Dear Mr. North - I am so sorry - I have to  
be looked over by a doctor - nothing  
serious but have been told positively  
I must be in New York to see him  
Monday afternoon and it is  
impossible to change this. Further-  
more the Librarian of the Elizabethan  
Club has been called away on war  
work - he won't be here next week &  
he is the only man who has the key  
to the safe. I am very very sorry  
but shall get you well some time later
