which will give the coaches ample time to develop co-ordination of a sort before their opening game.

The Wildcats play Maryville October 2, then a week later Indiana in Bloomington. With that much preliminary playing Kentucky hops into a Conference schedule, meeting Washington & Lee, Florida, V.P.I., Alabama, V.M.I. and Tennessee.

The Centre game, which is the state classic by tradition, is scheduled the Saturday before Thanksgiving, indicating in a small measure how lightly Kentucky is taking the Colonels this season.

MAY CRAMP STYLE
The schedule has the bad feature of heavy mileage and that may cramp the Wildcats' style a little bit. Just why some of the big games were not scheduled in Lexington may be a source of wonder to the home folks.

Still, in view of the big squad, Kentucky is fairly well fixed for the series of one-night stands. And as said, championship teams do not leave their football in Pullman cars.

Kentucky's 1925 record follows: 13—Maryville, 6; 0—Chicago, 9; 19—Clemson, 6; 0—Washington and Lee, 25; 14—Sewanee, 0; 16—Centre, 0; 0—Alabama, 31; 7—V. M. I.; 0; 23—Tennessee, 20.

M. E. POTTER IS CHOSEN COACH

Athletic Council Takes Steps To Encourage Intramural Athletics at University of Kentucky

PRACTICE TO BEGIN SOON

M. E. Potter, formerly of the University of Illinois and now connected with the physical education department will coach intramural athletics at the university during the coming scholastic year. He will be assisted by W. H. Hansen, also of the physical education department.

For the promotion of this activity, the city commissioners have donated Scoville park, an athletic field which is parallel to Upper street and across Limestone from the university campus. Practice will start immediately after the beginning of the fall term and teams will be organized into a league to decide the championship. It has not been decided yet by the authorities in charge whether the league will consist of class teams or of company teams formed by the military department. Scoville park, 170 feet wide and 600 feet long, will afford ample room for all kinds of athletic games.
Intramural teams will be given the benefit of a training room in the gymnasium which has been lately painted and in which new lockers have been placed.

KENTUCKY'S 1926 SCHEDULE

- October 2—Maryville at Lexington, Ky.
- October 9—Indiana at Bloomington.
- October 16—W. and L. at Lexington, Ky.
- October 23—Florida at Jacksonville Fla.
- October 30—V. P. I. at Lexington, Ky.
- November 6—Alabama at Birmingham, Ala.
- November 13—V. M. I. at Charleston, S. C.
- November 20—Centre at Lexington, Ky.
- November 25—Tennessee at Knoxville.

FIRST WILDCAT GAME IS JUST ONE WEEK HENCE

Maryville Mountaineers Will Furnish Opposition In Initial Fray; Murphy System Works

By FRANK K. HOOVER

A week. Just a week. Seven days—but long ones to hungry fans—until the Wildcats, which have been so carefully tutored by that wizard, Fred J. Murphy, clash with the Maryville Mountaineers in the initial grid game of the season.

Nearly a month ago Stoll field awakened to the thud of the pigskin (or cowhide, who knows?). Nearly a score of would-be Wildcats were put to running signals the first day. It was a new system for the first day but Murphy knew what he was doing and most every soul in these parts will assert that he has made but very few mistakes since he assumed full charge of the varsity eleven.

Today they are ready for Maryville, although the tough boys from the hills do not get "as out of their hibernation" as a week hence. The "Cats are ready and rarin', 40 strong" would behoove the Maryvillians to come fully prepared.

Plenty of Material
Speaking of Kentucky, it might be well to name over a few of those who most likely will be called upon to entertain the freshmen next Saturday in the backfield more than likely there will be Captain Frank Smith, Ray Ellis, John Ross, "Wisconsin" Fish, Tom Phipps, Paul Jenkins and probably Gayle Moloney, if his tonsils will allow him. Along the front line among the ones most likely to see action will be Schulte, Triebel, Glib, Scott, Creech, Pence, DeHaven, Wert, Edwards, the Portwood brothers, Farmer and Dees.

During the past few days scrimmages have been cutting thick and fast and if the way which Captain Smith, Glib, Jenkins et al have been performing may be taken as a criterion Kentucky is in for a much better year than was enjoyed last season.

