Knickerbocker Publishing Co.:

Dear Sirs; In compliance with your request I herewith enclose a brief autobiographical sketch. Use as much or as little of it as you choose; and make whatever alterations seem necessary. I have here merely set forth a number of "principal events" with no effort at consecutiveness or style; and have written about one half the "1000 words" you requested. Should you desire further data, it is obtainable in "Who's Who" or any other recent biographical collection.

Very truly

Albert Payson Terhune.
