Dear Sir Fletcher Moulton,

Many thanks for your kind letter. I regret very much that I shall have my house at Castle Rising full of friends next Monday and during the week which will make it impossible for ~~me~~ to attend the Meeting at the House of Commons that day.

I take the greatest interest, as you know, in Sir Almroth Wright's work. I have benefitted so much from his treatment myself that I am most anxious to give him all my own support and to obtain for him and his objects as much as I possibly can from others.

Yrs very truly
Fletcher Moulton