Not Too Big
It may seem to some that such a schedule as is printed in other columns of this issue is just a little too big a bite for a team the calibre of the Wildcats to bite off but this is not so true, when one considers that Kentucky has come through a season without losing any men of serious consequence and has been smiled upon by the Goddess of Luck who has sent up as nice a looking bunch of freshmen as any institution in the South has trying for varsity berths today. Virtually every team down Georgia and Alabama, and I would not think it a bit too optimistic to assert right now that the "Gators and that champion" "thin red line" both are in for lickings at the hands of Mr. Murphy's proteges during the course of events around the Mason and Dixon line in

SEEN FROM THE PRESS BOX By HOOPER

JEFF, BOB, HARVEY
To you freshmen gridmen, especially Irvine Jeffries, Bob Miller and Harvey Stone, who forsook a university in your own city, I bid YOU welcome, and I think I speak the sentiments of the entire University of Kentucky.

It is our hope that you will find the old school a place of genuine joy and one in which you will be able to successfully graduate from freshmen into sophomores and from Kittens into full-fledged Wildcats.

OH, THAT LAST LAUGH!
And that reminds me that it is about time for me to laugh, for he who laughs last laughs best, they say. Last spring I wrote a story in the Lexington Herald calling attention to the fact that the three above mentioned boys would be among those present when the fall session began.

The Centre College Cent' retorted with a story about "counting your chickens before they hatch."
But Centre, I suppose, sees now that we generally set pretty good eggs over here.

THEY'LL ROB YOU JUST THE SAME
After scanning over the entries for the various races at the various tracks over the country, I cannot on my life see how so many jockeys by the name of No Boy ever got to riding on a merry-go-round circuit.

PURSUITE AND DO
Pursuit, is, in the University of Kentucky, the universal occupation. We are all of us bayin' on the track of something, the good, the true or the beautiful, forming together a sort of hue and cry in pursuit of the seven aris. To one who knows the real University of Kentucky this spirit of the hunt is perfectly apparent. There is the same good natured rivalry, the same lighthearted determination, the same complete cooperation whenever necessary. It is this spirit of the chase which Seen From the Press Box seeks to express.

FLIRTATION?
Everytime a woman sticks her hand out of an automobile when she's turning a corner I think she's trying to flirt with me or some other geke straining his neck to see who's who and what's what.

And here comes the story about the Old Centre Spirit! But pshaw! As far as I can see, it won't em little last year.

After examining the facts in the Amie Semple McPherson case, we come to the natural conclusion that she wasn't so simple after all.

"I MET 'IM!"
Anyway these sparring partners which Mr. Dempsey pummeled into pulp can stick their thumbs in their vests and brag about having met the heavyweight champion of the world.

Heard at the office a week ago:
Honey—Are you going to take in the Reds?
He—No, they're already taken in!
DUMB? WELL JUDGE FOR YOURSELF
Early in the evening, at a dance held by two Boston Uni-

versity organizations, a college chap had approached Mary, another college chappie, and slipped a note into her hand. It read: "I'm deaf and dumb and therefore cannot talk, but I can dance." She gave him that dance, and another, and another. She wondered what he would say to her if he could speak. She reflected for a minute and decided that this silence was better than the talk of many other men she knew. Her thoughts were interrupted. The music started up and her partner silently suggested that they dance.

When the music had ceased, she looked into his soft blue eyes and thrilled as he returned her gaze. But her ecstasy was turned to surprise when he moved his lips and she heard these words: "Hadn't we better sit the next one out?"

Mary was revived by a bottle of smelling salts. And the moral to this is: A man may not be as dumb as you think he is.

OPTIMISM GALORE
There's been so much bunk in local papers about the Wildcats being a cinch for the southern championship this year that I think it might be well for somebody to pen something to the effect that they wouldn't even win a game this season—just for diversion, not that we think they shouldn't come through successfully with a harder schedule this year than they had last.

Have Training Table

SuKy Circle and Council Give Meals to Players

Following the same plan which operated so successfully last year, varsity football enjoyed a free training table for two weeks before the official opening of school. The purpose of this table was to enable athletes to come to Lexington early and thus get in several weeks of hard work before the usual time for beginning practice.

