SCHOOL HOUSE,  
RUGBY.

May 12. 90.

My dear Lord,

I am venturing to  
give the note of introduction  
to a friend & former pupil  
of mine - Mr. George O. Sabin,  
who has lately undertaken  
the headmastership of the  
High School, South Shields.  
He is an excellent man  
& very desirous of my

his school a thoroughly good  
one; but he has up hills  
with before him, as the  
people of the place have  
no idea what is meant  
by a good school.

If when you are in  
the neighborhood you will at  
any time spare  $\frac{1}{2}$  an  
hour to visit his school  
& say a few words

to the <sup>boys</sup> school it will  
be a great economy! to  
train & his staff, & very  
good for his boys, &  
will impress the parents  
with a sense of  
the value of a good  
school. Mr. Dakeyas  
was one of my children  
with from boys, &  
is full of the best

kind of public school  
spirit. You have a  
process two other men who  
were in the skill, & in the  
of a deep interest - Charles  
Hopkinson v. of New South  
& Reginald Talbot.

Yours, by Dear Love,

Yours & sincerely,

Herbert
