August 6.

Dear Mr. Balduyn Leighton

I trust you have
charitably concluded
that. I was out of town
yours & note only reached
me yesterday - I do
not recollect the Paper

of which you speak. I

think it must have appeared
before my time - But at
any rate there can ~~be~~

be no objection to the republication
of it. - This only has to

be considered. We must
find the author. (There will

be no difficulty about this) &

obtain his consent. Next we

must find a Publisher who
will undertake the thing.
This I fear will be
difficult unless some one
is willing to take the
responsibility. I

shall be in London in
a fortnight as there will

then I will see about it

Your name and a paper