Approximately forty candidates for the 1926 eleven took advantage of the table. The Su-Ky circle, pep organization of the university, bore the expenses of the first week while the athletic council paid the costs of the second week.

Meals for athletes were furnished the first week at the Tavern and the second week at the Tappan Inn.

EIGHT U. K. PROFS GRANTED LEAVE

Four Others Return To Duties After Year's Absence; Ten Resign To Take Up New Work

REEVES TO MAKE SURVEY

Eight of last year's faculty members are on leave of absence this year while four, who were granted a short respite from work last year, will return to their former places. Several resignations were effective at the end of the school year, July 1926.

The following professors will be away on a leave of absence for 1926-1927:

Mr. H. H. Downing, Associate Professor of Mathematics.
Mr. Grant C. Knight, Associate Professor of English.

Mr. Allan L. Swisher, Instructor in Art.

Mr. Carlie Hammonds, Assistant Professor of Agricultural Education.

Mr. M. E. Ligon, Professor of Secondary Education and Principal of the University High School.

Mr. J. J. Hopper, Professor of Dairy Husbandry.

Miss Carrie Jackson, Seed Testing Laboratory at the Experiment Station.

Mr. Floyd W. Reeves, Professor of Education, is granted a leave of absence for the first semester of the coming year to make a survey of the state institutions of Indiana. Professor Reeves conducted two courses in Administration during the first Sum-

mer Term at the University of Chicago.

The following professors will return this fall from a leave of absence for 1925-26:

Mr. William D. Nicholls, Professor of Farm Management, and Head of the Department of Farm Economics.

Mr. J. Holm; Martin, Associate Professor of Animal Husbandry.

Dr. S. E. Leland, Associate Professor of Economics.

Miss Sarah Blanding has returned from a leave of absence and will take up her duties as Dean of Women and Instructor in the department of Political Science.

Those who have resigned from the faculty are:

Miss Minnie Kennedy, Instructor in Home Economics.

Miss Carrie B. Green, Associate Professor in Home Economics Education.

Dr. M. N. Lipscomb, Associate Professor Hygiene and Public Health.

Miss Irene McNamara, Instructor in Journalism.

Mr. Ben Kevitt, Instructor in Physics.

Miss Elizabeth Gay, Instructor in English.

Mr. C. Friedrich Walbridge, Instructor in English.

Mr. H. B. Eversole, Assistant Professor in Accounting.

Mrs. Katherine H. Lyon resigned as Director of the Stenographic Bureau and accepted the position of Secretary of the Department of Physical Education.

Miss Mary Johnston, Secretary of the College of Education, has resigned to become Director of the Stenographic Bureau.

Alumni dues and Kernel subscription are \$3. Send yours in today.

U. K. PROFS HAVE VARIED TASTES

Some Go East—Some Go West, for Summer Vacation, Report from Registrar's Office Shows

MANY RESUME STUDIES

With the coming of fall, and the opening of the university, many of the university instructors are recalled from vacations to resume the responsibility of instilling the principles of education into university students. Where the faculty members spent their vacation follows:

President Frank L. McVey spent a short vacation in Estes Park, Colorado.

He delivered the Commencement address at the close of the summer session of the University of Wyoming, Laramie, August 27, and at the University of Colorado, Boulder, August 28. He took part in the Y.M.C.A. Conference, August 29-September 3 held at Estes Park, Colorado.

Dean Charles J. Turck of the College of Law, who has been a student of Columbia University for the Summer Term, has just returned to Lexington.

Dean Paul P. Boyd of the College of Arts and Sciences, spent the summer in Bethel, Michigan.

Mr. C. K. Sizemore, Professor of Art and Head of the Art Department, has been at his home in Ottumwa, Iowa, for the summer.

Dr. Glanville Terrell, Professor of Philosophy and Head of Department, spent the summer at Louisa, Virginia.

Mr. A. M. Miller, Emeritus Professor of Geology and Head of Department, has been at Asheville, North Carolina for the summer.

Dr. Jesse E. Adams, Professor of Education, spent the summer in Indiana.

Mr. C. C. Hett, Professor of Machine Design, has been with the Duquesne Light Company, Pittsburgh, Pennsylvania, this summer.

