

Lancry - Grasmere

7 February 1865

My dear Sir

Your photograph and several papers came safely and I thank you heartily for your kindness in sending them - also for naming a new *Odontium* after me, though I can claim no merit in its discovery, not knowing what I gathered -

Please send the set of lichens, to me here

addressed Undermere
Grasmere - Should you
ever wish to examine
the lichens of the
lake fells, I should be
glad to be favoured with
a call - A friend of mine
the Rev^d Rob^t Rolleston
made a large collection
while residing as pastor
in a parish on the Duddon -
whether it is still in existence
or not I do not know - He
has removed into Devonshire -

I remain faithfully yours

(Sir) John Richardson
