Mr. C. Prime Esq

My dear Sir: You will receive tomorrow the first "Citizen" under my management. If you are too busy to read it yourself, pray hand it to Mr. Prime - in whom I feel certain that my late worthy Miles has a friend. The Personal Recollections &c of W. Lincoln are interesting. Pray do all you can for me; & call on the news vendors every where to supply the demand &c. &c. as (entirely now) under its past management - the said news vendors have found no very enthusiastic demand for the paper. "My intire dependence," as Miles remarks to me, "is on the

Madame who was so cute  
in nailin' Greeley wid his  
flauntin' 'er in his fist."

Thine in great haste

Very truly
