Freshmen climb in Add/Drop ranks as semester begins

By MYRNA MARCA
Staff Writer

Being number two isn't often a position that is relished, but this year freshmen will welcome the opportunity.

Add/Drop, which traditionally kicks off the start of each semester, starts tomorrow and runs through Aug. 28.

While Add/Drop is nothing new to older students, freshmen will stand second in line to add or drop courses for the Fall 1990 session — a break from the past.

"Since (freshmen) are at the end of the file at Advance Registration, we're trying to let them have a chance to pick up what they need during Add/Drop," said Lisa Collins, director of registration.

Graduate students and seniors will Add/Drop first, followed by freshmen, juniors, sophomores, and non-degree students.

"Everybody who's involved in registration at UK felt like it was time that the freshmen were given an opportunity to get at the head of the line, so to speak," Collins said.

Add/Drop will also feature changes in registration sites. This procedure will decentralize graduate school Add/Drop throughout the campus, Collins said.

"If this goes well, we will continue with this scheme of graduate students and seniors first and then freshmen in the next Add/Drop."

In the past, there have been complications with computer system crashes, but Collins does not foresee any problems this time. During Advance Registration and Summer Advising Conferences, there was no down time.

"We're going to try as hard as we can to keep the lines going, to keep the people going into the sites, getting what they need, and getting out of the sites," Collins said.

Here are some hints to make Add/Drop easier:

•Although students can Add/Drop after their appointment, showing up at the correct time and at the correct site makes the process easier.

•Have the Add/Drop sheet completed with correct course and section numbers.

•Prepare alternatives in case you can not get into a class.

•Pay any outstanding parking tickets, library fines, or tuition fees. Students will not be allowed to Add/Drop if there is a "stop" on their account.

GOING FOR THE GOAL: Reggie Hall (driving) and David Edelstein, both of Lexington, enjoyed a little basketball last week at UK's popular blue courts, located next to Commonwealth Stadium.

The central site — room 230 of the Student Center — is open until 7 p.m. If college sites are closed, students should go to this Add/Drop

site. Students planning to withdraw from UK are recommended to do so by tomorrow.

Four candidates remain in search for next UK president

By GREGORY A. HALL
Senior Staff Writer

OCKERMAN

Only four finalists remain as the search committee charged with recommending UK's next president meets again tomorrow afternoon, seeking a replacement for former head David Roselle.

Gathering for a seventh time, the 10-member committee will meet after the regular Board of Trustees meeting on campus. The finalists will visit UK during the first two weeks of September, when BOT members hope to name a successor.

The finalists' visits include meeting with trustees, students, faculty, the administration and representatives from Lexington Community College. Each visit is expected to last a little more than a day.

Search Committee Chairman Fos-

ter Ockerman said the committee plans to present the finalists to the board at the Sept. 18 meeting.

Ockerman, who also chairs the BOT, said the committee will not rank the finalists, since the committee's purpose is to conduct the search, not nominate the president.

None of the finalists' names will be released until the campus visits, but the four are "very well qualified individuals," Ockerman said. Confidentiality is provided to keep the finalists in the race.

The finalists are all "presidents of universities or branches of universities," he said, but that doesn't include community college officials.

Many say interim president Charles Washington, who was community college chancellor before being named to the interim post, is the front-runner for the job, although Washington has declined to discuss the presidential search.

Earlier in the search, Ockerman released the status of Washington's candidacy, since Washington stated his candidacy was public record.

Washington was among the 14 candidates still in consideration for

Trustees could repeal \$125 international student fee

By VICTORIA MARTIN
News Editor

The UK Board of Trustees is expected to repeal a controversial fee aimed at international students when it meets tomorrow in its regular session.

The International Student Environment Committee, which is made up of students and faculty, examined the structure of the international student fee and recommended that the BOT rescind it, according to Student Government Association President Sean Lohman.

Currently, more than 900 inter-

national UK students must annually pay a \$125 fee for activities and services that specifically benefit them.

However, last spring many people criticized the extra levy — which the BOT approved in May 1988 — because international students already pay a tuition comparable to what out-of-state students pay, Lohman said.

The ISE committee was formed this March to look at several issues concerning international students, including the fee, which went into effect last fall.

The purpose of the fee was "a legitimate question to propose,"

said Chancellor for the Lexington Campus Robert Hemenway, the committee originator. "The key issue is whether the fee is in the best interest of the University."

The international students weren't told about the fee until they were notified by the University to pay the bill, Lohman said.

"The international students brought it to my attention, and there was a lot of hostility involved," Lohman said. "The main problem with the fee is that it didn't go through the students."

Herb Massey, committee chairman, could not be reached for

comment. Although international students have already been billed for the fall semester, they will not have to pay the \$125 fee if it is repealed.

If the fee is dropped, Lohman said the money will have to come from elsewhere in the University.

"Students are going to have to decide what they can do without to cover the cost of the fee," Lohman said. "But I'm really pleased how this worked out. The students rallied to get their points across. This is a form of student activism that we haven't seen for a while, and I hope it continues."

the presidency before the July 31 meeting, when the finalists were chosen. He is a friend of Gov. Wallace Wilkinson, who appointed five trustees to the BOT who also are serving on the 10-member search

committee. The consulting firm of Lamalie Associates, Inc., was hired for \$14,000 plus expenses to conduct preliminary interviews. Lamalie could have added other candidates

but did not place any other names into consideration.

