Dear Macalister

It suddenly strikes me that
you may like to know that I shall
mention your admiral's bust
at our SPR meetg next Monday
at the Minster town hall 8.30 PM.
You are a member, if I mistake
not - so you don't need a ticket
I enclose a card in case I mistake
- as it your belongs to us - but I
don't think I do.

I was touched at seeing your name
among those who have tried to
do honour to my dear friend's memory
(E.G.)

Can you send me a line on enclosed
postcard to say whether Rawl's
vision of light was before or
after your shot? - had you
heard of his phenomena, or
he of yours? I fancy his
was quite independent

I had then you have been doing
wonders for the medico-Chi in their
change of attitude - a one very busy -
but a few words scrawled on this
postcard will suffice for me!

Yours &c
