

My Dear Mr

Your note came duly, but I
have been too much indisposed to
give proper attention to Correspondence.

I cannot however forbear
giving — in however brief a way —
my testimony to the excellent work
which Bishop Vincent has been
doing for so many years, in con-
nection with his Charitable
labors. I believe in the wisdom
of it — in the efficacy of it, & in
the humanity of it, most thoroughly.

I am inclined to think that
the elements of his Scheme which
have been most questioned by

dilettante critics, are precisely
the ones which have taken strongest
hold upon the hard sense of his
great Parish, so which will
make thousands grateful to him
for years to come.

Respectfully yours
Don G. Mitchell
