No. 4

FRESHMAN ELECTION.

At a meeting of the Freshman class last week the following officers were elected:

Mr. Thomas Clarke Hedden, of Finchville, Ky., President.
Miss Ruby Marcum, Burnside, Ky., Vice-President.
Miss Lydia Eversole, Hazard, Ky., Secretary.
Mr. John S. Chambers, Murray, Ky., Treasurer.

Mr. Walter Jetton, Mayfield, Ky., Athletic Representative.

Mr. Hedden is a man well fitted for the presidency of the class and we predict great things for the class under his administration. He is a matriculate in the college of Mechanical Engineering and entered the University from the Academy.

Miss Marcum is a student in the department of Arts and Sciences, with Anatomy as a Major. She is well known and has done a great deal of good work in charitable circles of the city.

Miss Eversole is also a matriculate in the Department of Arts and Sciences, with Latin Major. Miss Eversole was prepared for the University in the Academy.

Mr. Chambers is in the Department of Arts and Sciences, with Anatomy and Physiology Major. He is well known to us by the interest he displays in football. Chambers plays center on the scrub team. He is varsity material.

Mr. Jetton is taking a classical course, Major English. All who know "Get-on" know he will make the class a good man wherever they put him.

CLASS TEAMS, NOTICE!

The faculty athletic committee and Coach Sweetland are very anxious that the class football games be played within the next two or three weeks so that new material for the varsity may be developed. There are not as many men out as the coach wants.

The coach will not allow first team men to play on class teams, so that the men who hope to play on said teams had better get busy.

Manager Lowry has suggested that one game be played while the team is in Illinois and the other just before the game with Tennessee.

Get busy!

BASE BALL

While it is as yet probably too early to begin formulating any plans for the base ball season of 1910, as foot ball is at present the all-absorbing topic of conversation and the branch of athletics that is occupying the attention of almost every student in the University, yet a few words in regard to base ball may not be much amiss.

Our managers in the past have always endeavored to secure for our team a schedule which would most thoroughly test the ability of the team and at the same time prove most attractive to the students. They have always done so. It is needless to state that it is my intention to arrange the strongest, most attractive schedule possible for our team the season that the office of manager is occupied by me.

We hear many of the students say that we need a coach for our base ball team and no one realizes that fact more thoroughly than I. One of my fondest dreams for the success, welfare and improvement of athletics at K. S. U. will be realized when I see a professional base ball coach come to dear old State, don his uniform, call together the candidates for the team and begin his work. We all want one, students and athletic committees alike, and I propose doing all in my power to have one as soon as possible. Every student in the University can assist in promoting this movement by supporting the Athletic Association and boosting K. S. U. athletics upon all occasions and at all times and places that an opportunity to do so is afforded.

It might be of interest to some of the new students to know something of the prospects for a winning team this spring. Of last year's team we have every member back with the exception of Caudill and Vivion, pitchers, and Cook, catcher and outfielder. Kith "Dutch" Creal, a member of the champions of 1908, back in school, we shall have nine men who have already won their "K's" in base ball to trot out upon the field next spring when practice begins, a man for each position. These men include Meadows, Gower, Vogliotti, Rochester, Hillenmeyer, Plummer, Ellis, Giltner (captain) and Creal, for the positions 1, 2,

(Continued on page 7.)

STATE 18—WESLEYAN 0.

State took the first game of the season, Saturday, by defeating Kentucky Wesleyan 18 to 0. Although the Wesleyan men played a great game, Coach Sweetland did not seem to worry about them, for he held our men in as much as possible, and tried out six substitutes. These men were Johnston, Theising, Babb, Hedges, Gaiser and Chambers. The coach is determined on having a fast team, and such things as shin-guards, nose-guards, and head-guards, which add extra weight, are not used. After the game, the coach put the squads through a brisk practice for an hour.

At 3 o'clock Wesleyan kicked off well behind State's goal line. State put the ball in play on the 25-yard line. Barbee gained 35 yards around left end. State fumbled, Rodes falling on the ball. Barbee kicked to Wesleyan's 15-yard line. Wesleyan kicked, Johnston returning the ball to the 15-yard line. State failed to make first down, and the ball went over. Wesleyan punted 30 yards. Barbee failed at place kick.

