My dear Mrs. Hare:-

The enclosed receipt from the Grolier Club is sent you in my care and I am therefore forwarding it.

I was greatly interested in the autograph album and would like to know who all the contributors were. I think a careful study of the handwriting of Lamb's friends might reveal this.

Both personally and officially I want to thank you for your interest in the exhibition and kindness in loaning the material.

I hope you can see the exhibition when you come to town.

Yours very truly,
