

THE WOODWARD  
WASHINGTON, D.C.

Nov. 24 1919

My dear Mr. Saunders:

My father did his literary work under the handicap of very serious eye trouble. As a consequence I have very little "MS." in the sense meant by you. He either dictated, or made almost indecipherable pencil notes, without looking at the paper, which were imme-

cially transcribed and destroyed.

I have however several  
autographs, and take pleasure  
in sending you the enclosed.

Yours very truly
