

Keir. Dunblane. 26 April. [1858]

My dear General FREDERICK R. Thackeray

I write (from the most beautiful house and country) to remind you that you are engaged to me on Sunday May 2: and will you kindly remind Gen^l Paisley? I didn't know the day was Sunday when we agreed at your house on 2^d April but we will have a sober conversation, would we?, as befits the day.

With my best regards to Lady Elizabeth and the young ladies
Believe me Yours ever dear General
