My dear Sir, your letter has followed me here, where I am residing at present.

Most gladly would I add to your very interesting and unique collection of Tokens - were it in my power - but I have not one in my possession - nor do I know any one to whom I could recommend you to apply.

have indeed a most  
remarkable collection  
of Dutch gas may be well  
be proud; and should  
I ever be at Devonport, I  
will do myself the pleasure  
of calling upon you, and beg  
your permission to see it.

Believe me,

Dear Sir,

With much respect

Yours faithfully
