

After hearing your felicitous remarks at the smoking concert the other day in E. Grinstead I have made up my mind that you would gain over a number of the inhabitants of Sussex to the cause if you would only speak upon some public platforms.

If you consent to speak on Thursday (Mr. Luskford is, I believe, taking the chair) you would I think have a fairly large audience. Yrs very truly

Dear Mr. Hills

I am going to hold a meeting at Forest Row on Thursday on the subject of Mr. Chamberlain's proposals. Will you give us a speech at it? Your help would be invaluable.
