12 Irving Place -

My dear Miss Willard:

I have taken unusual pleasure in
receiving the "Call", & am very much obliged
for your ticket. Nothing would suit me better than
to go at my ease, & sit right through this course
of readings. As it is, I do hope to be able to
hear a few of them, although my evenings, like
my days, are not mine. On Nov. 29th I have
promised to assist at a Classical Concert, & shall
be deterred from hearing your "Shelley & Keats" - which
will be to me the most interesting of the course. But
I mean to be present at the reading of Mr. Lander.
Soon or later, you may be sure, ~~that~~ people will
discern the quality of your work, & then your
full reward will come. Ever truly yr. friend
