

Si

I enclose to you a Note
which you'll please to
accept in the discharge
of my debt for your book.

I believe the
date as to my being
made Fellow of Univ.
College is correct - but
I cannot be accurate
as to what happened
so long ago.

Y^{rs} Eden

If you publish another
Edition you had better enquire by
Letter addressed to the Master or Barrar of
Univ^{ty} College. I entered there before I was 15 -
I think as a Native of Northumberland I was elected
at the first ment - perhaps because others of that County were
not read Dates
