

Sir

Leipzig, Jan. 31. 1839

My dear Sir,

I have received with great pleasure the prospectus of your complete History, and shall hasten to enroll my own name among the list of subscribers, and be most happy to make known the design which it proposes to my friends. It will afford me peculiar satisfaction to congratulate you on the accomplishment of this excellent undertaking; and to see it crowned with the gratitude and the applause of those whose praise is fame; and to share in the honor which it will reflect on the publication which its author adorns.

I shall with much gratification in presenting your History to the Club for whom it is destined, and look forward eagerly to the holiday when I may myself enjoy

Believe me, My dear Sir,

Ever truly yours  
The Editor

Adolphus Hart
