By the time you've read this column, you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The first step in becoming a man is to become a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

For the sake of the man, you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

And so it is that you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

Gene McCarthy and his glorious amblers are showing the politicians a thing or two.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.

The man who is a man is a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man. You'll be a man because you'll be a man.
