

Dr. Nicholls' accomplishments were numerous and varied. He was an exemplary parent, a successful farmer, an economist of international repute, and an author of many publications. In addition, he found time for church and community services. He was a member of the official board of the Maxwell Street Presbyterian Church and a member of the Fayette County Board of Education. His interest in general education is attested by his sponsorship of the Kentucky School Boards Association and by that Association which made the following statement upon his retirement as President. "He worked faithfully and achieved greatly for the public schools and community welfare. The children of Kentucky owe him everlasting gratitude." He was a member of the American Economic Association, the Kentucky Academy of Social Science, the American Farm Economic Association, The University of Kentucky Research Club, and the Rural Sociology Society of America. He was one of the early leading social scientists in America in the field of farm management, helping to organize the subject as an applied science.

His contributions to mankind are listed in American Men of Science, Who's Who in American Education, and Who's Who in America.

Dr. Nicholls' loyalty to the University, to the public school system, and to the American way of life was inspiring. He was a tireless worker, a good administrator and a faithful friend. Some of the outstanding agricultural economists of the world were trained by him during his forty years of University service.

Now, whereas it has pleased Almighty God to remove him from our midst, be it resolved that this memorial be spread upon the Minutes Books of the faculty, and of the Board of Trustees of the University of Kentucky and that a copy be sent to Mrs. Nicholls.

The Faculty adjourned.

R. L. Tuthill

Minutes of the University Faculty, October 13, 1952

The University Faculty met in the Assembly Room of Lafferty Hall, Monday, October 13, 1952, at 4:00 p.m. with President Donovan presiding. Members absent were H.P. Adams*, C. A. Anderson, C. C. Carpenter*, Louis Clifton, Carsie Hammonds, V. A. Musselman*, J. B. Shannon, Jonah Skiles, A. E. Slessor, Elvis J. Stahr, Jr., D. V. Terrell, William S. Ward and D. L. Weismann*.

The minutes of August 5 were read and approved.

Dr. L. E. Meece presented the following report of the Committee on Elections.

The elections committee appointed to supervise the election of new members to the University Faculty have today canvassed the returns of the election and certify to the following results:

Elected to represent the College of Law - W. L. Matthews, Jr.
Division of Home Economics - College of Agriculture and Home Economics - Anne Clemmons

* Absence explained

976

Division of Agriculture - College of Agriculture and Home Economics - Roy E. Sigafus (full term)
Dana G. Card (full term)
William G. Survant (to fill in unexpired term of Martin E. Weeks, expiring 1954)

Division of Physical Sciences - College of Arts and Sciences - O. T. Koppius (Physics)

Division of Philosophy, Art and Literature - College of Arts and Sciences - D. L. Weismann) Art
Clifford Amyx)

Division of Biological Science - College of Arts and Sciences - C. W. Hackensmith (Physical Education)

College of Engineering - Merl Baker
C. T. Maney

College of Education - V. A. Musselman

College of Commerce - H. W. Hargreaves

The following tie votes were recorded and solved by the election committee drawing lots: Philosophy, Art and Literature, C. Amyx and D. V. Hegeman; College of Agriculture resulted in three ties for the full and short terms - D. G. Card, D. G. Steele and W. Survant - with the result of Amyx a selection from the Division of Philosophy, Arts and Literature and D. G. Card for the full term in the College of Agriculture and Survant for the short term.

The Elections Committee decided on the procedure to draw lots in view of the fact that the time for reporting was short and the drawings were made in the presence of the full committee.

If this procedure is not satisfactory, we still have the tally sheets for the elections and can proceed some other way.

Yours very truly,

THE ELECTIONS COMMITTEE

L. E. Meece
L. E. Meece, Chairman
J. S. Calvin
R. D. Hawkins
J. T. Masten
A. C. McFarlan
D. M. Seath
T. B. Stroup

President Donovan welcomed the new members to the University Faculty.

Dr. R. L. Tuthill, Chairman of the Rules Committee, presented the following recommendations concerning military science.

TO MEMBERS OF THE UNIVERSITY FACULTY:

At a meeting of the Committee on Rules May 22, consideration was given to the proposed changes in the University Rules governing Military and Air Science, referred to the Committee by the University Faculty April 21. After discussion, the Committee voted to recommend the proposed changes to the University Faculty for approval. With the proposed changes, the rules will read as follows:

COLLEGE OF ARTS AND SCIENCES
Office of the Dean

March 24, 1952
(Revised: March 28, 1952)

XII. MILITARY AND AIR SCIENCE

ELIGIBILITY

Military or Air Science is required of all male freshmen and sophomores who are citizens of the United States, who are not less than fourteen (14) years of age, and whose physical condition is such as to meet the requirements specified by the Department of the Army or Department of the Air Force, depending upon the Department in which he may be enrolled.

Non-veteran students must not have reached their twenty-third birthday at the time of initial enrollment in the basic course of Army or Air Force ROTC.

