My dear Hoppe

Thank you very much for your
letter - & please forgive my
not having answered before.

It is good of you to
say you would like to make
a portrait of me - I
should like you to - but
you'll have a job; I am
I think an almost
impossible subject - I either
look comic or fatuous in

a photograph!

I'm living here in the
country - I've got lots
of work here - don't come
to town more often than
I can help - (I'm still
at the Lyric Hammermith -
but come back after the show
of the midnight train) -

But if I may, I'll give you
a ring when I know I'm going
to be in town. Yes - my people in-
law (with whom I'm living here) told me
they'd meet you in the ^{woods} - yours are ^{near} mills.