Mr. D. Stanton Ross, Instructor in Hygiene and Public Health, spent part of his vacation doing research work in the laboratories of the Public Board of Health at Louisville, Ky.

Miss Julia Hurd, Professor of Home Economics Education, has been in Michigan for the summer.

Miss Mable Moores, Secretary in the Registrar's Office, and Mrs. Helen Stanley, Recorder in the Registrar's Office, spent their vacations in South Byron, New York.

Miss Lucy Gardner, Assistant Secretary in the Registrar's Office, visited Washington, D. C., Philadelphia, New York, and Atlantic City while on her vacation.

Mr. E. A. Bureau, Professor of Electrical Engineering, has been with the General Electric Company, Schenectady, New York, for the summer.

Miss Mary Ann Young, Secretary of the College of Commerce, spent her vacation in California and at various points in the West.

Miss Carrie Bean, Postmistress, spent her vacation at Wharton Grove Camp, Weems, Virginia.

Mr. L. H. McCain, University As-

Dabney Advanced

Is Appointed Second Lieutenant in Regular U. S. Army

John Dabney, of Hopkinsville, who was graduated from the university last June as an honor student in the advanced course in military science and tactics, has been appointed second lieutenant in the regular army, according to officers of the R.O.T.C. at the university. He has been assigned to the 17th infantry at Fort Crook, Neb.

Dabney won many honors while a student at the university. He is a member of Phi Beta Kappa, Lamp and Cross, Myrtle Thirteen and Keys. Last year he was president of the Suky circle and a member of the Student Council.

Begins Extension Work

Louis Clifton, graduate of the university and for the past two years high school principal at Bellevue, has been appointed as assistant in university extension.

He has begun his duties and will assist in carrying out the program of service to the high schools in the State, which the department has been carrying on for several years.

Mr. Clifton was formerly superintendent of schools at Dry Ridge, Kentucky before going to Bellevue. He is a member of Kappa Delta Phi and a graduate of the College of Education in 1924. Mr. Clifton is married, has a wife and one daughter and is living at 405 Kentucky Avenue.

Mr. Clifton went to Florida for his vacation.

Miss Mable Lewis, Assistant Accountant, and Miss Anne Gormley, Voucher Clerk, spent their vacations in Canada.

Mr. Wellington Patrick, Director of University Extension, attended the Summer Term of Peabody College.

Mrs. F. O. Stout, Professor of Physical Education for Women, attended the Summer School of Physical Education, Chautauqua, New York.

Dr. J. E. Rush, Professor of Hygiene and Public Health, and Head of the Department, was at the Mayo Clinic at Rochester, Minnesota, during the first part of the summer.

Mr. W. H. Hansen, Instructor in the Department of Physical Education, attended the Case School of Applied Science, Cleveland, Ohio.

Mr. D. E. South, Instructor in Mathematics, attended the University of Michigan Summer School.

Miss Helen Skinner, Instructor in Physical Education, assisted at Camp Kawajewic, Case Lake, Minnesota, during July and August.

Mr. B. W. Schick, Instructor in Romance Languages, spent his vacation in New Orleans, Louisiana.

Miss Idie Lee Turner, Secretary of the College of Arts and Sciences spent her vacation in the East, visiting Washington, D. C., New York, and other points of interest.

Miss Wilma Duman, Assistant in Dean Boyd's office, spent her vacation in New York and Virginia Beach, Newark, New Jersey.

Mr. Emmett J. Canaday, Instructor in Mathematics, has returned from Carrollton, Missouri.

Mr. W. F. Galloway, Jr., Instructor in English, has been in Savannah, Georgia, for the summer.

Mrs. Alberta Wilson Server, Instructor in Romance Languages, spent the summer at La Residencia 17 Calle del Pinar, Madrid, Spain.

Miss Margaret Horsfield, Assistant Professor of Romance Languages, went to Oxford, North Carolina, for part of the summer.

Miss Flora LeSturgeon, Associate Professor of Mathematics, was at Washington, D. C. for the summer.

Mr. O. J. Stewart, Assistant Professor of Chemistry, spent the summer in Angola, Indiana.

Mr. Allan L. Swisher, Instructor in Art, was in Paris, France for the summer.

