Dear Mr. Fletcher Moulton,

I have recd a notification
from the Royal Comm.
that I am wanted to
give evidence re beer.

I will prepare evidence
of course. Here, however,
has been hampered by the
difficulties I have found
in getting samples for
analysis of yeast, malt
Coal & Coke i.e. other
use samples.

I am communicating with
Mr. Salaman of Dr. Luff
on the matter.

Very truly yours,

W. S. Henderson.
