

Dr  
Walker  
Luzerne Summit,  
July 13' 17.

Dear Dr. Dorrto,  
In my recent letter  
I gave the pages and  
part words of the  
prayers which I believe  
I used at the school.  
The prayers after  
the lesson (pp. 296-298)  
were taken from various  
parts of the Prayer  
Book and lectionary.  
The service at the

Prayer begins with the  
Sequence, "Memento est  
bonum, &c." on p. 298,  
and continues unbroken  
to the end of the Lord's  
Prayer on p. 300. (The  
sigmatization is uniform  
in all editions.)

After the Lord's  
Prayer I used, I believe  
the prayer w<sup>h</sup> I named  
in my letter.

In regard to  
a brief manuscript  
on Ms. Habant

Let me say that I examined  
the MSS. which were found  
in the old Habant house  
while they were in the  
possession of Green  
the furniture man,  
whom I doubtless you  
remember on the corner  
of Union Place and  
Franklin Place. I think  
that it <sup>was</sup> owing to my  
calling the attention  
of the Gen<sup>l</sup>. Theo. Seminary  
to the fact that Mr.  
Gwenly Chew (a  
Geneva man residing  
in Eng.) purchased the  
books & MSS. I was

under the impression  
that he gave anything  
worth while to the G. I. Sav.  
Library, but I may be  
mistaken - They may  
have gone to Hobart  
College. The books were old  
and valueless, doubt if there  
was anything to cast light  
on the Pop's life here  
in any of these papers,  
but I can easily find  
out. In the fall I  
may be able to give  
the reader some abstrac-

Very Sincerely,
