

Brookville Feb 29. 1802.

My Dear Sir,

I hear from Mr Stuart, that Robert Prager has been stating to Mr. Kirkwell difficulties about his coming to Scotland - If, it be true, that he is with Sir Ralph Milbank, I hope you may have declined to Sir R. the letter I sent you under my seal, for Mr. Lambton - At all events, I am sure you will, you will not admit of this man's withholding his evidence, if possible to secure it.

Your most truly Yrs. J. H.

Yushants know that this Robert Page
was, some time, with W. Kitchin - and
of course, there are channels, by which
he may have been tampered with -