Mr. DeWitt O. Streyfeller, Instructor in Mathematics, has been in LeMars, Iowa.

Dr. Walter Zwick, Assistant Professor of Hygiene and Public Health, spent the summer in Devon, Tennessee.

DEANS APPOINT THEIR HELPERS

Full-time Assistants Will Aid Deans Melcher and Blanding; Shacklette and Kavanaugh Are Named

WILL STUDY PROBLEMS

This year for the first time, both the dean of men and the dean of women will be aided in their university work by the full-time assistants. These appointments are made by the two deans with the approval of the university administration and for the year 1926-27 will be Rachell Shacklette and George R. Kavanaugh.

It is intimated that plans are now under way for making a definite survey of social problems pertaining to student life in the university, with special emphasis laid on student employment. The newly appointed assistants to the deans of men and women will be active in making this survey, it is stated.

Both Miss Shacklette and Mr. Kavanaugh are graduates of the university, having received their bachelor of arts degrees in the class of 1925.

Miss Shacklette, who assisted Dean Franke last year and who holds the same position under Dean Blanding, was exceptionally prominent on the campus when a student. She is a member of the Chi Omega sorority.

George Kavanaugh served as secretary of the University Y.M.C.A. last year. While a student, Kavanaugh was prominent in many student activities and his senior year served as part-time assistant to the dean of men. He is a member of the Delta Tau Delta fraternity and a resident of Blackford, Ky.

Plans New Work

Extension Department Expects To Reach More Students

Last year the extension department had approximately 1200 different students studying for college credit either in correspondence courses or in extension classes. Nearly a thousand people were enrolled in extension classes at various points of the state.

The Department is planning for several extension courses to be conducted in Lexington, Paris, Winchester, Covington, Newport, Ashland, Frankfort, Shelbyville and perhaps other places this year. No definite statement as to the particular courses to be given can be obtained at this time but it is ex-

pected that the department will make a definite announcement within the next ten days.

A building and endowment campaign was started by the alumni and is being pushed.

Alumni dues and Kernel subscription are \$3. Send yours in today.

PRINCE ALBERT has been the campus favorite since the days of long-haired fullbacks, high button shoes, turtle-neck sweaters, and hand-painted dormitory cushions. This same wonderful tobacco is even more popular in these days of plus-fours.

And no wonder. Throw back the hinged lid of the familiar red tin and release that rare aroma of real tobacco! Tuck a load into your pipe and pull that fragrant P. A. smoke up the stem! That's Prince Albert, Fellows! Nothing like it anywhere.

When problems press and your spirits slip over into the minus column, just get out your jimmy-pipe and load up with this really friendly tobacco. P. A. is so kind to your tongue and throat and general disposition. Buy a tidy red tin today.

PRINCE ALBERT

—no other tobacco is like it!

May Set Dates For Fraternity Initiations

Dean Will Call Conference To Consider Means of Eliminating Confusion.

Definite dates for initiations of social fraternities will probably be set at a conference of fraternity representatives and the dean of the university, if the present plans of Dean Melcher materialize.

Dean Melcher suggests that no initiations be held until 30 days after the beginning of each semester. If this plan is carried out fraternity initiations will be held in March and October of each year and no initiations will be held at the close of the second semester.

Rooms Rated

Inspection of Student Rooms Made by George Kavanaugh

Two weeks preceding the opening of school George Kavanaugh, assistant to the dean of men, inspected all the rooms which had been listed for rent to students.

The inspection was very complete and some of the rooms were found to be undesirable, although 150 were rated satisfactorily.

At the same time that fraternities ask for grades in order to hold their initiations, they will be asked to submit lists of their members.

SQUIRREL FOOD

Lucile Cook she was, being a sophomore she helped her but I didn't even need that help.

Title—There's Music in the Air Sub-title—Every Man for Himself Alpha Gamma Rho—"How You Go"

After Akkie and I recovered from our knock down and drag out over where to put the dressing table it would really have put Dumsey and Tunney to shame, they oughta' take lessons from us

Or Ludvig whose mamma has spent three of the most exhausting weeks getting him settled at the university. At the present moment she is making a reluctant departure for home

Co-o Lament—"I used to love you, but it's all over—all over the campus."—Orange Peel.

