

Putney. Dec. 18. 1825

My dear Sir

I did myself the pleasure
of calling on you Saturday to discuss the
subject of the House No. 12. Claremont Place and
I left word that I would call to day. The
weather however is so wretchedly bad that I
am unable to fulfil my promise and I will
do myself the favour of calling at any hour
on Thursday between one and five when you

with a kind request to name, in a line to
that effect directed to the Rev, and you
will add to the favour of not closing
with any other candidate for the House
in question in the meanwhile

I remain dear Sir

Yours faithfully

Theodore S. Hook
