MARCHFIELD,
OXFORD.

My Dear Lord Bishop May 6

I must needs
thank your Lordship
for your very kind
letter. I am touched
by the fact that it
should have been written
at all, but I must
especially thank you
for the good will
which it contains.

I cherish the hope
that they or others
whom I have received
may really help to
sustain me in the
endeavour to make
some use of the oppor-
tunities which lie
before me. I am very
conscious of needing
all the help which

They can bring
I am, my dear
Yours very gratefully
