Dear Mr. North.

We much appreciate your kind
thought in sending us Christmas greetings.
Please accept in return our best wishes
for this New Year. Hope you and
Mrs North are well and have been able
to enjoy all the happiness of this season.
Mrs Petrich is not very strong. She had
a serious operation in August, but has
made a good recovery. Still she has
to take things quietly. I am fairly well
with the exception of Rheumatism which
troubles me much at times. Paul is
well and goes to France on Monday

for a short leave. He has been much
occupied with International Conferences
and League of Nations Meetings the last
few years.

We in England take upon the New Year
with hopes for more settled and happier
times. May they be fulfilled!

With kindest regards and our greetings
and good wishes.

Truly
Yours truly.

Edmund North Esq.