Wesleyan put the ball in play on the 25-yard line and lost five yards. State was penalized five yards for off-side play. Wesleyan failed and then kicked, State returning the ball five yards. Barbee made five yards, Carle four, and Rodes 30. State lost two yards and then three. Barbee failed at place kick.

Wesleyan tried a forward pass, State capturing the ball. State made a touchdown on an on-side kick. Barbee kicked goal. Score: State 6, Wesleyan 0.

State kicked to 15-yard line, Wesleyan returning the ball to State's 40-yard line. Johnston made 20 yards and Gaiser three. Barbee lost one yard and then 15 on a blocked kick. State then kicked to Wesleyan's 50-yard line, and recovered the ball. Barbee gained seven yards around left end. State then kicked after a series of short gains. Wesleyan gained a few yards and fumbled. Barbee made three yards around left end. Rodes followed with 12 around the other end. Gaiser went through left tackle for five yards. Shelby hit center for 10. Time called. Ball on Wesleyan's 15-yard line.

(Continued on page 6.)

THEATERS.

Opera. House—Coming, "The Wizard of Wiseland and Top o' the World."
Auditorium—Opens October 5 with Grand Opera.

Hippodrome.

This week the Hipp has six good big acts for the benefit of the Majestic's opening. Each one is a headliner in itself, although the final curtain is given to John Rutledge & Co. presenting a very amusing French comedette, Our Wife. The Tossing Lavalles, consisting of four persons, are wonderful equilibrists and acrobats. Also Albrazier, the trick pianist, and Baby Athlone are very enjoyable. Burt Williams is an exceptional black face, and ranks far above the ordinary. Last but not least are Faneen & Claxton in The Gutter Band, a side-splitting Dutch skit—"Rub a Little Lemon on It."

Majestic.

Again to open her doors to vaudeville after several weeks' vacation. The program is headed by Don Carney, a clever pianist, followed by Boyd & Allen in a song and dance act. Hesley & Adams are also in a son, dance and talking skit. The price of admission would be given by most anyone just to see La Dieux, the contortionist, interpreting the frog, lizard and dragon, with three special sets of scene.

Princess and Bluegrass.

Moving pictures and illustrated song.

EXPERIMENTING WITH MONORAIL.

The success of the monorail system for carrying freight and passengers is largely a question of finding a satisfactory type of carriage, and experiments are now being made in connection therewith on short lengths of roads in India. The monorail system is believed to possess great value because of its simplicity and cheapness of construction, for military purposes on mountain roads.

The picnic which was given Saturday by the Geology class was enjoyed very much by each and every member of the class.

Mr. James Cary is not yet able to attend college.

THE IDEA

Published every Thursday by THE IDEA SYNDICATE of the State University of Kentucky for the benefit of the students, the faculty and the alumnae of that institution.

Not full of tiresome technicalities, but of real interesting University news. The object of the syndicate is to teach journalism to the members; to have the members fill the paper with news written in correct English, and to put the paper before those interested in College news.

SUBSCRIPTION ONE DOLLAR THE YEAR, FIVE CENTS THE COPY

The following members of The Idea Syndicate issued this paper:

V. L. Downing, W. Obenchain
S. C. Ebbert, W. C. Duncan, Miss
Mattie Cary.

The following members of The Idea Syndicate will issue next week's paper:

J. O. Lewis, J. R. McConnell, F.
W. Staples, L. D. Wallace, Miss
Bessie Hayden.

Prof. James G. White, who has been connected with the University for so many years, and who has recently become Vice-President of the University, is proving his ability. He is trying in every way to suit conditions to the students, and is doing all in his power to help them. He has long been a familiar and much-loved member of the faculty, and all his friends and pupils congratulate him on his success.

THE TRAINING TABLE.

