

John Murray the Second

2/10

Albemarle St  
Saturday

My dear Sir

The inclosed will amuse  
you - but pray tell me, referring  
to page 12 - as to what is there said  
of Bate Dudley was, not the fact  
that after having edited the Mercury  
for 10 years - did he not in consequence  
a quarrel with the proprietors  
of that paper set up in opposition  
to it - The Morning Herald -  
which established itself - the very  
day it was published.

With kind compliments  
to your wife I remain  
ever most truly yours

John Murray
