

My Lord

I feel I am taking a great Liberty with you in introducing
any body to you - When I am so little known to
your Lordship - but I think you know enough of
me to depend upon what I say. - Mr. Malet
who presents this - is a Gentleman in every part of
your Lordship's of irreproachable Life - and manners
he is desirous of entering into holy orders, and for this
reason of being made known to your Lordship
all other matters you will hear for success

I remain with sincere respect your Lordship's
Obedt^l Servant
