My dear Ralph,

That is very good and very satisfactory about 'The Daily News'; and I am much obliged to you for clearing the situation. The arrangement suggested suits me admirably. I think it might be a good notion for me to call one day when I am in town, and have a chat with the Editor of the paper, unless he is an invisible person. If you agree, I wish you would very kindly send me his name, and give him a hint that I may come after Christmas. Unless you think it unwise that he and I should get into direct contact.

Yours ever,

RS