A member of the Army Reserve, National Guard, Air Reserve, Air National Guard or Coast Guard Reserve is eligible to enroll in either the Military or Air Science basic course but is not eligible to enroll in the advanced course of the Army ROTC if he is a member of a Reserve component of a Department other than the Department of the Army, until he has been discharged from his Reserve status. However, he may be conditionally enrolled in the Army ROTC until he has been discharged from his reserve status.

Members of any Reserve component may be conditionally enrolled in the advanced course, Air Force ROTC, provided they have made a formal request through the Professor of Air Science and Tactics for discharge from the service of which they are a member. Formal enrollment in the advanced course, Air Force ROTC, will be upon formal discharge from the Reserve component.

ADVANCED CREDIT (TRANSFERRED CREDIT)

A student who enters the University with advanced academic credit and who has had no military training equivalent to the basic ROTC course is required to take Military Science or Air Science beginning with the first semester of the basic course until he attains junior classification regardless of whether the advanced academic credit is accepted conditionally or unconditionally; however, a student entering the University with more than one full year of advanced academic credit toward graduation is not required to take Military or Air Science, unless he has been previously enrolled in ROTC.

UNIVERSITY BAND

Freshman and sophomores may elect to enroll for a two year course with the University Band in lieu of meeting the ROTC requirements. During this two year course the Department of Music shall have complete charge of the training and instruction of the student and shall award the entire grade. Credit is to be the same as for Military or Air Science students. In accepting these students the University Band will be obligated to fulfill the Band requirements of the Military and Air Science Departments. (The Band requirements shall be agreed upon by the Heads of the Military Science, Air Science, and Music Departments, and approved by the Dean of the College of Arts and Sciences.

978
The schedule of these requirements shall be planned, approved, and published according to the policy of all other courses in the College of Arts and Sciences.) Enrollment in the University Band in lieu of basic ROTC will not satisfy the prerequisites for advanced ROTC.

EXCUSES

Any student who is physically unfit to perform military service under Department of the Army or Air Force regulations may be excused by his Dean, upon written recommendation of the University Physician. Notice of this recommendation shall be sent by the Physician to the Dean, the Registrar, and the Head of the Department of Military or Air Science.

If a student is excused from all or part of the requirements, he is released permanently from those requirements. If he is allowed to postpone any part of the requirements, he is required to make up the work before graduation.

Excuses from military training for work done in Junior ROTC Units (Essentially Military Schools, High Schools and Military Institutes where an Officer of the Army is detailed as Professor of Military Science and Tactics), may be granted by the Head of the Department of Military Science or Air Science, and may be applied only on the basic course. Excuses will not be given to a student for military training received prior to his fourteenth birthday.

The satisfactory completion of the Junior ROTC course will, at the discretion of the Professor of Military Science and Tactics or Professor of Air Science and Tactics, entitle a student to exemption from the first year of the basic course. If the student has not completed the Junior course satisfactorily, he will not be entitled to exemption from any part of the basic course.

If a student enters from an accredited non-collegiate institution where the basic course, Senior Division, is taught and has completed work in the Senior Division, he may be excused by the Military Science Department or Air Science Department for that portion of the basic course, Senior Division, completed.

Respectfully submitted,

COMMITTEE ON RULES

A. J. Brown
Leo M. Chamberlain
W. P. Garrigus
H. E. Spivey
M. R. Sullivan
M. M. White
R. L. Tuthill, Chairman

The University Faculty voted approval of the proposed changes.

Dr. Tuthill also presented a recommendation from the Rules Committee that the University Faculty be enlarged by doubling the number of elected members. After some discussion the Faculty approved the recommendation as follows:

By a motion duly moved, seconded and passed by the University Faculty at its meeting of October 8, 1951, the Rules Committee was requested to re-study the distribution of membership according to

the existing "Governing Regulations of the University Faculty" (Page 8, paragraph 2, lines 3 and 4). This the Committee has done.

On June 2, 1952 the Rules Committee received a letter from the President of the Kentucky Chapter of the A.A.U.P., presenting a resolution adopted by the Chapter on May 23. This resolution is as follows:

"The Chapter urges upon the proper University authorities the desirability of reorganizing the Faculty by making all full professors members of that body by virtue of their position. The present representative system should be retained, except that full professors, like other ex-officio members, should be excluded from participation in the elections as candidates or voters."

The present Rules Committee is convinced that the reconstitution of the University Faculty called for in the A.A.U.P. resolution is inappropriate at the present time. The Committee does believe that a redistribution and numerical enlargement of the University Faculty might add vitality, as well as more accurate apportionment, to the present group. However, the Committee holds to the theory of duly elected representation as a more adequate methodology than membership by virtue of full professorial rank. Thus, the position of the Rules Committee is substantially that taken by the Committee of Fifteen after long months of study, and which has the formal approval of the Board of Trustees.

