

MORDECAI'S POINT  
NORTH SCITUATE  
MASSACHUSETTS

11 July, 1930

My dear Mr. North,

Your letter of June 24<sup>th</sup>  
came just as I was leaving  
Cambridge. I have had no  
opportunity to answer it yet  
now. I wish I could get  
the 1803 Edition for myself,  
but it's beyond my purse.  
I shall see Brown, when I go  
into town, whether or not we  
have it in the library. It is  
quite rare, however, and we  
have. If not, I'll see what  
we can do.

I thank you very warmly  
for your felicitation upon the  
Oxford Professorship. I can truly  
imagine that with pleasure  
I will accept a sense of great  
responsibility.

Yours,

Wm Brewster Fours
