The 11 July

Dear Sir -

It is so long since I have
even thought about my

"Pilgrimages to English Shires"

that I can only remember
that my information was

obtained from The British

Museum - I do not think it

likely that "Bright of Derby"
would have

Barnold Lodge
BOLTONS
West Bromwich

written a Memoir of himself
- his niece might have
compiled one from his
notes -

It would have given me
great pleasure, if I
could have given you
any information on so
interesting a subject

Dear Sir

Sincerely yours -
Anna Maria Hall