There is one addition this year to athletics which makes us feel that State is becoming a University by rapid strides. This addition is the Training Table for the football squad. There is nothing which the athlete needs so much as good, wholesome food, properly prepared. It is for this end that the Training Table was instituted. They are to be found in all large universities in the East, West, North and South, so why should not State have one. The boys who eat at it are going to be taught to "Fletcherize" by Coach Sweetland, and lectures on the value of that system will be given them by Prof. Mustaine. All who heard Dr. Anderson of Yale lecture last spring will know of what importance it is to "Fletcherize," it is half the meal they say. The men are put on the table according to the merit of the work done on the field, and the number will gradually increase.

Those who are eating at the table now are as follows: Manager Lowry, Coach Sweetland, Hendrickson, Dunlap, Johnston, Ellis, Webb, Barbee, Shanklin.

MRS. MARSHALL.

A meeting of unusual interest to

the boys who room in the dormitories was held Wednesday afternoon. Mrs. Marshall met the boys in the Y. M. C. A. room at that time. She made them a very pleasant talk and incidentally imported to them some news that is causing many of them to take notice. This interesting bit of news was in the form of an announcement that she intended giving three prizes this year for the best kept rooms in the dormitory, these prizes to be given one each to the occupants of the most attractive and most neatly kept rooms, in the two-men, three-men and four-men rooms respectively. Some model rooms will surely result from this action of Mrs. Marshall's, and keep competition for the prizes is expected.

H. HALL, MANAGER.

At a meeting of the Faculty Athletic Committee, held last week, Mr. Henry Hall was selected as manager of the 1910 baseball team. Mr. Hall is a member of the Senior mechanical class and is a good student and a fine fellow.

The committee also decided to allow each man of the football team who lives here one dollar per week to help pay the additional expense brought on by the training table. Those who board here will be allowed as much as the training table costs above their regular board. Not more than six dollars per week will be allowed for "rubbers."

The Agricultural Society met Wednesday, the twenty-ninth, and after giving Commissioner of Agriculture, Rankin, and Secretary Newman, a vote of thanks for courtesies shown them during their stay at the Student Judging Contest, held at the

State Fair the previous week, elected the following officers for the ensuing year:

Mr. W. B. Wilson, President.
Mr. George Eastwood, Vice-Pres.
A. E. Ewan, Secretary-Treasurer.

Plans for this year were discussed and a special committee was appointed to visit the owners of the principal stock farms of the Blue Grass and obtain their permission for the students to visit their farms each Saturday.

TENNIS CLUB.

Among all forms of light exercise recommended by authorities upon such subjects, tennis probably ranks first. A few games of tennis every afternoon after the day's class work is over is, for exercise, the most beneficial, and for sport and pastime the most pleasant. The Y. M. C. A. courts, between Stoll Field and the lake, have just been worked over and are now in good condition for playing. Any one who is at all interested in tennis is invited down to inspect the courts and, should he care to join the Tennis Club, is requested to see W. C. Duncan, Room 36, Old Dormitory.

VICE-PRESIDENT MEETS SENIORS AND JUNIORS.

Vice-President White requested the members of the Junior and Senior classes to meet him in Chapel, Friday, at the end of the fourth hour, and when they had assembled they heard some sterling words of advice. The importance of proper conduct upon all occasions was earnestly impressed upon them. The fact that they were some in the very near future to become active citizens of this great country was forcibly pointed out to them, and Prof. White impressed upon them the importance of laying a firm foundation for a strong citizenship in future by active now and at all times as a good citizen should. Prof. White's talks are always laden with sound advice, and we feel sure that his few words to us Friday will produce fruitful results. We might add that Prof. White has a plan under consideration that, when put into execution, will add greatly to the attraction of our Chapel services.

Miss Dolly Battaile entertained the members of the Chi Epsilon Chi Sorority Friday evening at the home of her aunt, Mrs. Fannie Bullock, in honor of Miss Mary Rodes, who leaves for school October 3rd. Among those present were Misses Mary Rodes, Margaret Vanmeter, Florence Leigh, Sarah Marshall, Cary Williams, Sallie Bennett, Mary Barrett Smith and Mattie Cary. The decorations were beautifully carried out in purple and white, the colors of the sorority.

ANNIVERSARY OF PROFESSOR NEVILLE'S DEATH.

It will be remembered by the student body that Tuesday, September 28th was the anniversary of the death of Professor Neville.

