My dear Lady James.

I want you to do me a small service —
To accept the Cupid & Psyche that has
been so many years in our room — It is only
Plaster — but I thought you could put it
on the top of your Brook. case .. I wish
it were Marble. —

The hook case upon which it stands
will be taken away on Tuesday. —

I have given up the lodging in
Stanhope Terrace. Mr Cocherell advised
me against it.

Yr aff^r old friend

Anne B. Procter

Of course you will have no hesitation
in saying you have no place for it.
