My dear Madam,

I beg you to accept
my best thanks & to offer them
to your sister for the very
elegant little Book. In which
you have so kindly sent me.
we all much admire its
graceful & choice design
& I shall place it in one of
the Vols. of my Father's diary
i.e. Cab. where it will be
often seen & always valued -
I enclose

the Autographs of Mr.
Wadsworth & my Cousin
Hartley Coleridge.

I w^d have done
so earlier but I thought
I would look over some
Papers still in my possession
& see if I could find one
of Professor Williams.
My search I am sorry
to say was a fruitless
one - I hope you

are able to enjoy this
beautiful Country in the
one way in which you are
happily able to, but indeed
the last few days have not
been such as to enable you
to do much - we do
intense heat set off my
Native Vale to advantage
so much of its exquisite
detail is lost by the haze
but we are thankful for
this most reasonable