A fat man has one advantage over a thin one—he knows exactly where his cigar ashes are going to fall.—Bucknell Belle Hop.

And His Old Man? Jane—"You need just like your brother."

He—"Whose fraternity pin is that?" She—"Isn't it yours?"

He—"Of course not." She—"Oh, heavens, I must have gotten them mixed up again."—Jack-o-Lantern.

Receives Ph. D. Wellington Patrick Completes Work on Degree in Summer

EQUIPMENT IS GIVEN COLLEGE

Valuable Blacksmith Equipment Donated to Engineering College As Tribute and Memorial by H. W. Went

SHOP IS BEING BUILT

When the second semester term of the university begins in February, the University of Kentucky will possess the most complete and up-to-date blacksmith shop connected with any technical college in America.

The history of the building and equipping of this modern shop goes back many years. More than fifty years ago, H. W. Went went into the business of making forges.

Debating Team Will Start Practice Soon

Oxford University Delegation Will Come to University. Prof. Sutherland Says

Kentucky will debate Oxford university here early in December on the question: "Resolved that society has more to fear than to hope from science," according to Prof. W. H. Sutherland, coach of the university debating team.

The Oxford team toured the Pacific coast last year, meeting teams from Leland Stanford, the University of California and other large colleges.

NOBODY understands the principle of a balanced program better than the manager of a vaudeville house. That's a thought to you men now making out your study programs. Balance the chemistry with English literature; balance your calculus with economics. It all gets down to the fact that in industry today, electrical communication included, you will find men well-grounded in their specialty but broad in human sympathies—men of the "all-around" type who can shoulder big responsibility in a big organization. Western Electric Company Makers of the Nation's Telephones Number 61 of a Series'

Receives Appointment

W. A. Harbold Is Made Second Lieutenant in Army

William Albert Harbold, of Lexington, who was graduated from the university last June, was included in the list of 143 candidates who have been selected for appointment as sec-

ond lieutenants in the regular United States army. He was a major in the R.O.T.C. at the university last year. Three other Kentuckians were included in the list.

Harbold was a valued member of the varsity football team last year, playing regularly in the line.

Alumni dues and Kernel subscription are \$3. Send yours in today.

500-MILE HORSEBACK RIDE

Prof. Glanville Terrell has proved himself to be as proficient in the gentle art of horsemanship as he is in the teaching profession. He returned to the university for the fall session from Louisa, Virginia, on horseback, a distance of 500 miles.

NEW PROFESSORS ARE EMPLOYED

Twenty-nine Teachers Begin Work in Various Departments of University for First Time This Fall

SOME FILL VACANCIES

Twenty-nine new instructors have been engaged for the opening of the fall semester of the university. They are:

- Miss Pearl E. Ruby, Assistant Professor of Home Economics.
- Miss Mary Dey, Instructor in Home Economics.
- Dr. C. C. Ross, Professor of Educational Psychology.
- Mr. E. E. Bratcher, Instructor in Agricultural Education.
- Mr. Ralph Wood, Instructor in Agricultural Education.
- Miss Mary Adams, Critic Teacher in Home Economics Education.
- Miss Donella Spickard, Critic Teacher in Home Economics Education.
- Mr. W. W. Chambers, Instructor in Mathematics.
- Mr. Amy Vandenhoeck, Assistant Professor of Political Science.
- Mr. R. H. Weaver, Instructor in Bacteriology.
- Miss Gene B. Lowry, Instructor in Art.
- Miss Mildred Scheiderhan, Technician in Hygiene.
- Miss Gertrude Wise, Graduate Assistant in Botany.
- Mr. M. E. Potter, Instructor in Physical Education.
- Mr. R. E. Murphy, Instructor in Geology.
- Mr. Daniel Bailey, Graduate Assistant in Physics.
- Mr. L. A. Pardue, Graduate Assistant in Physics.
- Mr. R. B. Scott, Graduate Assistant in Physics.
- Mr. Ellery L. Hall, Graduate Assistant in History.
- Miss Lydia K. Fremd, Graduate Assistant in Mathematics.
- Mr. Gardner C. Bassett, Associate Professor of Psychology.
- Mr. W. E. Watson, Graduate Assistant in Psychology.
- Miss Erma Juhl, Graduate Assistant in Psychology.
- Miss Elinor Nims, Instructor in Sociology, one-half time.
- Dr. T. D. Rhodes, Physician in Hygiene department, Assistant Professor.
- Miss Sarah Blanding, Instructor in Political Science, Dean of Women.
- Mr. Emmett Bradley, Instructor in English Department.
- Mr. Abner W. Kelley, Instructor in English.
- Mr. Roy Moreland, Instructor in Law.

