Dear Ben,

I should like to do Dr's book if you will propose it to him unless you have other views - Clearly understand I ~~do not~~ did not name the matter to you with any ~~interested~~ interested views & do not mention myself now to interfere with any arrangements which may suit you better, but perhaps. If I were proposed as the adapter it would facilitate the business. Will you give me a box for tomorrow night? I should like

to come & see you - if my bon  
 little boy book is all right  
 - he is at school <sup>on</sup> till on  
 Monday that I was obliged to leave  
 his mother with him - he was  
 much taken yesterday & today I  
 hope to find him well enough  
 to let his mother come home

- ~~Adieu!~~

From Mrs  
 M. M. M.

As you may not be in when this  
 letter reaches the Theatre, I shall  
 come tomorrow night or see.

Will you give me a box for tommow night? I should like to come and see you - if my bon little boy Mark is all right. He is at school and was so ill on Monday that I was obliged to leave his mother with him. He was much better yesterday and today I hope to find him well enough to let his mother come home.