The search committee received 91 names; 77 allowed themselves to be considered for the position.

The largest drop in the field oc-

curring at the June 12 meeting, when 15 applicants were selected from the list to 14 candidates at the July 10 meeting and picked four finalists at their last meeting on July 31.

Here's Your First Lesson In College Economics.

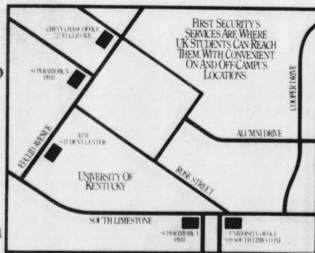

A quality education costs a lot of money. We're sure you already knew that. First Security Bank has a lot of money. You probably already knew that, too. But maybe you didn't already know that First Security Bank considers a college education to be a great investment, and that maybe we'd like to invest in yours.

NOW YOU KNOW.

With an office just a few minutes away from the University, and several QUEST®/CIRRUS® Automatic Teller Machines directly on campus, First Security's

services are always within easy reach of UK students. We offer a wide range of checking accounts, savings accounts, and a great deal more.

IT PAYS TO BANK WITH FIRST SECURITY.

Open a First Security Basic Checking Account now with as little as \$100. It's an account with no monthly service charges.

And no minimum balance requirement—you pay only for the checks you write. You'll also have unlimited use of over 40 First Security

QUEST®/CIRRUS® machines in Lexington and hundreds more all over Kentucky and beyond.

Bring this coupon to any convenient First Security office and you'll get a \$5 discount from the nominal initial charge—and an "A" on your first lesson in college economics.

FOR TEN YEARS

Nancy Carol Infant Care

has provided superb care at reduced rates for university faculty, staff and students. Non-Subsidized, we pay taxes. Non-McDonaldized. WARM, LOVING, PERSONAL CARE WITH LOTS OF HUGS!!!! Special needs babies very welcome. 269-7878.

FACT: Today abortion is a safe, simple procedure.

At EMW Women's Clinic we know that one of your primary concerns with having an abortion is safety. That's why we wanted you to know that a first trimester abortion is one of the safest surgical procedures performed in America today. As safe as a penicillin shot. Safer than a tonsillectomy. And four times safer than childbirth. And because the decision to have an abortion is never an easy one, EMW has specially trained counselors to discuss alternatives and offer support and reassurance without pressure. Abortion and other women's services are performed by physicians in EMW's safe and private clinic.

You still may have to ask Dad for the car keys, but you won't have to ask him for CASH!!

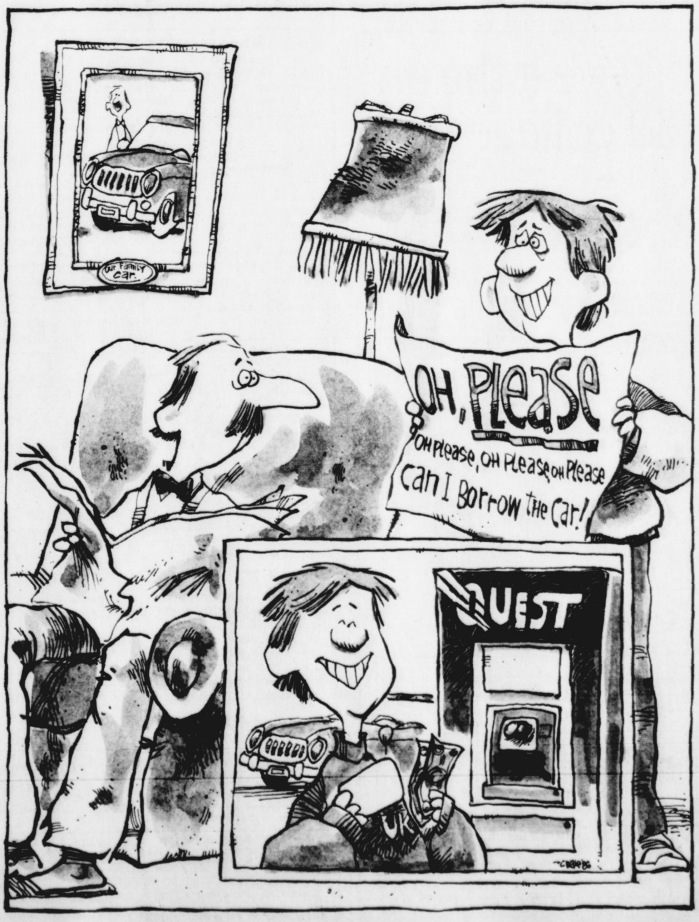

Banking just got easier than ever. Beginning this summer, you'll be able to bank around the clock with CommerceNational at not only our Lexington locations but at 400 other Automatic Teller Machines (ATMs) throughout Kentucky, southern Indiana and northern Tennessee. You'll be able to enjoy the benefits of 24-hour, 7 day-a-week banking at both school and at home with just one card.

Open an Esprit Account today and find out how easy (and inexpensive) banking can be. Once you have your Access card, you're ready. Using that card, you'll be able to access your account at any Automatic Teller displaying the QUEST® symbol. QUEST is a regional network of ATMs and can provide you with banking services as you travel throughout the Commonwealth.

Stop by or call any CommerceNational Bank office to find out what the Esprit Account and QUEST are all about.