Professor Neville is dead, but he still lives in the minds and hearts of his students and friends. His efficiency as an instructor is seen in the ability with which his former students impart the knowledge secured from him. These students may be found not only in nearly every state of the Union; but in our insular possessions as well.

If there ever was a person who, as our greatest bard has said, left his "foot-prints on the sands of time," it was he. May we ever cherish his memory and emulate his life as a gentleman and a scholar!

LAW DEPARTMENT.

The Law Department is just in receipt of American Decisions. This is a very valuable work and one not easily secured. The students of this department are congratulating themselves upon their good fortune in securing these treatises, which involve many very complicated questions and contain the Supreme Court's rendition of the law as applicable to these cases.

The Law Department looks healthier and more prosperous than ever. Practically all of the old men are back and a host of new students are to be seen in this department. A most successful year is predicted.

PATTERSON LITERARY SOCIETY.

The few members of the Patterson Literary Society who were present at its weekly meeting Saturday night, went away with the thought uppermost in their minds that this meeting was one long to be remembered. The opening address was delivered by Mr. H. H. Babb, who made a talk that was interesting and held the attention of the audience from beginning to end. Mr. Babb was followed by President Hubbard, Mr. Babb occupying the chair during Mr. Hubbard's talk. Mr. Hubbard's address was on the subject of "Carriatures," and he kept the audience laughing throughout his speech. After Mr. Hubbard's address, the members were "turned loose" upon a table heavily laden with various kinds of fruit, and what was not eaten was carried away in pockets for future reference. The feast was followed by a short business meeting, after which the meeting adjourned.

NOTICE.

These men must see R. A. Lowry before Saturday, October 2, and sign a deposit card in order to hold their season tickets. Each man must sign a separate card. R. A. LOWRY.

**ILLINOIS RAH!
ILLINOIS REE!**

K. S. U! KEN-TUCK-Y!

Coach Sweetland and the Varsity squad will take their "mascot"—Bob Lowry—to Urbana soon, and a special car has been arranged for him. No doubt Coach sees the necessity for a roofer. He hopes that others may anticipate the trip and help cheer our noble team, and mascot from the sidelines.

Encouragement is what the team needs, and this only can come from a loyal bunch of rooters. A game has been won by cheering the team hard when things looked against us. So weigh this matter well in your consideration of this proposition. If Kentucky can beat Illinois, and she can do it, if her students will but be loyal. Let us then keep up our good reputation for noise and give Illinois the benefit of some noise.

Manager Lowry has interviewed the railroad authorities for rates and has succeeded in obtaining a round-trip rate of \$13.85. This however, does not include hotel and sleeper expenses, which can be kept at a minimum, making the entire trip a little over fifteen dollars.

Messrs. Robert Atkins and Kremer Bain and other members of the surveying party have returned to college to resume their work.

MINING NEWS.

Kentucky State's Mining Building is nearing completion, and it is rumored that the various departments will be in full blast the latter part of this semester.

There are several new departments to be established—the Study of Iron and Steel, Iron and Steel and Their Crystalization, and the Heat Treatment of Iron and Steel, and also a new Calorimeter which is exceedingly accurate is to be installed.

The Mining Society held its first meeting of the year Monday, and many important matters were "cussed and discussed." The election of officers is expected to be held at the next meeting, the time of which will be announced later, and a full attendance of all members is requested.

The Girls Dance, a week from last Friday night, was quite a successful one, and was greatly enjoyed by all those present. A great many old students of this University came back in order to be present.

STATE 18—WESLEYAN 0.

Second Half.

Barbee kicked the ball over the goal line. Wesleyan could not advance the ball, but kicked 25 yards and regained the ball on a fumble. Wesleyan, failing to gain, tried a forward pass, Johnston catching the ball. Six downs netted 35 yards for State, the latter being penalized for off-side play. State made a 40-yard punt, Wesleyan fumbling and State securing the ball. Another row of gains brought the ball to the two-yard line, where it was lost. Wesleyan kicked, State making a fair catch. Barbee failed to kick goal. Wesleyan kicked to middle field. Barbee made two long gains. Theising, who had taken Gaiser's place, made five yard and Shanklin made the second touchdown. Barbee kicked goal. Score: State 12, Wesleyan 0.

