

London.

Feb. 28. 1851.

My dear Sir,

Immediately on the receipt of your letter, - for which I beg to thank you, - I sent to Mr. Deaf, Messrs. Tickner & Co's agent, two sets of sheets of the Biography of Mr. Woodson as far as worked off. One set Mr. Deaf will forward to you, the other to Boston. I may mention that no sheets have been sent to Messrs. Appleton.

and Co: you have them exclusively.
As the book will not yet be
published for some time, you will
I trust, notwithstanding the delay,
which I much regret, be able
fully to carry out your intention
in regard to the American edition.

With best wishes I remain, dear
Sir, very truly yours

Edw^d Moxon.

Professor Henry Reed.
