Dear Sir,

You have, as I understand, signified your intention of doing what you can to restore Don Luis de Sandoval to the Emigrant List, so as to enable him to participate in the benefits which his fellow countrymen are about to derive from the Subscription fund.

Although your own good nature does not require any stimulus in this act of charity & kindness, I do not like to lose the opportunity of saying to you that Don de Sandoval is deserving in all respects; as I hear, of your interference. We have seen very warm testimony of his integrity, kind heart & good conduct, & we are well assured that he

has been enduring the most severe privations.

There are no small numerous objects who by their poverty have a claim on the fund, but it is not always the case perhaps that you will be able to find one like M. de Sandoval who has a double claim to kindness on the score of his own good qualities as well as his very destitute condition. Pray do your best to serve him.

Yours very truly

N. W. Procter

P.S. I need not, I am sure, apologise for intruding upon your goodnature, on an occasion of this ~~nature~~ sort.