Therefore, the Rules Committee will present and move the adoption of the following changes at the meeting of the University Faculty:

1. that the elected membership from the combined faculties of the University be increased from the present thirty-nine (39) to seventy-eight (78):
2. that the number of representatives for divisions and/or colleges be re-apportioned according to the chart below, which is based upon the number of active permanent personnel of professorial rank as of March, 1952:

	<u>Pres.No. of Repres.</u>	<u>Pres.No. of Prof.Rank</u>	<u>% of Fac.</u>	<u>No. of Rep. Suggested</u>
Lit.,Phil.,Arts	7	63	21.0	16
Soc. Studies	3	36	12.0	9
Phy. Sciences	4	30	10.0	8
Biol. Sciences	4	41	13.6	10
Agriculture	7	47	15.6	12
Home Economics	1	6	2.0	2
Engineering	5	31	10.0	8
Law	1	8	2.6	2
Education	3	15	5.0	4
Commerce	3	21	7.0	5
Pharmacy	1	6	2.0	2
	<u>39</u>	<u>304</u>	<u>100.8</u>	<u>78</u>

3. that within the College of Arts and Sciences, if any department has not been represented for three successive years, that department must be represented the following year by the election of one of its members:

4. that the following administrative positions be added to the membership of the University Faculty:

- (1) Professor of Air Science and Tactics
- (2) Associate Dean of the College of Agriculture and Home Economics

RULES COMMITTEE

A. J. Brown
L. M. Chamberlain
W. P. Garrigus
H. E. Spivey
M. R. Sullivan
R. L. Tuthill, Chairman
M. M. White

President Donovan directed that after the new members are elected, they should draw lots for the one, two and three-year terms. The election is to be held immediately.

Dean White presented the following recommendation from the College of Arts and Sciences which was approved by the University Faculty.

The faculty of the College of Arts and Sciences recommends to the University Faculty that the following course be approved:

MFL 73a, b. Advanced Readings in Russian Literature (3,3)

Readings in Russian in Gogol, Turgenev, Tolstoy, Lermontov, Dostoyevski, and others. Assigned reading in English on Russian history and culture. Review of Russian grammar as necessary. Oral practice. Prereq.: MFL 72b or equivalent.

Dean White also presented a request from the College of Arts and Sciences to allow the University Marching Band to give concerts in the Bellevue-Covington area, October 24 and 25, to give a concert and marching demonstration in Corbin and to play at the football game in Knoxville, November 21 and 22. This request was approved by the University Faculty.

Associate Dean Horlacher presented for the College of Agriculture and Home Economics a recommendation for a new course which was approved as follows:

The faculty of the College of Agriculture and Home Economics at its meeting on September 15 approved the following course and recommends it to the University Faculty for approval:

NEW COURSE

Agricultural Extension 110. Agency Relationships. (1)

In this course the student learns something of the objectives and how public and private agricultural agencies and organizations work together for the improvement of agriculture. Lecture, one hour.

In the absence of Dean Stahr, Professor W. L. Matthews, Jr. presented a recommendation that certain courses in Law be dropped and two courses added. The University Faculty approved the recommendation, which is as follows:

To be dropped:

- Law 191 Equity (4 semester hours)
- Law 192 Equitable Remedies (2 semester hours)
- Law 105 Agency (2 semester hours)
- Law 141 Partnership (1 semester hour)

To be added:

- Law 191a, b Equity I-II (4, 2 semester hours)
- Law 196 Agency and Partnership (3 semester hours)

Dean Slone presented for the College of Pharmacy a request to drop Chemistry 23a and b, Physics, which was approved.

Dean A. D. Kirwan, Chairman of the Committee on Student Organizations, presented a request for a club to be known as the University Weight-Lifting Club. He also presented a request from students majoring in Physical Education to organize a club to be known as the Physical Education Majors Club. Both organizations were approved by the University Faculty.

Dean Spivey called attention to an error in the minutes of the Board of Trustees in which the degree of Doctor of Engineering was reported as Doctor of Philosophy. President Donovan stated that a correction would be made at the next meeting of the Board of Trustees.

President Donovan spoke briefly concerning the present trend in enrollment at the University. He announced that the freshman class was larger than last year and included one hundred thirty-two (132) veterans of the Korean War. He expressed confidence that the enrollment would increase in the future unless there should be an all-out war. He urged the members of the Faculty to use every care to report promptly on the attendance of the Korean veterans since failure to do this might be costly to the University.

The Faculty adjourned.

R. L. Tuthill
Secretary

Minutes of the University Faculty, November 10, 1952

The University Faculty met in the Assembly Room of Lafferty Hall, Monday, November 10, at 4:00 p.m. President Donovan presided. Members absent were H. P. Adams*, L. M. Chamberlain, W. P. Garrigus, L. J. Horlacher, V. A. Musselman*, Frank D. Peterson*, Earl P. Slone, Herman E. Spivey, Elvis J. Stahr*, D. V. Terrell, W. S. Ward, F. J. Welch and M. M. White.

The minutes of October 13 were read and approved.

* Absence explained