Wesleyan kicked off. Barbee, Rodes and Shelby made first down. Rout was then put in at fullback, and he, with Barbee and Theising, made the distance. State penalized five yards. Rodes made a long gain around left end, but the ball was brought back and State penalized 15 yards. State kicked to 20-yard line, Wesleyan failing to gain. Wesleyan lost the ball on a forward pass, Ellis receiving the ball. Barbee gained and Shanklin followed with a touchdown. Barbee kicked goal. Score: State 18, Wesleyan 0. Hedges took Barbee's place, and Wesleyan kicked off. Johnston, Rout and Shanklin made gains.

Johnston lost seven yards. Babb was substituted for Earle, and Chambers for Webb. State made six yards in two downs. Time called.

At the beginning of the game the teams were lined up as follows:

State.	Position.	Wesleyan.
Rodes	L. E.	Eagle
Dunlap	L. T.	Boles
Ellis	L. G.	Trigg
Webb	C.	Ruggles
Earle	R. G.	J. Hunt
Hendrickson	R. T.	T. Hunt
Shanklin	R. E.	Henry
Johnston	Q. B.	Duty
Barbee	L. H. B.	Godby
Gaiser	R. H. B.	Harris
Shelby	F. B.	Cockrell

THE BATTALION.

This year State can boast of a battalion superior in many respects to all preceding ones. Our Colonel and his staff of efficient officers have already been working with unending zeal to shape the raw recruits into finished soldiers. With Dick Webb as Major, W. W. Stevenson as Battalion Adjutant and a staff of superior commissioned and non-commissioned officers we expect great things.

Recently three men have received commissions as Second Lieutenant. They are as follows: H. L. Moore, J. O. Lewis and J. T. Bruner. The battalion gained a great deal when it got these men.

The uniforms will be here Friday, October 8, and the men will wear

them to drill on October 14. As soon as all have uniforms they will march in football parades and then is when every man feels glad he can call K. S. U. his alma mater.

The battalion was put into actual service when it charged on the grandstand on Stoll Field, moved it by Herculean efforts from the old position to a new one, where it stood its ground and still stands. The next attack on it will be made by the rooters during our next football game. Here's hoping it will continue to stand its ground.

The battalion now has 240 men in it, and the attendance is fine. We hereby publish the rules drawn up by the military department for governing students living in the dormitories.

Rules for the Dormitories.

1. All students must be in their rooms not later than 7:30 p. m. on study nights.
2. Beds must be made up each morning before the occupant leaves his room.
3. Shoes, books and clothes must be kept in order.
4. No change in room will be made, except by permission of the Commandant.
5. Quiet must be observed during study hours, 7:30 to 11:00 p. m.
6. Inspections will be made each Sunday at 9:00 a. m., at which time all rooms must be in order. Occupants must remain in their rooms until after the Commandant has made his inspection.
7. Any student who disobeys the above rules will be deprived of the privileges of the dormitories.

COMMITTEE ON DORMITORIES.

FERRY BRIDGE IS POPULAR.

The ferry bridge continues to find favor in Europe. One of this type, with a span of 910 feet, is planned for erection across the Rhine at Koblenz, Germany. The floor with its double track, will be carried by a steel arch. Another ferry bridge of even greater length is to be built at Bordeaux, France, over the Garonne, which at the point of crossing has a width of over 1,500 feet.

ESKIMOS HAVE NO DOCTORS.

The Eskimos have no physicians; indeed, have no name for drugs or doctors. Nature here acts the good sanitarian and shuts the door against all disease germs and blend in their food iodine, the most powerful and least harmful of all antiseptics. The use of remedies either inside or out is unknown. Wounds heal up at once without mattering. All tumors, warts and cancers are unknown.—New York Press.

BASEBALL.

(Continued from Page 1.)

3, 4, 5, 6, 7, 8, and 9 respectively. Besides these men we have two new batteries that are said to be very fine and have shown by their work since they have been this fall that they will be very valuable additions to the team. Besides the new batteries, I understand that there are quite a number of excellent players who will be candidates for the various infield and outfield positions, so that some of the old men will have to hustle some to hold their places.

