

I have at present only one engagement,
dial. that is on Monday. I believe that in all

my (letters) are now at No. 4 Gray's Inn Lane.

But if you come to town, you will probably
sleep in town, & then you had better come
& dine with me at St. John's Wood.

You have a pleasant journey before
you — at least so far as relates to your
Mediterranean journey. You will travel of
course with your pen in your hand. When

you are in the Mediterranean, Algeria is not
far off — nor Carthage. When you are
at W. St. Paul.

at W. St. Paul, the mountains (what
are they? the Atlas? or the mountains of the Moor?)
will be before you — when you are at the mountains,
how far will you be from Timbuctoo? — I see

vast regions — you may — full of camels
& quail, elephants & sand storms — and other
a rhinoceros — covers of ostriches & bushmen — In
glasp of Cape wine at the end. This it must be
was in an unsatisfactory conclusion. I wish you
you something better, if you wish one dine with me.

Yours very truly
J. M. Procter.