Some of these instructors are filling vacancies left by resigning faculty members but the majority have been employed to meet the situation caused by the increased enrollment.

Wins Scholarship

Alfred P. Robertson, of Mayfield, junior in the College of Arts and

Sciences at the university, was awarded a Citizens' Military Training Camp scholarship this summer. These scholarships are offered each year to outstanding C.M.T.C. students

who attend one of the C.M.T.C. camps. The value of the scholarship is \$40. Competition was open to all residents of Kentucky, Ohio, Indiana and West Virginia, who were in C.M.T.C. camps.

It's the "wise bird" that uses only the best pen

Pride of ownership is not the only thing that has made the Lifetime* the outstanding student's pen. Real economy has been another factor. When the student buys this unfailing writing instrument, made of enduring Radite of lustrous green, his expense ends with its first cost. There are no charges for repairs, no matter what happens. It is *unreservedly guaranteed*. Spot it by the dot—at better dealers everywhere.

Favor the Dixie Dealer ---he favors you

Real Fruits Are Its Flavors

Step right up to the fountain which sells Dixie and get some pure, Heathized Ice Cream with the flavor of fresh fruits. Luscious peaches, sweet, mellow and freshly picked, the kind which makes your mouth water. Juicy red strawberries, the pick of the crop. Fresh ripe bananas, with their wholesome, easily digested nourishment. Delicious Pineapple with its shredded bits of glorious Hawaiian flavor. Oranges, lemons, grapes, cherries and all the other tasty fruits are used to make these wonderful Fresh Fruit Flavors in Dixie Ice Cream.

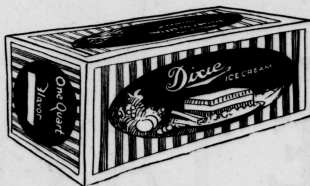

Pure Rich Cream Makes It Richer

Cream—the richest and finest that money can buy from selected dairies throughout the Blue Grass Section of Kentucky, in quantities far greater than the average person realizes—makes it richer. And through this all cream Ice Cream is the absolute purity and deepness of flavor that Heathization alone can bring.

IF YOU, students, were to shop for your ice cream at some of the different sources where it is made instead of at the different stores where it is sold, you would get a clearer, sharper picture of just how much your Dixie dealer is favoring you.

You would realize what it means to you to be protected with Dixie quality and purity—to eat ice cream rich with the wholesomeness of pure, sweet cream, sweetened with pure cane sugar and filled with the juicy goodness of actual fruits.

You'd begin to realize, too, that this dealer whose policy will not tolerate a substitute for quality in the ice cream he buys for your table, isn't likely to tolerate substitutes for quality in other things he buys to sell to you. Certainly you are only being fair to yourself when you favor the Dixie Dealer Near You who is doing so much to favor you.

There's a—
"DIXIE DEALER NEAR YOU"

The Dixie Ice Cream

Manufacturers of
Heathized Ice Cream
and Fancy Ices

Makes It Purer and Tastier

You enjoy the refreshing delight of ice cream, but you like best that ice cream which combines with creamy richness and smooth texture the delicate and pronounced flavors of the fruits with which it is made.

Heathization Insures Quality

We make our ice cream by the HEATH method, a scientific improvement on all other ways of making ice cream, for two reasons. Firstly, it is a safeguard of purity. Our ice cream is made in freezers from which the air has been expelled and replaced by a sterile, pure, clean atmosphere. The second reason is that Heathization intensifies the flavors, increases the creamy, velvety texture of the ice cream and makes it smoother and more delicious. You will enjoy our ice cream more than any you have ever tasted because of these added features which are our exclusive right in this city.

Our ice cream is sold only through the Dixie dealer near you. Insure getting the best and purest ice cream by buying it where you see our sign.