So we see that our prospects are fine. Many of these men will also be back for the collegiate year 1910-11. In fact we only lost one this year by graduation, so that our prospects for the next two or three years in base ball could not be more flattering.

I will take this opportunity of thanking the student body for their action in the election recently held. Any one who has any suggestions to make at any time for improvements in the service or anything else over which I shall have any power will be gladly welcomed by me, and I will do all I can to carry out their suggestions in so far as they are within reason and my power.

W. C. DUNCAN.

Tuesday morning, at the regular Chapel hour, the faculty and student body of State University met together in the Chapel of the main building and held memorial services out of respect for the late Prof. J. H. Neville, the anniversary of whose death was Tuesday. The services lasted almost an hour and a half and the third hour classes, which immediately follow Chapel services, were suspended for the day.

The services were conducted by Vice-President James G. White, who read from the book of Proverbs, "A soft answer turneth away wrath, but grievous words stir up anger."

Prof. White spoke at some length, both referring to the foregoing passage and speaking of the extraordinary life of Prof. Neville. He was followed by the other speakers of the morning who spoke in the following order: President James K. Patterson, A. S. Mackenzie, F. Paul Anderson and T. T. Jones, Alpha Hubbard, representing the Senior Class; O. E. Baird, representing the Junior Class, and Gray Rochester, representing the Sophomore Class.

Miss Mary Spencer spent from Friday until Monday at the Seelbach in Louisville.

Miss Anna Hawkins was called home Monday on account of the death of her sister.

Miss Alice Cary Williams was with Miss Mattie Cary for the dance in Versailles last Tuesday.

POLY-COLLEGE CHAT.

Is the Mustache the Thing?

Are the pompadors, the hat bands, and other well known college fads to give away to another? The latest thing in college freaks is the mustache. It is a case of history repeating itself. They were the thing in college twenty or so odd years ago. Colorado reports the appearance of the cunning things, while, at a meeting of the Senior Mechanical Engineers of Purdue, the following resolutions were adopted:

We, the undersigned members of the senior class of mechanical engineers of Purdue university, do solemnly and with all serious intent agree to grow to the best of our ability mustaches during the time interval between September 21st and November 24th, 1909.

Each of the undersigned agrees to forfeit the hair on his head upon failure to comply with the above agreement.

The girls of the University of Minnesota, are real suffragettes, instead of becoming members of an athletic association governed by men, they have formed one of their own. They will elect their own managers, from their own rules, and be entirely independent of the tyrannical "Eds." Their platform at present is to build a gymnasium which will be the exclusive property of the coeds.

Oklahoma has started a law school this year with a graduate of Iowa as dean, and ten per cent of the matriculates as students.

O, shaw! Rugby Foot-ball! What does the Cow-boy-College man do but, after a summer of cow punching and brone-busting, go to the University of Nevada and play the safe and save game of Rugby.

For the first time in its history Pennsylvania was represented in debate by a team composed of Chinese students against a similar team from Cornell. Pennsylvania won the beautiful silver cup offered.

Princeton's football schedule for this season is:

- Oct. 2. Stevens Institute.
- Oct. 6. Villa Nova.
- Oct. 9. Fordham.
- Oct. 13. Virginia Polytechnic Institute.
- Oct. 16. Sewanee University.
- Oct. 23. Lafayette.
- Oct. 30. Navy at Annapolis.
- Nov. 6. Dartmouth.
- Nov. 13. Yale at New Haven.

The University of Pennsylvania will play the following games this year:

- Saturday, September 25th—Gettysburg at Franklin Field.
- Wednesday, September 29th—Rutgers at Franklin Field.
- Saturday, October 2d—Dickinson

at Franklin Field.

Saturday, October 9th—West Virginia at Franklin Field.

Saturday, October 16th—Brown at Franklin Field.

Saturday, October 23—State at Franklin Field.

Saturday, October 30th—Indians at Franklin Field.

Saturday, November 6th—Lafayette at Franklin Field.

