

Mrs Collier
Halton Garden

Dr Mrs C. We should have
been with you tonight, but my sister
has had an accident which disables
her from walking. a stone fell on her
foot, while she was removing a grate,
and the bruise has kept her at home
since Friday. She could not come out
without inflaming it. I would come
by myself, but also am not very
well. We hope to come & see
you soon. Yours

Clara
