

Boston, May 23, 1840

Dear Sir,

I return you the sheets of Waldeck's travels, containing the Maya Vocabulary - which I have copied, & for which I beg you to accept my thanks - Will you be so good as to inform me whether Waldeck makes any observations upon the language, in the other parts of his work - & whether you have yet received any thing from Messrs. Stevens & Leatherwood.

I expect to be in N York on the 4th of June, and a note left at the Astor House will find me at that time.

I am, Dear Sir,

your much obliged & obedient
servant
