SECRETARY

CHICAGO, Feb. 5, 1921.

Mr. R. D. Williams,
Lexington, Ky.

My dear Sir:-

You were an officer in the late war and your experience has surely convinced you that military preparedness is essential to our safety as a nation.

THE MILITARY TRAINING CAMPS ASSOCIATION was organized by the graduates of Plattsburg and of other early camps. In April 1917 it became the most active civilian agency of the War Department and enrolled more than 300,000 candidates for the First and Second Officers' Training Camps.

VOLUNTEER CIVILIAN TRAINING CAMPS have been proposed by our Association for 1921 and approved by the War Plans Division of the General Staff. We want to gather 30,000 young men into training camps this summer in the nine Corps Areas.

THE WORK OF RECRUITING will fall largely upon the Association as well as the selection of Reserve Officers to assist in training. We need your help - will you not give your co-operation by signing the enclosed membership card?

Yours very sincerely,

Charles B. Pike
CHAIRMAN.

P.S. - A COMPLETE CARD CATALOGUE OF EX-OFFICERS is kept with our records. If you wish the address of any one of your former comrades it will be sent you promptly upon request.
