My dear Mr North

I am delighted of course
to find any thing I have and enclose
a practically complete list with out the
duplications. The manuscripts were
divided and I have added a supplementary
list of those which went to the other children
I think you would probably want the
Ben Johnson with the Lamb notes which
my sister Mrs Cooper has, with though
Mrs Cooper as she said for Europe
Saturday. Mrs Walter has three letters
I think, & among them I know is the other
Mary Lamb's letter to Mr. Haslett, & I think is
the Joseph Rattle, Mrs Cooper, my brother Dean &
Henry have the others but I know you

they all would be delighted to send
them I think you know all of their addresses,
I am in the country & the books are
all here & you ~~are~~ would care to come
out and look with me to look them
over one day, needless to say I should be
delighted to have you, there are one or two
it was which I have added to my father's
collection, the rest I know you are all familiar
with. Please forgive this pencil but
it was easier to work on my book
looking forward to hearing from you.

very sincerely yours

Elizabeth Laps Hare
