Dear Sir;-

I have just received a commission as captain in
the Engineer Reserve Corps.

I feel that more than any other thing I am indebted
to you for your endorsement of my application and beg of you to
accept my sincerest thanks for your help.

I have not yet been assigned to active duty and if
it is not presuming too much would like to ask for service in the
division which you will command.

Very truly yours

Supt. Operation.