Saturday, November 13th—Michigan at Franklin Field.

Thursday, November 25th—Cornell at Franklin Field.

W. W. STEVENSON ELECTED.

The first meeting of the Junior Class for the present school year was held in the Y. M. C. A. room on September 22. The meeting was called for the purpose of electing officers for the year 1909-10. Mr. W. W. Stevenson was elected president, Miss Frances Hughes, vice-president, Mr. James A. Boyd treasurer, Miss Alice Cary Williams secretary, and Mr. O. E. Baird class orator. Mr. R. S. Webb was elected manager of the class football team, and Mr. F. T. Miles, the expiring president, was elected as class representative on the faculty athletic committee to succeed Mr. R. T. Cash, the latter not being in the University this year.

This class has been very lucky in the selection of such capable persons for its officers in the past, and from the names above it is easy to see that the present year is no exception to the rule.

THE CADET HOPS.

The Cadet Hops, which have always been enjoyed by the students of the University to the utmost, are going to be kept up to the same high standard of past years. The Dance Committee this year is composed of nine men, all of whom have the interests of the student body at heart. The committee is as follows: Joe Shelby, chairman; W. A. Obenchain, treasurer, with Hall, Atkins, Adams, Hillenmyer, Post, Fox and Paynter on the advisory board.

The first Cadet Hop given this season was a success in every way and thoroughly enjoyed by all present. The committee hopes to give a dance Saturday evening, October 16, in honor of the Tennessee football squad. We hope all who possibly can will come to this dance and help entertain the Tennessee boys, who gave our team a royal reception last year. This year the proceeds of the hops will be turned over to the Athletic Association, and all who come will help that body a great deal, as well as themselves.

At the first regular meeting of the Neville Literary Society, last Thursday, Miss Sarah Marshall was elected President for the present term. The other officers were not elected.

ATHLETIC TICKETS.

Buy One at Once if You Haven't
Already Done So.

All students in the University who have not signed up Athletic Cards should be ashamed of themselves, for all have had an opportunity to do so. At most universities it is compulsory to buy an athletic ticket as it is to matriculate. Here the student is supposed to have pride enough about him to want one, and if he hasn't the ready money Mr. Frazee kindly allows you to sign a card on the strength of your deposit. Therefore, no one has any excuse for not doing it right away. It gets you not only a membership in the Athletic Association, but a season ticket to the football and baseball games.

Sign up now if you have any college spirit in you whatsoever.

See Manager Lowry about it, or, if you can't find him, see Major Carbusier or Prof. Miller.

SENIOR CLASS.

At the meeting of the Senior Class, last Wednesday, the following officers were elected:

President—R. A. Edwards, Edue, Boydsville, Ky.
Vice-President—Miss S. R. Marshall, Arts, Lexington.
Secretary—Miss Catherine Shouse, Classical, Henderson.

Representative—Alpha Hubbard, Arts, Hubbard.

Treasurer—R. H. Cram, Meeh., Williamstown.

Orotar—Morgan Jones, Law, Pelham, Ga.

Prophet—J. G. Estes, Civil, Lebanon. Historian—Miss M. F. Cassaday, Arts, Versailles.

Grumbler—H. W. Smith, Civil, Henderson.

Poet—Miss Esther Vaughn, Arts, Waddy.

The "Kentuckian" staff is as follows:

Editor-in-Chief—L. S. O. Roark.

Asst. Editors—Alpha Hubbard and G. P. Mills.

Assoc. Editors—R. W. Adams, E. Mosley, P. B. Blakemore, E. B. Webb, B. H. Logan, L. C. Bridges, Miss Lida Jones, and Miss Sara Marshall.

Art Editor—R. A. Edwards.

Business Manager—"Hoss" Hall.

The consideration of adopting a class ring was brought up at the meeting, and President Edwards appointed P. B. Blakemore, Miss Ruby Fleming and Eugene Mosby to act on this committee.

The Committee on Corduroys are Bridges, Nelson, Warren, Logan and Ewan. Both committees have yet to present their reports at the next meeting.

Miss Hester Lowry was here Saturday with Miss Sallie Bennett.
