

From Mr. Sargent Telford.

Recd. 22nd April, 1839.

W. C. C.

{ Relating to a consultation about
the Treatise on Wood Improving }

Mr. Sargent Telford presents his
Compliments to Mr. Chubb &
wishes to see him any morning
in the Court of Common Pleas or Westminster
Hall, and to talk with me respecting
the case referred to in his note. Mr.
Sarg. Telford is just now so engaged
all the morning in Court, and all the
evening in the House of Commons. But it is
scarcely probable for him to make an
appointment in chambers with the

apartment of his able & hardy; his
Mr. Chetts will be almost sure
to find him or hear of him or
enquire in the Court of Common Pleas
