Dear Mr Courtney

It would be  
no trespass on my willingness  
to oblige you, if I could send  
any satisfactory answer to  
your question.

But the book was published  
anonymously; I never knew  
who was the author; and the  
publisher no longer exists.  
Unless the book should happen  
to be in the British Museum  
(hardly likely) with the name  
of the author in the Catalogue,  
I do not think there is a  
chance of finding him. I wish  
I could look for you.

With compliments to Mrs  
Courtney, I am  
very faithfully yours  
W J Linton
