Dear Sir Baldwin,

I return the copy of
your letter to Mr. G. Potter.
I quite agree with you as to
the attention which should be
demanded on the part of the
Conservatives to the social
and commercial questions in
which the new voters will
take so large an interest.

I am in communication with
one or two of my late colleagues
as to the expediency of our

giving notice of a motion
for Inquiry.

Wishing you a very
happy New Year

I remain

Yours faithfully

Stephen W. Bullock
