My dear Ben,

Our meeting on Thursday
was quite unanimous as to
Sherrin's account not
being paid if it is possible
to resist it therefore any
information you can get
will be of service. George
Lewin of Ely Place has consulted
(without charge) to advise upon
the matter

As he hates Shearman I hope
some good will come out of
it. - There are some £ due
to you I think. You pump!
If you don't want such help
you had better give them
some - Everybody has
been too careless over
the affairs of the Society
You will see by the enclosed
that we are in earnest.
Has McFarland the

particulars of the demand for which he
has sued? And if so is he entitled
at law to ascertain of the action?
Has thought only for the members fees?

Shear, what you show the C. for a
week & then with very little & the 40.
Is it so? Kindest regards to Mr
Mackintosh & me
C. W. C.
